Be healthy

Good oral health means more than just an attractive smile. Research shows that oral health, preventive care and regular visits to the dentist is integral to overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. The HumanaDental Advantage Plus plan enables you to take better care of your teeth, and you'll pay less doing so.

Check your dental IQ anytime

Log on to **MyDentalIQ.com** and take the dental risk assessment that could help trim your total healthcare costs over time. Find out how you can improve your oral and overall health. The dental health risk assessment at **MyDentalIQ.com** takes minutes to complete, and immediately delivers a scorecard with health tips tailored to you.

HumanaDental Advantage Plus 3D Plan

Advantage Plus plans are network-based dental plans that emphasize prevention and cost containment. Members select any participating general dentist in HumanaDental's Advantage Plus network. Care received from an out-of-network dentist (except emergency care) is not a covered benefit. D plan copayments for listed procedures are applicable only at participating General Dentist. To find a dentist, call 1-800-979-4760 or look on **Humana.com**.

Specialists services: Should members need a specialist, (i.e., endodontist, oral surgeon, periodontist, pediatric dentist), they may be referred by a participating general dentist, or members can self-refer to any participating specialist. For HumanaDental Advantage Plus D plans, members may receive up to a 20 percent discount by visiting certain participating specialists. Visit **Humana.com** to find a participating specialist.
