UNDERSTANDING YOUR COVERAGE

As *you* read the *certificate*, *you* will see some words are printed in italics. Italicized words may have different meanings in the *certificate* than in general. Please check the "Glossary" sections for the meaning of the italicized words as they apply to *your* plan.

The *certificate* gives *you* information about *your* plan. It tells *you* what is covered and what is not covered. It also tells *you* what *you* must do and how much *you* must pay for services. *Your* plan covers many services, but it is important to remember it has limits. Be sure to read *your certificate* carefully before using *your* benefits.

Essential health benefits

This *certificate* does not apply annual dollar limits or lifetime dollar limits to *covered expenses* that are *essential health benefits*.

Covered and non-covered expenses

We will provide coverage for services, equipment and supplies that are *covered expenses*. All requirements of the *policy* apply to *covered expenses*.

The date used on the bill *we* receive for *covered expenses* or the date confirmed in *your* medical records is the date that will be used when *your* claim is processed to determine the benefit period.

You must pay the health care provider any amount due that *we* do not pay. Not all services and supplies are a *covered expense*, even when they are ordered by a *health care practitioner*.

Refer to the "Schedule of Benefits," the "Covered Expenses" and the "Limitations and Exclusions" sections and any amendment attached to the *certificate* to see when services or supplies are *covered expenses* or are non-covered expenses.

How your policy works

We may apply a *copayment* or *deductible* before *we* pay for certain *covered expenses*. If a *deductible* applies, and it is met, *we* will pay *covered expenses* at the *coinsurance* amount. Refer to the "Schedule of Benefits" to see when a *copayment*, *deductible* and/or *coinsurance* may apply.

The service and diagnostic information submitted on the *qualified provider's* bill will be used to determine which provision of the "Schedule of Benefits" applies.

Covered expenses are subject to the *maximum allowable fee*. We will apply *your* benefits to the total amount billed by the *qualified provider*, less any amounts such as:

- Those in excess of the negotiated amount by contract, directly or indirectly, between *us* and the *qualified provider*; or
- Those in excess of the *maximum allowable fee*; and
- Adjustments related to *our* claims processing procedures. Refer to the "Claims" section of this *certificate* for more information on *our* claims processing procedures.

UNDERSTANDING YOUR COVERAGE (continued)

Unless stated otherwise in this *certificate*, you will be responsible to pay:

- The applicable *copayment, deductible* and/or *coinsurance*;
- Any amount over the *maximum allowable fee*; and
- Any amount not paid by *us*.

However, we will apply the *network provider* benefit level and you will only be responsible to pay the *network provider copayment, deductible* and/or *coinsurance*, based on the *maximum allowable fee* for covered expenses when you receive the following services from a *non-network provider* in the state of Florida:

- *Emergency care* and *air ambulance* services;
- Services at a *network facility* and you do not have the ability and opportunity to choose a *network provider*.

We will apply the *network provider* benefit level and you will only be responsible to pay the *network provider copayment, deductible* and/or *coinsurance*, based on the *qualified payment amount* when you receive the following services from a *non-network provider*:

- *Emergency care* and *air ambulance* services outside the state of Florida;
- *Ancillary services* while you are at a *network facility* in the state of Florida and you have the ability and opportunity to choose a *network provider*;
- *Ancillary services* while you are at a *network facility* outside the state of Florida;
- Services that are not considered *ancillary services* while you are at a *network facility* outside the state of Florida, and you do not consent to the *non-network provider* to obtain such services; and
- *Post-stabilization services* when:
 - The attending *qualified provider* determines you are not able to travel by non-medical transportation to obtain services from a *network provider*; and
 - You do not consent to the *non-network provider* to obtain such services.

If an *out-of-pocket limit* applies and it is met, we will pay covered expenses at 100% the rest of the year, subject to any maximum benefit and all other terms, provisions, limitations, and exclusions of the *policy*.

How to use your plan

You may receive services from a *qualified provider* without a referral. Refer to the "Schedule of Benefits" for any *preauthorization* requirements.

Seeking emergency care

If you need *emergency care*, go to the nearest emergency facility.

You, or someone on your behalf, must call us within 48 hours after your admission to a *non-network hospital* for *emergency care*. If your condition does not allow you to call us within 48 hours after your admission, contact us as soon as your condition allows.

UNDERSTANDING YOUR COVERAGE (continued)

Seeking urgent care

If you need *urgent care*, go to the nearest *urgent care center* or call an *urgent care qualified provider*.

Our relationship with qualified providers

Qualified providers are not our agents, employees or partners. All providers are independent contractors. *Qualified providers* make their own clinical judgments or give their own treatment advice without coverage decisions made by us.

The *policy* will not change what is decided between you and *qualified providers* regarding your medical condition or treatment options. *Qualified providers* act on your behalf when they order services. You and your *qualified providers* make all decisions about your health care, no matter what we cover. We are not responsible for anything said or written by a *qualified provider* about *covered expenses* and/or what is not covered under this *certificate*. Call our customer service department at the telephone number listed on your ID card if you have any questions.

The certificate

The *certificate* is part of the insurance *policy* and tells you what is covered and not covered, and the requirements of the *policy*. Nothing in the *certificate* takes the place of or changes any of the terms of the *policy*. The final interpretation of any provision in the *certificate* is governed by the *policy*. If the *certificate* is different than the *policy*, the provisions of the *policy* will apply. The benefits in the *certificate* apply if you are a *covered person*.

Access to non-formulary drugs

A drug not included on *our drug list* is a non-formulary drug. If a *health care practitioner* prescribes a clinically appropriate non-formulary drug, *you* can request coverage of the non-formulary drug through a standard exception request or an expedited exception request. If *you* are dissatisfied with *our* decision of an exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug standard exception request

A standard exception request for coverage of a clinically appropriate non-formulary drug may be initiated by *you*, *your* appointed representative or the prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing or *electronically* by visiting *our* website at Humana.com. We will respond to a standard exception request no later than 72 hours after the receipt date of the request.

As part of the standard exception request, the prescribing *health care practitioner* should include an oral or written statement that provides justification to support the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:

- Will be or have been ineffective;
- Would not be as effective as the non-formulary drug; or
- Would have adverse effects.

If we grant a standard exception request to cover a prescribed, clinically appropriate non-formulary drug, we will cover the prescribed non-formulary drug for the duration of the *prescription*, including refills. Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If we deny a standard exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

- Suffering from a health condition that may seriously jeopardize their life, health or ability to regain maximum function; or
- Undergoing a current course of treatment using a non-formulary drug.

COVERED EXPENSES - PHARMACY SERVICES (continued)

As part of the expedited review request, the prescribing *health care practitioner* should include an oral or written:

- Statement that an exigent circumstance exists and explain the harm that could reasonably be expected to the *covered person* if the requested non-formulary drug is not provided within the timeframes of the standard exception request; and
- Justification supporting the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:
 - Will be or have been ineffective;
 - Would not be as effective as the non-formulary drug; or
 - Would have adverse effects.

If *we* grant an expedited exception request to cover a prescribed, clinically appropriate non-formulary drug based on exigent circumstances, *we* will provide access to the prescribed non-formulary drug:

- Without unreasonable delay; and
- For the duration of the exigent circumstance.

Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If *we* deny an expedited exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug exception request external review

You, *your* appointed representative or *your* prescribing *health care practitioner* have the right to an external review by an independent review organization if *we* deny a non-formulary drug standard or expedited exception request. To request an external review, refer to the exception request decision letter for instructions or call the customer service number on *your* ID card for assistance.

Step therapy exception request

Your health care practitioner may submit to *us* a written *step therapy* exception request for a clinically appropriate *prescription* drug. The *health care practitioner* should use the *prior authorization* form on *our* website at [Humana.com](https://www.humana.com) or call the customer service telephone number on *your* ID card.

From the time a *step therapy* exception request is received by *us*, *we* will either approve or deny the request within:

- 24 hours for an expedited request.
- 72 hours for a standard request.

COVERED EXPENSES - PHARMACY SERVICES (continued)

A covered *prescription* drug on *our drug list* will not be subject to *step therapy* if:

- The *covered person* has previously been approved to receive the *prescription* drug by completing step therapy required by a prior health carrier; and
- The *covered person* provides *us* documentation from the prior health carrier that approved the *prescription* drug indicating the prior health carrier paid for the *prescription* drug during the 90 days immediately before the request for coverage under this *certificate*.

A written *step therapy* exception request will be approved when the request includes the prescribing *health care practitioner's* written statement and supporting documentation that:

- The *prescription* drug requiring *step therapy* has been ineffective in the treatment of *your* disease or medical condition; or
- Based on sound clinical evidence or medical and scientific evidence, the *prescription* drug requiring *step therapy*:
 - Is expected or likely to be ineffective based on *your* known relevant clinical characteristics and the known characteristics of the *prescription* drug regimen; or
 - Will cause or will likely cause an adverse reaction or physical harm to *you*.

Newborn, adopted and foster dependent enrollment

A newborn *dependent* will be automatically covered from the date of birth to 31 days of age. A newborn adopted child will be covered from the moment of birth if a written agreement to adopt the child has been entered into by the *employee* prior to the birth of the child, whether or not such agreement is enforceable. Coverage for a newborn adopted child is not available in the event the child is not ultimately placed in the residence of the *employee*. An adopted *dependent*, that is not a newborn, will be automatically covered from the date of adoption or date of placement of the child with the *employee* for the purpose of adoption, whichever occurs first, for 31 days. In no event will the *dependent's effective date* of coverage be prior to the *employee's effective date* of coverage.

Newborn, adopted and foster dependent effective date

The *effective date* of coverage for a newborn *dependent* is the date of birth if the newborn is not a *late applicant*.

The *effective date* of coverage for an adopted *dependent* is the date of adoption or the date of placement with the *employee* for the purpose of adoption, whichever occurs first, if the *dependent* child is not a *late applicant*. In the case of a newborn adopted *dependent*, the *effective date* of coverage will be the birth date of the child if a written agreement for adoption has been entered into by the *employee*. Otherwise, the *effective date* of coverage will be the date of the adopted *dependent's* placement in the home of the *employee*. No coverage will be provided under this provision for a child who is not ultimately placed in the *employee's* home.

ELIGIBILITY AND EFFECTIVE DATES (continued)

Retired employee coverage

Retired employee eligibility date

Retired *employees* are an eligible class of *employees* if requested on the Employer Group Application and if approved by *us*. - You were covered under the *employer's* Prior Plan on the day before the effective date of the *policy*; and
- You are insured for medical coverage on the effective date of the *policy*.

Benefits available for *covered expense* under the *policy* will be reduced by any benefits payable by the Prior Plan during an extension period.

Deductible and out-of-pocket limit credit

Medical expense incurred while *you* were covered under the Prior Plan may be used to satisfy your deductible or out-of-pocket limit under the *policy* if the medical expense was:

- Incurred in the same calendar year the *policy* first becomes effective; and
- Applied to the deductible amount under the Prior Plan.

Waiting period credit

If the *employee* had not completed the initial *waiting period* under the *policyholder's* Prior Plan on the day that it ended, any period of time that the *employee* satisfied will be applied to the appropriate *waiting period* under the *policy*, if any. The *employee* will then be eligible for coverage under the *policy* when the balance of the *waiting period* has been satisfied.

Out-of-pocket limit

Any medical expense amount applied to the Prior Plan's *out-of-pocket limit* or stop-loss limit will be credited to your *out-of-pocket limit* under the *policy* if the medical expense was incurred in the same calendar year the *policy* first becomes effective.

TERMINATION PROVISIONS

Termination of insurance

The date of termination, as described in this "Termination Provisions" section, may be the actual date specified or the end of that month, as selected by *your employer* on the Employer Group Application (EGA).

You and your employer must notify *us* as soon as possible if *you* or *your dependent* no longer meets the eligibility requirements of the *policy*. Notice should be provided to *us* within 31 days of the change.

When *we* receive notification of a change in eligibility status in advance of the effective date of the change, insurance will terminate on the actual date specified by the *employer* or *employee* or at the end of that month, as selected by *your employer* on the EGA.

When *we* receive the *employer's* request to terminate coverage retroactively, the *employer's* termination request is their representation to *us* that *you* did not pay any premium or make contribution for coverage past the requested termination date.

Otherwise, insurance terminates on the earliest of the following:

- The date the *group policy* terminates;
- The end of the period for which required premium was paid to *us*;
- The date the *employee* terminated employment with the *employer*;
- The date the *employee* is no longer qualified as an *employee*;
- The date *you* fail to be in an eligible class of persons as stated in the EGA;
- The date the *employee* entered full-time military, naval or air service;
- The date the *employee* retired, except if the EGA provides coverage for a retiree class of *employees* and the retiree is in an eligible class of retirees, selected by the *employer*;
- The date of an *employee* request for termination of insurance for the *employee* or *dependents*;
- For a *dependent*, the date the *employee's* insurance terminates;
- For a *dependent*, the date the *employee* ceases to be in a class of *employees* eligible for *dependent* insurance;
- The date *your dependent* no longer qualifies as a *dependent*;
- For a newborn child born to an *employee's* covered *dependent* child, the date he or she is 18 months of age;
- For any benefit, the date the benefit is deleted from the *policy*; or

Termination for cause

We will terminate *your* coverage for cause under the following circumstances:

- If *you* allow an unauthorized person to use *your* identification card or if *you* use the identification card of another *covered person*. Under these circumstances, the person who receives the services provided by use of the identification card will be responsible for paying *us* the *maximum allowable fee* for those services.
- If *you* or the *policyholder* perpetrate fraud or intentional misrepresentation on claims, identification cards or other identification in order to obtain services or a higher level of benefits. This includes the fabrication or alteration of a claim, identification card or other identification.

EXTENSION OF BENEFITS

Extension of health insurance for total disability

When the *policy* terminates, *we* will pay claims for *covered expenses* received before the date the *policy* terminated. *We* will not pay claims for services received after the *policy* terminated, except as described below.

We extend limited health insurance benefits if:

- The *policy* terminates while *you* are *totally disabled* due to a *bodily injury* or *sickness* that occurs while the *policy* is in effect.

Benefits are payable only for those expenses incurred for the same *sickness* or *bodily injury* which caused *you* to be *totally disabled*. Insurance for the disabling condition continues, but not beyond the earliest of the following dates:

- The date *your health care practitioner* certifies *you* are no longer *totally disabled*; or
- The date any maximum benefit is reached; or
- The last day of a 12 consecutive month period following the date the *policy* terminated.

No insurance is extended to a child born as a result of a *covered person's* pregnancy.

For pregnancy, maternity benefits will continue until the date of delivery, provided the pregnancy began after *your* effective date and prior to the termination of the *policy*. This extension will not be based on *total disability*.

The "Extension of health insurance for total disability" provision does not apply to covered retired persons.

CONTINUATION

Continuation options in the event of termination

If health insurance terminates:

- It may be continued under the continuation provisions as provided by the Consolidated Omnibus Budget Reconciliation Act (COBRA), if applicable.

Notification

The *employee*, or an appropriate military authority, must notify the *employer* that the *employee* wishes to continue coverage before reporting for *active duty* or *state active duty*.

This notice is not required if impossible or unreasonable (such as an immediate call-up in a natural disaster emergency) or if military necessity precludes it.

Reinstatement of coverage

The *employee* is not required to continue coverage while on *active duty* or *state active duty*. If coverage is not continued, the *employee* will have 63 days to request reinstatement upon returning to work with the same *employer*. There will be no waiting period, nor may any condition existing at the time of call-up prevent them from reinstatement.

Continuation

If health insurance terminates:

- It may be continued as described in the Uniformed Services Employment and Reemployment Rights Act (USERRA); or
- It may be continued under the continuation provisions as provided by the Consolidated Omnibus Budget Reconciliation Act (COBRA), if applicable.

Definitions

The following terms are used in this provision:

Active duty: full-time duty in the active military service of the United States.

State active duty: those periods when the Governor orders the National Guard into service, typically in response to natural disasters or civic disorders.

COORDINATION OF BENEFITS

This "Coordination of Benefits" (COB) provision applies when a person has health care coverage under more than one *plan*. The order of benefit determination rules below determine which *plan* will pay as the *primary plan*. The *primary plan* pays first without regard to the possibility another *plan* may cover some expenses. A *secondary plan* pays after the *primary plan* and may reduce the benefits it pays so that payments from all *plans* do not exceed 100% of the total *allowable expense*.

Definitions

The following definitions are used exclusively in this provision.

Plan means any of the following that provide benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered part of the same *plan* and there is no COB among those separate contracts.

Plan includes:

- Group insurance contracts, health maintenance organization (HMO) contracts, closed panel or other forms of group or group-type coverage (whether insured or uninsured);
- Medical care components of long-term care contracts, such as skilled nursing care;
- Medical benefits under group or individual contracts, including "No Fault" and Medical Payments coverages; and
- *Medicare* or other governmental benefits, as permitted by law.

Plan does not include:

- Individual or family insurance;
- Closed panel or other individual coverage (except for group-type coverage);
- Hospital indemnity benefits;
- School accident type coverage;
- Benefits for non-medical care components of group long-term care contracts;
- Medicare supplement policies;
- A state plan under *Medicaid*; and
- Coverage under other governmental plans, unless permitted by law.

Each contract for coverage is a separate *plan*. If a *plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *plan*.

Notwithstanding any statement to the contrary, for the purposes of COB, prescription drug coverage under this *plan* will be considered a separate *plan* and will therefore only be coordinated with other prescription drug coverage.

Primary/secondary means the order of benefit determination stating whether this *plan* is *primary* or *secondary* covering the person when compared to another *plan* also covering the person.

COORDINATION OF BENEFITS (continued)

When this *plan* is *primary*, its benefits are determined before those of any other *plan* and without considering any other *plan's* benefits. When this *plan* is *secondary*, its benefits are determined after those of another *plan* and may be reduced because of the *primary plan's* benefits.

Allowable expense means a health care service or expense, including deductibles, if any, and copayments, that is covered at least in part by any of the *plans* covering the person. When a *plan* provides benefits in the form of services (e.g. an HMO), the reasonable cash value of each service will be considered an *allowable expense* and a benefit paid. An expense or service that is not covered by any of the *plans* is not an *allowable expense*. The following are examples of expenses or services that are not *allowable expenses*:

- If a *covered person* is confined in a private *hospital* room, the difference between the cost of a semi-private room in the *hospital* and the private room, (unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the *plans* routinely provides coverage for *hospital* private rooms) is not an *allowable expense*.
- If a person is covered by two or more *plans* that compute their benefits payments on the basis of usual and customary fees, any amount in excess of the highest usual and customary fees for a specific benefit is not an *allowable expense*.
- If a person is covered by two or more *plans* that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the fees is not an *allowable expense*.
- If a person is covered by one *plan* that calculates its benefits or services on the basis of usual and customary fees and another *plan* that provides its benefits or services on the basis of negotiated fees, the *primary plan's* payment arrangement shall be the *allowable expense* for all *plans*.
- The amount a benefit is reduced by the *primary plan* because a *covered person* does not comply with the *plan* provisions. Examples of these provisions are second surgical opinions, precertification of *admissions* and preferred provider arrangements.

Claim determination period means a calendar year. However, it does not include any part of a year during which a person has no coverage under this *plan*, or before the date this COB provision or a similar provision takes effect.

Closed panel plan is a *plan* that provides health benefits to covered persons primarily in the form of services through a panel of providers that has contracted with or are employed by the *plan*, and that limits or excludes benefits for services provided by other providers, except in the cases of emergency or referral by a panel member.

Custodial parent means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

COORDINATION OF BENEFITS (continued)

Order of determination rules

General

When two or more *plans* pay benefits, the rules for determining the order of payment are as follows:

- The *primary plan* pays or provides its benefits as if the *secondary plan* or *plans* did not exist.
- A *plan* that does not contain a COB provision that is consistent with applicable promulgated regulation is always *primary*. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the *plan* provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base *plan* hospital and surgical benefits, and insurance type coverages that are written in connection with a *closed panel plan* to provide out-of-network benefits.
- A *plan* may consider the benefits paid or provided by another *plan* in determining its benefits only when it is *secondary* to that other *plan*.

Rules

The first of the following rules that describes which *plan* pays its benefits before another *plan* is the rule to use.

- **Non-dependent or dependent.** The *plan* that covers the person other than as a *dependent*, for example as an *employee*, member, subscriber or retiree is *primary* and the *plan* that covers the person as a *dependent* is *secondary*. However, if the person is a *Medicare* beneficiary and, as a result of federal law, *Medicare* is *secondary* to the *plan* covering the person as a *dependent*; and *primary* to the *plan* covering the person as other than a *dependent* (e.g. retired *employee*); then the order of benefits between the two *plans* is reversed so that the *plan* covering the person as an *employee*, member, subscriber or retiree is *secondary* and the other *plan* is *primary*.
- **Dependent child covered under more than one *plan*.** The order of benefits when a child is covered by more than one *plan* is:
 - The *primary plan* is the *plan* of the parent whose birthday is earlier in the year if:
 - The parents are married;
 - The parents are not separated (whether or not they have been married); or
 - A court decree awards joint custody without specifying that one parent has the responsibility to provide health care coverage.

COORDINATION OF BENEFITS (continued)

- If both the parents have the same birthday, the *plan* that covered either of the parents longer is *primary*.
- If the specific terms of a court decree state that one parent is responsible for the child's health care expenses or health care coverage and the *plan* of that parent has actual knowledge of those terms, that *plan* is *primary*. This rule applies to *claim determination periods* or plan years commencing after the *plan* is given notice of the court decree.
- If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The *plan* of the *custodial parent*;
 - The *plan* of the spouse of the *custodial parent*;
 - The *plan* of the *non-custodial parent*; and then
 - The *plan* of the spouse of the *non-custodial parent*.
- **Active or inactive employee.** The *plan* that covers a person as an *employee* who is neither laid off nor retired, is *primary*. The same would hold true if a person is a *dependent* of a person covered as a retiree and an *employee*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.
- **Continuation coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another *plan*, the *plan* covering the person as an *employee*, member, subscriber or retiree (or as that person's *dependent*) is *primary*, and the continuation coverage is *secondary*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.
- **Longer or shorter length of coverage.** The *plan* that covered the person as an *employee*, member, subscriber or retiree longer is *primary*.

If the preceding rules do not determine the *primary plan*, the *allowable expenses* shall be shared equally between the *plans* meeting the definition of *plan* under this provision. In addition, this *plan* will not pay more than it would have had it been *primary*.

Effects on the benefits of this plan

When this *plan* is *secondary*, benefits may be reduced to the difference between the *allowable expense* (determined by the *primary plan*) and the benefits paid by any *primary plan* during the *claim determination period*. Payment from all *plans* will not exceed 100% of the total *allowable expense*.

If a *covered person* is enrolled in two or more *closed panel plans* and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one *closed panel plan*, COB shall not apply between that *plan* and the other *closed panel plan*.

COORDINATION OF BENEFITS (continued)

Right to receive and release needed information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this *plan* and other *plans*. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this *plan* and other *plans* covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this *plan* must give us any facts we need to apply those rules and determine benefits payable.

Facility of payment

A payment made under another *plan* may include an amount that should have been paid under this *plan*. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this *plan*. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means a reasonable cash value of the benefits provided in the form of services.

Right of recovery

If the amount of the payments made by us is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

General coordination of benefits with Medicare

If you are covered under both *Medicare* and this *certificate*, federal law mandates that *Medicare* is the *secondary plan* in most situations. When permitted by law, this *plan* is the *secondary plan*. In all cases, coordination of benefits with *Medicare* will conform to federal statutes and regulations. If you are enrolled in *Medicare*, your benefits under this *certificate* will be coordinated to the extent benefits are payable under *Medicare*, as allowed by federal statutes and regulations.

CLAIMS

Notice of claim

Notice of claim must be given to *us* in writing within 90 days after a covered loss starts or as soon as reasonably possible. Notice must be sent to *us* at *our* mailing address shown on *your* ID card or to *your* agent. Notice should include the name of the *covered person* and the policy number.

Claims must be complete. At a minimum a claim must contain:

- Name of the *covered person* who incurred the *covered expenses*;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

If *you* receive services outside the United States or from a foreign provider, *you* must also submit the following information along with *your* complete claim:

- *Your* proof of payment to the provider for the services received outside the United States or from a foreign provider;
- Complete medical information and medical records;
- *Your* proof of travel outside of the United States, such as airline tickets or passport stamps, if *you* traveled to receive the services; and
- The foreign provider's fee schedule if the provider uses a billing agency.

The forms necessary for filing proof of loss are available at [Humana.com](https://www.humana.com). When requested by *you*, *we* will send *you* the forms for filing proof of loss. If the requested forms are not sent to *you* within 15 days, *you* will have met the proof of loss requirements by sending *us* a written or *electronic* statement of the nature and extent of the loss containing the above elements within the time limit stated in the "Proof of loss" provision.

Proof of loss

You must give written or *electronic* proof of loss within 90 days after the date *you* incur such loss. *Your* claims will not be reduced or denied if it was not reasonably possible to give such proof within that time period.

Your claims may be reduced or denied if written or *electronic* proof of loss is not provided to *us* within one year after the date proof of loss is required, unless *your* failure to timely provide that proof of loss is due to *your* legal incapacity as determined by an appropriate court of law.

CLAIMS (continued)

Claims processing procedures

Qualified provider services are subject to *our* claims processing procedures. *We* use *our* claims processing procedures to determine payment of *covered expenses*. *Our* claims processing procedures include claims processing edits and claims payment policies, as determined by *us*. *Your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at [Humana.com](https://www.humana.com) by clicking on "For Providers" and "Claims Resources."

Claims processing procedures include the interaction of a number of factors. The amount determined to be payable for a *covered expense* may be different for each claim because the mix of factors may vary. Accordingly, it is not feasible to provide an exhaustive description of the claims processing procedures, but examples of the most commonly used factors are:

- The complexity of a service;
- Whether a service is one of multiple same-day services such that the cost of the service to the *qualified provider* is less than if the service had been provided in a separate service session. For example:
 - Two or more *surgeries* performed the same day;
 - Two or more endoscopic procedures performed during the same day; or
 - Two or more therapy services performed the same day;
- Whether a *co-surgeon, assistant surgeon, surgical assistant*, or any other *qualified provider*, who is billing independently is involved;
- When a charge includes more than one claim line, whether any service is part of or incidental to the primary service that was provided, or if these services cannot be performed together;
- Whether the service is reasonably expected to be provided for the diagnosis reported;
- Whether a service was performed specifically for *you*; or
- Whether services can be billed as a complete set of services under one billing code.

We develop *our* claims processing procedures in *our* sole discretion based on *our* review of correct coding initiatives, national benchmarks, industry standards, and industry sources such as the following, including any successors of the same:

- *Medicare* laws, regulations, manuals, and other related guidance;
- Federal and state laws, rules and regulations, including instructions published in the Federal Register;
- National Uniform Billing Committee (NUBC) guidance including the UB-04 Data Specifications Manual;
- American Medical Association's (AMA) Current Procedural Terminology (CPT®) and associated AMA publications and services;
- Centers for Medicare & Medicaid Services' (CMS) Healthcare Common Procedure Coding System (HCPCS) and associated CMS publications and services;
- International Classification of Diseases (ICD);
- American Hospital Association's Coding Clinic Guidelines;
- Uniform Billing Editor;

CLAIMS (continued)

- American Psychiatric Association's (APA) Diagnostic and Statistical Manual of Mental Disorders (DSM) and associated APA publications and services;
- Food and Drug Administration guidance;
- Medical and surgical specialty societies and associations;
- Industry-standard utilization management criteria and/or care guidelines;
- *Our* medical and pharmacy coverage policies; and
- Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed literature.

Changes to any one of the sources may or may not lead *us* to modify current or adopt new claims processing procedures.

Subject to applicable law, *qualified providers* who are *non-contracted providers* may bill *you* for any amount *we* do not pay even if such amount exceeds the allowed amount after *we* apply claims processing procedures. Any such amount paid by *you* will not apply to *your deductible* or any *out-of-pocket limit*. *You* will also be responsible for any applicable *deductible, copayment or coinsurance*.

You should discuss *our* claims processing edits, claims payment policies and medical or pharmacy coverage policies and their availability with any *qualified provider* prior to receiving any services. *You* or *your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at Humana.com by clicking on "For Providers" and "Claims resources." *Our* medical and pharmacy coverage policies may be accessed on *our* website at Humana.com under "Medical Resources" by clicking "Coverage Policies." *You* or *your qualified provider* may also call *our* toll-free customer service number listed on *your* ID card to obtain a copy of a claims processing edit, claims payment policy or coverage policy.

Other programs and procedures

We may introduce new programs and procedures that apply to *your* coverage under the *policy*. *We* may also introduce limited pilot or test programs including disease management, care management, expanded accessibility, or wellness initiatives.

We reserve the right to *discontinue* or modify a program or procedure at any time.

Right to require medical examinations

We have the right to require a medical examination on any *covered person* in order to process a claim. If *we* require a medical examination, it will be performed at *our* expense. In the case of a death, *we* also have a right to request an autopsy to process a claim, if state law so allows.

CLAIMS (continued)

To whom benefits are payable

All benefit payments for *covered expenses* rendered are due and owing solely to the *covered person*. You may request that *we* direct a payment of selected medical benefits to the health care provider on whose charge the claim is based. Such payments will not constitute the assignment of any legal obligation.

Except as stated above, if *you* submit a claim for payment to *us*, *we* will pay *you* directly for the *covered expenses*.

You are responsible to pay all charges to the provider when *we* pay *you* directly for *covered expenses*.

If any *covered person* to whom benefits are payable is a minor or, in *our* opinion, not able to give a valid receipt for any payment due him or her, such payment will be made to his or her parent or legal guardian. However, if no request for payment has been made by the parent or legal guardian, *we* may, at *our* option, make payment to the person or institution appearing to have assumed his or her custody and support.

Time of payment of claims

After receiving written proof of loss, *we* will pay monthly all benefits then due for *covered expenses* under the *policy*. Benefits for any other loss covered by the *policy* will be paid as soon as *we* receive proper written proof.

Right to request overpayments

We reserve the right to recover any payments made by *us* that were:

- Made in error;
- Made to *you* or any party on *your* behalf, where *we* determine that such payment made is greater than the amount payable under the *policy*;
- Made to *you* and/or any party on *your* behalf, based on fraudulent or misrepresented information; or
- Made to *you* and/or any party on *your* behalf for charges that were discounted, waived or rebated.

We reserve the right to adjust any amount applied in error to the *deductible* or *out-of-pocket limit*.

Right to collect needed information

You must cooperate with *us* and when asked, assist *us* in processing a claim by:

- Authorizing the release of medical information including the names of all providers from whom *you* received medical attention;
- Obtaining medical information or records from any provider as requested by *us*;

CLAIMS (continued)

- Providing information regarding the circumstances of *your sickness, bodily injury or accident*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury or sickness* for which another party may be liable to pay compensation or benefits;
- Providing copies of claims and settlement demands submitted to third parties in relation to a *bodily injury or sickness*; and
- Disclosing details of liability settlement agreements reached with third parties in relation to a *bodily injury or sickness*.

If *you* fail to cooperate or provide the necessary information, *we* may recover payments made by *us* and deny any pending or subsequent claims for which the information is requested.

Exhaustion of time limits

If *we* fail to complete a claim determination within 120 days after receiving a claim, *you* are not required, but have the right to, submit a complaint as outlined under the "Complaint and Appeal Procedures" section of this *certificate* or as required by law.

Recovery rights

You as well as *your dependents* agree to the following, as a condition of receiving benefits under the *policy*.

Duty to cooperate in good faith

You are obligated to cooperate with *us* and *our* agents in order to protect *our* recovery rights. Cooperation includes promptly notifying *us* that *you* may have a claim, providing *us* relevant information, and signing and delivering such documents as *we* or *our* agents reasonably request to secure *our* recovery rights. *You* agree to obtain *our* consent before releasing any party from liability for payment of medical expenses. *You* agree to provide *us* with a copy of any summons, complaint or any other process served in any lawsuit in which *you* seek to recover compensation for *your* injury and its treatment.

You will do whatever is necessary to enable *us* to enforce *our* recovery rights and will do nothing after loss to prejudice *our* recovery rights.

You agree that *you* will not attempt to avoid *our* recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

In the event that *you* fail to cooperate with *us*, *we* shall be entitled to recover from *you* any payments made by *us*.

CLAIMS (continued)

Duplication of benefits/other insurance

We will not provide duplicate coverage for benefits under the *policy* when a person is covered by *us* and has, or is entitled to, benefits as a result of their injuries from any other coverage including first party uninsured or underinsured motorist coverage, any no-fault insurance, medical payment coverage (auto, homeowners or otherwise), Workers' Compensation settlement or awards, other group coverage (including student plans), direct recoveries from liable parties, premises medical pay or any other insurer providing coverage that would apply to pay *your* medical expenses, except another "plan," as defined in the "Coordination of Benefits" section (e.g., group health coverage), in which case priority will be determined as described in the "Coordination of Benefits" section.

Where there is such coverage, *we* will not duplicate other coverage available to *you* and shall be considered secondary, except where specifically prohibited. Where double coverage exists, *we* shall have the right to be repaid from whomever has received the overpayment from *us* to the extent of the duplicate coverage.

We will not duplicate coverage under the *policy* whether or not *you* have made a claim under the other applicable coverage.

When applicable, *you* are required to provide *us* with authorization to obtain information about the other coverage available, and to cooperate in the recovery of overpayments from the other coverage, including executing any assignment of rights necessary to obtain payment directly from the other coverage available.

Workers' compensation

If benefits are paid by *us* and *we* determine that the benefits are paid or received under any Workers' Compensation or similar law, *we* have the right to recover as described below.

We shall have first priority to recover benefits *we* have paid from any funds that are paid or payable by Workers' Compensation or similar coverage as a result of any *sickness* or *bodily injury*, and *we* shall not be responsible for contributing to any attorney fees or recovery expenses under a Common Fund or similar doctrine.

Our right to recover from funds that are paid or payable by Workers' Compensation or similar coverage will apply even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by *you* or the Workers' Compensation carrier; or
- Medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

As a condition to receiving benefits from *us*, *you* hereby agree, in consideration for the coverage provided by the *policy*, *you* will notify *us* of any Workers' Compensation claim *you* make, and *you* agree to reimburse *us* as described above. If *we* are precluded from exercising *our* recovery rights to recover from funds that are paid by Workers' Compensation or similar coverage *we* will exercise *our* right to recover against *you*.

CLAIMS (continued)

Right of subrogation

As a condition to receiving benefits from *us*, *you* agree to transfer to *us* any rights *you* may have to make a claim, take legal action or recover any expenses paid under the *policy*. *We* will be subrogated to *your* rights to recover from any funds paid or payable as a result of a personal injury claim or any reimbursement of expenses by:

- Any legally liable person or their carrier, including self-insured entities;
- Any uninsured motorist or underinsured motorist coverage;
- Medical payments/expense coverage under any automobile, homeowners, premises or similar coverages;
- Workers' Compensation or other similar coverage; and
- No-fault or other similar coverage.

We may enforce *our* subrogation rights by asserting a claim to any coverage to which *you* may be entitled. *We* shall have first priority to recover benefits *we* have paid from any funds that are paid or payable as a result of any *sickness* or *bodily injury*, regardless of whether available funds are sufficient to fully compensate *you* for *your sickness* or *bodily injury*.

If *we* are precluded from exercising *our* rights of subrogation, *we* may exercise *our* right of reimbursement.

Right of reimbursement

If benefits are paid under the *policy*, and *you* recover from any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar coverage, *we* have the right to recover from *you* an amount equal to the amount *we* paid.

You shall notify *us*, in writing or by *electronic mail*, within 31 days of any settlement, compromise or judgment. Any *covered person* who waives, abrogates or impairs *our* right of reimbursement or fails to comply with these obligations, relieves *us* from any obligation to pay past or future benefits or expenses until all outstanding lien(s) are resolved.

If, after the inception of coverage with *us*, *you* recover payment from and release any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar insurer from liability for future medical expenses relating to a *sickness* or *bodily injury*, *we* shall have a continuing right to reimbursement from *you* to the extent of the benefits *we* provided with respect to that *sickness* or *bodily injury*. This right, however, shall apply only to the extent of such payment.

The obligation to reimburse *us* in full exists, regardless of whether the settlement, compromise or judgment designates the recovery as including or excluding medical expenses.

CLAIMS (continued)

Assignment of recovery rights

The *policy* contains an exclusion for *sickness* or *bodily injury*, for which there is medical payment/expenses coverage provided under any automobile, homeowner's, premises or other similar coverage.

If *your* claim against the other insurer is denied or partially paid, *we* will process *your* claim according to the terms and conditions of the *policy*. If payment is made by *us* on *your* behalf, *you* agree to assign to *us* the right *you* have against the other insurer for medical expenses *we* pay.

If benefits are paid under the *policy* and *you* recover under any automobile, homeowner's, premises or similar coverage, *we* have the right to recover from *you*, or whomever *we* have paid, an amount equal to the amount *we* paid.

Cost of legal representation

The costs of *our* legal representation in matters related to *our* recovery rights shall be borne solely by *us*.

The costs of legal representation incurred by *you* shall be borne solely by *you*. *We* shall not be responsible to contribute to the cost of legal fees or expenses incurred by *you* under any Common Fund or similar doctrine unless *we* were given timely notice of the claim and an opportunity to protect *our* own interests and *we* failed or declined to do so.

COMPLAINT AND APPEAL PROCEDURES

There are situations when *covered persons* have questions about their coverage or are dissatisfied with policy services. Any *covered person* who has an inquiry or complaint regarding a matter arising under a *covered person's policy* should contact 1-800-448-6262. Such inquiries and complaints will be handled in a timely manner.

- In whole or in part for a benefit;
- Based on eligibility to participate in the plan; or

A grievance specialist will review the *grievance*. *You* will be notified of a final decision not later than 60 days after *our* receipt of the *grievance*.

We will review the *appeal* within five business days after receipt. *You* will be notified of a final decision involving an *adverse determination* involving a claim denial in writing within 60 days after *our* receipt of the *appeal* (30 days in the case of an *adverse determination* involving medical necessity, pre-service or concurrent review).

All *expedited appeals* are to be investigated and a decision provided to *you*, *your* authorized representative, or a provider acting on *your* behalf within 72 hours after receiving the request for review.

You may contact the Agency for Health Care Administration (AHCA) for assistance with the submission of a *grievance* or *appeal* at any time during the process. The toll-free telephone hotline number and the address for the Agency are:

DISCLOSURE PROVISIONS

Employee assistance program

We may provide *you* access to an employee assistance program (EAP). The EAP may include confidential, telephonic consultations and work-life services. The EAP provides *you* with short-term, problem solving services for issues that may otherwise affect *your* work, personal life or health. The EAP is designed to provide *you* with information and assistance regarding *your* issue and may also assist *you* with finding a medical provider or local community resource.

The services provided by the EAP are not *covered expenses* or insured benefits under the *policy*, therefore the *copayments*, *deductible* or *coinsurance* do not apply. However, there may be additional costs to *you*, if *you* obtain services from a professional or organization the EAP has recommended or has referred *you* to. The EAP does not provide medical care. *You* are not required to participate in the EAP before using *your* insured benefits under the *policy*, and the EAP services are not coordinated with *covered expenses* under the *policy*. The decision to participate in the EAP is voluntary, and *you* may participate at any time during the *year*. Refer to the marketing literature for additional information.

Discount programs

From time to time, *we* may offer or provide access to discount programs to *you*. In addition, *we* may arrange for third party service providers such as pharmacies, optometrists, dentists and alternative medicine providers to provide discounts on goods and services to *you*. Some of these third party service providers may make payments to *us* when *covered persons* take advantage of these discount programs. These payments offset the cost to *us* of making these programs available and may help reduce the costs of *your* plan administration. Although *we* have arranged for third parties to offer discounts on these goods and services, these discount programs are not insured benefits under the *policy*. The third party service providers are solely responsible to *you* for the provision of any such goods and/or services. *We* are not responsible for any such goods and/or services, nor are *we* liable if vendors refuse to honor such discounts. Further, *we* are not liable to *covered persons* for the negligent provision of such goods and/or services by third party service providers. Discount programs may not be available to persons who "opt out" of marketing communications and where otherwise restricted by law.

Wellness programs

From time to time *we* may offer directly, or enter into agreements with third parties who administer participatory or health-contingent wellness programs to *you*.

"Participatory" wellness programs do not require *you* to meet a standard related to a health factor. Examples of participatory wellness programs may include membership in a fitness center, certain preventive testing, or attending a no-cost health education seminar.

"Health-contingent" wellness programs require *you* to attain certain wellness goals that are related to a health factor. Examples of health-contingent wellness programs may include completing a 5k event, lowering blood pressure, reduction in weight and body mass index or ceasing the use of tobacco.

DISCLOSURE PROVISIONS (continued)

The rewards may also include discounts or credits toward premium or a reduction in *copayments*, *deductibles* or *coinsurance*, as permitted under applicable state and federal laws. Such insurance premium or benefit rewards may be made available at the individual or *group* health plan level.

The rewards may be taxable income. *You* may consult a tax advisor for further guidance.

Our agreement with any third party does not eliminate any of *your* obligations under this *policy* or change any of the terms of this *policy*. *Our* agreement with the third parties and the program may be terminated at any time, although insurance benefits will be subject to applicable state and federal laws.

We are committed to helping *you* achieve *your* best health. Some wellness programs may be offered only to *covered persons* with particular health factors. If *you* think *you* might be unable to meet a standard for a reward under a health-contingent wellness program, *you* might qualify for an opportunity to earn the same reward by different means. Contact *us* at the number listed on *your* ID card or in the marketing literature issued by the wellness program administrator for more information.

The wellness program administrator or *we* may require proof in writing from *your health care practitioner* that *your* medical condition prevents *you* from taking part in the available activities.

The decision to participate in wellness program activities is voluntary and if eligible, *you* may decide to participate anytime during the *year*. Refer to the marketing literature issued by the wellness program administrator for their program's eligibility, rules and limitations.

Shared savings program

If *you* obtain services from a *non-contracted provider*, the services may be eligible for a discount to *you* under a Shared Savings Program. It is not necessary for *you* to inquire in advance about services that may be discounted. When processing *your* claim, *we* will automatically determine if the services are subject to the Shared Savings Program and calculate *your deductible* and *coinsurance* on the discounted amount. Whether services are subject to the Shared Savings Program is at *our* discretion, and *we* apply the discounts in a non-discriminatory manner. *Your* Explanation of Benefits statement will reflect any savings with a remark code that the services have been discounted. *We* cannot guarantee that services rendered by *non-contracted providers* will be discounted.

If *you* would like to inquire in advance to determine if services rendered by a *non-contracted provider* may be subject to in the Shared Savings Program, please contact *our* customer service department at the telephone number shown on *your* ID card. Provider arrangements in the Shared Savings Program are subject to change without notice. *We* cannot guarantee that the services *you* receive from a *non-contracted provider* are still subject to the Shared Savings Program at the time services are received. Discounts are dependent upon availability and cannot be guaranteed.

We reserve the right to modify, amend or discontinue the Shared Savings Program at any time.

Entire contract

The entire contract is made up of the *policy*, the application of the *policyholder*, incorporated by reference herein, and the applications or enrollment forms, if any, of the *covered persons*. All statements made by the *policyholder* or by a *covered person* are considered to be representations, not warranties. This means that the statements are made in good faith.

We may refuse to renew, terminate, or rescind coverage if the information *you* provide is fraudulent, or if *you* make an intentional misrepresentation of a material fact. No statement will void the *policy*, reduce the benefits it provides or be used in defense to a claim unless it is contained in a written or *electronic* application or enrollment form signed by the *policyholder* or *covered person* and a copy is furnished to the person making such statement or his or her beneficiary.

Additional policyholder responsibilities

In addition to responsibilities outlined in the *policy*, the *policyholder* is responsible for:

- Distributing and providing *covered persons* access to:

No document inconsistent with the *policy* shall take precedence over it. This is true, also, when this *certificate* is incorporated by reference into a summary description of plan benefits by the administrator of a group health plan subject to ERISA. If the terms of a summary plan description differ with the terms of this *certificate*, the terms of this *certificate* will control.

Incontestability

No misstatement made by the *policyholder*, except for fraud or an intentional misrepresentation of a material fact made in the application, may be used to void the *policy*.

MISCELLANEOUS PROVISIONS (continued)

After two years from the *effective date* of *your* coverage, only fraud or intentional misrepresentation of a material fact on the enrollment form may be used to void coverage or deny any claim.

No statement made by *you* can be contested unless it is in a written or *electronic* form signed by *you*. A copy of the form must be given to *you* or *your* beneficiary.

An independent incontestability period begins when a new application or enrollment form effectuating coverage is completed.

Modification of policy

The *policy* may be modified by *us*, upon renewal of the *policy*, as permitted by state and federal law. The *policyholder* will be notified in writing or *electronically* at least 31 days prior to the effective date of the change.

The *policy* may be modified by agreement between *us* and the *policyholder* without the consent of any *covered person* or any beneficiary. No modification will be valid unless approved by *our* President, Secretary or Vice-President. The approval must be endorsed on or attached to the *policy*. No agent has authority to modify the *policy*, waive any of the *policy* provisions, extend the time of premium payment, or bind *us* by making any promise or representation.

Corrections due to clerical errors or clarifications that do not change benefits are not modifications of the *policy* and may be made by *us* at any time without prior consent of, or notice to, the *policyholder*.

MISCELLANEOUS PROVISIONS (continued)

We have the sole authority to waive any *policy* requirements in response to an emergency declaration.

Conformity with statutes
