Certificate of Insurance
Humana Health Plan, Inc.

Policyholder:

Policy Number:

Effective Date:

Product Name:

In accordance with the terms of the *policy* issued to the *policyholder*, Humana Health Plan, Inc. certifies that a *covered person* is insured for the benefits described in this *certificate*. This *certificate* becomes the Certificate of Insurance and replaces any and all certificates and certificate riders previously issued.

Bruce Broussard
President

The insurance *policy* under which this *certificate* is issued is <u>not</u> a policy of Workers' Compensation insurance and does not replace Workers' Compensation insurance. *You* should consult *your employer* to determine whether *your employer* is a subscriber to the Workers' Compensation system.

This is <u>not</u> a policy of Long Term Care insurance.

This booklet, referred to as a Benefit Plan Document, is provided to describe *your* Humana coverage

UNDERSTANDING YOUR COVERAGE

As *you* read the *certificate*, *you* will see some words are printed in italics. Italicized words may have different meanings in the *certificate* than in general. Please check the "Glossary" sections for the meaning of the italicized words as they apply to *your* plan.

The *certificate* gives *you* information about *your* plan. It tells *you* what is covered and what is not covered. It also tells *you* what *you* must do and how much *you* must pay for services. *Your* plan covers many services, but it is important to remember it has limits. Be sure to read *your certificate* carefully before using *your* benefits.

Essential health benefits

This *certificate* does not apply annual dollar limits or lifetime dollar limits to *covered expenses* that are *essential health benefits.*

Covered and non-covered expenses

We will provide coverage for services, equipment and supplies that are *covered expenses*. All requirements of the *policy* apply to *covered expenses*.

The date used on the bill *we* receive for *covered expenses* or the date confirmed in *your* medical records is the date that will be used when *your* claim is processed to determine the benefit period.

If *you* incur non-*covered expenses*, from a *network provider* or *non-network provider*, *you* are responsible for making the full payment to the health care provider. Not all services and supplies are a *covered expense*, even when they are ordered by a *health care practitioner*.

Refer to the "Schedule of Benefits," the "Covered Expenses" and the "Limitations and Exclusions" sections and any amendment attached to the *certificate* to see when services or supplies are *covered expenses* or are non-covered expenses.

The No Surprises Act

The No Surprises Act (the Act) is a federal law that requires coverage of certain services received from a *non-network provider* at the *network provider* benefit level and protects *you* from balance billing when certain events occur. Refer to the "How your master group contract works" in this "Understanding Your Coverage" section for the services received from a *non-network provider* that *you* will only be responsible for the *network provider copayment, deductible* and/or *coinsurance*. The Act prohibits *non-network providers* from balance billing for services subject to the Act.

How your policy works

We may apply a *copayment* or *deductible* before *we* pay for certain *covered expenses*. If a *deductible* applies, and it is met, *we* will pay *covered expenses* at the *coinsurance* amount. Refer to the "Schedule of Benefits" to see when a *copayment, deductible* and/or *coinsurance* may apply.

The service and diagnostic information submitted on the *qualified provider's* bill will be used to determine which provision of the "Schedule of Benefits" applies.

Covered expenses are subject to the *maximum allowable fee. We* will apply the applicable *network provider* or *non-network provider* benefit level to the total amount billed by the *qualified provider*, less any amounts such as:

- Those in excess of the negotiated amount by contract, directly or indirectly, between *us* and the *qualified provider*; or
- Those in excess of the *maximum allowable fee*; and
- Adjustments related to *our* claims processing procedures. Refer to the "Claims" section of this *certificate* for more information on *our* claims processing procedures.

Unless stated otherwise in this *certificate, you* will be responsible to pay:

- The applicable *network provider* or *non-network provider copayment, deductible* and/or *coinsurance*;
- Any amount over the *maximum allowable fee* to a *non-network provider*; and
- Any amount not paid by *us.*

However, the Act requires coverage of certain services received from a *non-network provider* at the *network provider* benefit level. When *you* receive these services from a *non-network provider*, *we* will apply the *network provider* benefit level and *you* will only be responsible to pay the *network provider copayment, deductible* and/or *coinsurance*, based on the *qualified payment amount,* as follows:

- *Emergency care* and *air ambulance* services;
- *Ancillary services* while *you* are at a *network facility*;
- Services that are not considered *ancillary services* while *you* are at a *network facility*, and *post-stabilization services* when the attending *qualified provider* determines *you* are not able to travel by non-medical transportation to obtain the *post-stabilization services* from a *network provider* if:

    - *You* are not notified that the *qualified provider* is a *non-network provider* within the following time frames:

        - Not later than 72 hours prior to the date *you* will receive such services; or
        - 3 hours prior to the time such services are scheduled, if the services are scheduled within 72 hours prior to the date *you* receive the services; and

You do not provide *your* consent to the *non-network provider* to obtain such services.

Any *deductible you* pay for services subject to the Act, will be applied to the *network provider deductible.* Any *copayment, deductible* and/or *coinsurance you* pay for services subject to the Act will be applied to the *network provider out-of-pocket limit*.

If an *out-of-pocket limit* applies and it is met, *we* will pay *covered expenses* at 100% the rest of the *year*, subject to any maximum benefit and all other terms, provisions, limitations, and exclusions of the *policy*.

Preauthorization requirements

Certain services and supplies require *preauthorization* as described in the "Preauthorization requirements and penalty" provision on the "Schedule of Benefits." *Preauthorization* requests are submitted to *us* for review. *Our* decision on a *preauthorization* request will be provided to *you*, *your* appointed representative or *your health care practitioner*:

- No later than 24 hours after obtaining all necessary information to make the *preauthorization* decision concerning urgent health care services; and
- Within five (5) days of obtaining all necessary information to make the *preauthorization* decision of non-urgent health care services.

For the purpose of *preauthorization*, *urgent care* services means health care or treatment, including requests for *inpatient hospital* admission and *outpatient surgery*, to which the application of the time periods for making non-urgent health care service determinations:

- Could seriously jeopardize the life or health of the *covered person* or the ability of the *covered person* to regain maximum function; or

- In the opinion of a *health care practitioner* with knowledge of the *covered person's* medical condition, would subject the *covered person* to severe pain that cannot be adequately managed without the care or treatment that is subject of *preauthorization.*

If *you* are not satisfied with *our* decision, additional rights may be available to *you* as described in the "Internal Appeal and External Review" section of this certificate.

Your choice of providers affects your benefits

Refer to *our* website at for a list of *network providers*. *You* may also contact *our* customer service department at the telephone number shown on *your* ID card. *We* will pay benefits for *covered expenses* at a higher percentage most of the time if *you* see a *network provider*, so the amount *you* pay will be lower. Be sure to check if *your qualified provider* is a *network provider* before seeing them.

We may designate certain *network providers* as preferred providers for specific services. If *you* do not see the designated *network provider* designated by *us* as a preferred provider for these services, *we* may pay less.

Unless stated otherwise in this *certificate*, *we* will pay a lower percentage if *you* see a *non-network provider*, so the amount *you* pay will be higher. *Non-network providers* have not signed an agreement with *us* for lower costs for services and they may bill *you* for any amount over the *maximum allowable fee.* If the *non-network provider* bills *you* any amount over the *maximum allowable fee*, *you* will have to pay that amount and any *copayment, deductible* and *coinsurance* to the *non-network provider.* Any amount *you* pay over the *maximum allowable fee* will not apply to *your deductible* or *out-of-pocket limit*.

Some *non-network providers* work with *network facilities.* If possible, *you* may want to check if all health care providers working with *network facilities* are *network providers.*

We will apply the *network provider* benefit level and *you* will only be responsible to pay the *network provider copayment, deductible* and/or *coinsurance* based on the *qualified payment amount* for *covered expenses* when *you* receive the following services from a *non-network provider*:

- *Ancillary services* when *you* are at a *network facility*;
- Services that are not considered *ancillary services* when *you* are at a *network facility*, and *post-stabilization services* when the attending *qualified provider* determines *you* are not able to travel by non-medical transportation to obtain the *post-stabilization services* from a *network provider* if:

    - *You* are not notified that the *qualified provider* is a *non-network provider* in the time frames specified in the "How your master group contract works" provision in this "Understanding Your Coverage" section; and
    - *You* do not provide *your* consent to the *non-network provider* to obtain such services.

For all other services *you* receive from a *non-network provider*, *you* will be responsible to pay the *non-network provider copayment, deductible* and/or *coinsurance* and *you* may also be responsible to pay any amount over the *maximum allowable fee* for *covered expenses* including:

- Services that are not considered *ancillary services* when *you* are at a *network facility* and *post-stabilization services* when the attending *qualified provider* determines *you* are able to travel by non-medical transportation to obtain the *post-stabilization services* from a *network provider* if:

    - *You* are notified that the *qualified provider* is a *non-network provider* within the time frames specified in the "How your master group contract works" provision in this "Understanding Your Coverage" section; and

    - *You* provide *your* consent to the *non-network provider* to obtain such services.

Refer to the "Schedule of Benefits" sections to see what *your network provider* and *non-network provider* benefits are.

How to find a network provider

You may find a list of *network providers* at www.humana.com. This list is subject to change. Please check this list before receiving services from a *qualified provider*. *You* may also call *our* customer service department at the number listed on *your* ID card to determine if a *qualified provider* is a *network provider*, or *we* can send the list to *you*. A *network provider* can only be confirmed by *us*.

How to use your preferred provider organization (PPO) plan

You may receive services from a *network provider* or a *non-network provider* without a referral. Refer to the "Schedule of Benefits" for any *preauthorization* requirements.

Continuity of care

You may be eligible to elect continuity of care if *you* are a continuing care patient as of the date any of the following events occur:

- *Your qualified provider* terminates as a *network provider*;
- The terms of a *network provider's* participation in the network changes in a manner that terminates a benefit for a service *you* are receiving as a continuing care patient; or
- The *policy* terminates.

You must be in a course of treatment with the *qualified provider* as a continuing care patient the day before *you* are eligible to elect continuity of care.

If *you* elect continuity of care, *we* will apply the *network provider* benefit level to *covered expenses* related to *your* treatment as a continuing care patient. *You* will be responsible for the *network provider copayment, deductible* and/or *coinsurance* until the earlier of:

- 90 days from the date *we* notify *you* the *qualified provider* is no longer a *network provider*;
- 90 days from the date *we* notify *you* the terms of a *network provider's* participation in the network changes in a manner that terminates a benefit for a service *you* are receiving as a continuing care patient; or
- 9 months if *you* have a terminal illness;
- 90 days from the date *we* notify *you* this *policy* terminates; or
- The date *you* are no longer a continuing care patient.

For the purposes of this "Continuity of care" provision, continuing care patient means at the time continuity of care becomes available, *you* are undergoing treatment from the *network provider* for:

- An acute *sickness* or *bodily injury* that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm;
- A chronic *sickness* or *bodily injury* that is a life-threatening condition, degenerative, potentially disabling, or is a *congenital anomaly* and requires specialized medical care over a prolonged period of time;
- *Inpatient* care;
- A scheduled non-elective *surgery* and any related post-surgical care;
- A pregnancy;
- A disability; or
- A terminal illness.

Continuity of care is not available if:

- The *qualified provider's* participation in *our* network is terminated due to failure to meet applicable quality standards or fraud;
- *You* transition to another *qualified provider*;
- The services *you* receive not related to *your* treatment as a continuing care patient;
- This "Continuity of care" provision is exhausted; or
- *Your* coverage terminates, however the *policy* remains in effect.

All terms and provisions of the *policy* are applicable to this "Continuity of care" provision.

Seeking emergency care

If *you* need *emergency care,* go to the nearest emergency facility.

You, or someone on *your* behalf, must call *us* within 48 hours after *your admission* to a *hospital* for an *emergency medical condition.* If *your* condition does not allow *you* to call *us* within 48 hours after *your admission,* contact *us* as soon as *your* condition allows.

Seeking urgent care

If *you* need *urgent care,* go to the nearest *urgent care center* or call an *urgent care qualified provider*. *You* must receive *urgent care* services from a *network provider* for the *network provider copayment, deductible* or *coinsurance* to apply.

Our relationship with qualified providers

Qualified providers are not *our* agents, employees or partners. All providers are independent contractors. *Qualified providers* make their own clinical judgments or give their own treatment advice without coverage decisions made by *us.*

The *policy* will not change what is decided between *you* and *qualified providers* regarding *your* medical condition or treatment options. *Qualified providers* act on *your* behalf when they order services. *You* and *your qualified providers* make all decisions about *your* health care, no matter what *we* cover. *We* are not responsible for anything said or written by a *qualified provider* about *covered expenses* and/or what is not covered under this *certificate.* Call *our* customer service department at the telephone number listed on *your* ID card if *you* have any questions.

Our financial arrangements with network providers

We have agreements with *network providers* that may have different payment arrangements.

- Many *network providers* are paid on a discounted fee-for-services basis. This means they have agreed to be paid a set amount for each *covered expense*;

- Some *network providers* may have capitation agreements. This means the *network provider* is paid a set dollar amount each month to care for each *covered person* no matter how many services a *covered person* may receive from the *network provider*, such as a primary care physician or a specialist;

- *Hospitals* may be paid on a Diagnosis Related Group (DRG) basis or a flat fee per day basis for *inpatient* services. *Outpatient* services are usually paid on a flat fee per service or procedure or a discount from their normal charges.

The certificate

The *certificate* is part of the insurance *policy* and tells *you* what is covered and not covered and the requirements of the *policy*. Nothing in the *certificate* takes the place of or changes any of the terms of the *policy*. The final interpretation of any provision in the *certificate* is governed by the *policy*. If the *certificate* is different than the *policy*, the provisions of the *policy* will apply. The benefits in the *certificate* apply if *you* are a *covered person*.

COVERED EXPENSES

This "Covered Expenses" section describes the services that will be considered *covered expenses* under the *policy* for *preventive services* and medical services for a *bodily injury* or *sickness*. Access to medically necessary contraceptives

In addition to *preventive services*, contraceptives on *our drug list* and non-formulary contraceptives may be covered at no *cost share* when *your health care practitioner* contacts *us*. *We* will defer to the *health care practitioner's* recommendation that a particular method of contraception or FDA-approved contraceptive is determined to be *medically necessary*. The *medically necessary* determination made by *your health care practitioner* may include severity of side effects, differences in permanence and reversibility of contraceptives, and ability to adhere to the appropriate use of the contraceptive item or service.

Access to non-formulary drugs

A drug not included on *our drug list* is a non-formulary drug. If a *health care practitioner* prescribes a clinically appropriate non-formulary drug, *you* can request coverage of the non-formulary drug through a standard exception request or an expedited exception request. If *you* are dissatisfied with *our* decision of an exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug standard exception request

A standard exception request for coverage of a clinically appropriate non-formulary drug may be initiated by *you*, *your* appointed representative, or the prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing, or *electronically* by visiting *our* website at www.humana.com. *We* will respond to a standard exception request no later than 72 hours after the receipt date of the request.

As part of the standard exception request, the prescribing *health care practitioner* should include an oral or written statement that provides justification to support the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:

- Will be or have been ineffective;
- Would not be as effective as the non-formulary drug; or
- Would have adverse effects.

If *we* grant a standard exception request to cover a prescribed, clinically appropriate non-formulary drug, *we* will cover the prescribed non-formulary drug for the duration of the *prescription*, including refills. Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If *we* deny a standard exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision in this section.

Non-formulary drug expedited exception request

An expedited exception request for coverage of a clinically appropriate non-formulary drug based on exigent circumstances may be initiated by *you*, *your* appointed representative, or *your* prescribing *health care practitioner* by calling the customer service number on *your* ID, in writing, or *electronically* by visiting *our* website at www.humana.com. *We* will respond to an expedited exception request within 24 hours of receipt of the request. An exigent circumstance exists when a *covered person* is:

- Suffering from a health condition that may seriously jeopardize their life, health, or ability to regain maximum function; or
- Undergoing a current course of treatment using a non-formulary drug.

As part of the expedited review request, the prescribing *health care practitioner* should include an oral or written:

- Statement that an exigent circumstance exists and explain the harm that could reasonably be expected to the *covered person* if the requested non-formulary drug is not provided within the timeframes of the standard exception request; and

- Justification supporting the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:

    - Will be or have been ineffective;
    - Would not be as effective as the non-formulary drug; or
    - Would have adverse effects.

If *we* grant an expedited exception request to cover a prescribed, clinically appropriate non-formulary drug based on exigent circumstances, *we* will provide access to the prescribed non-formulary drug:

- Without unreasonable delay; and
- For the duration of the exigent circumstance.

Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If *we* deny an expedited exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug exception request external review

You, *your* appointed representative, or *your* prescribing *health care practitioner* have the right to an external review by an independent review organization if *we* deny a non-formulary drug standard or expedited exception request. To request an external review, refer to the exception request decision letter for instructions or call the customer service number on *your* ID card for assistance.

Step therapy exception request

Your health care practitioner may submit to *us* a written *step therapy* exception request for a clinically appropriate *prescription* drug. The *health care practitioner* should use the *prior authorization* form on *our* website at www.humana.com or call the customer service telephone number on *your* ID card.

A written *step therapy* exception request or an internal appeal for a denied *step therapy* exception request will be granted within 48 hours if all clinically relevant information is provided in the prescribing *health care practitioner's* written statement that includes supporting documentation of one of the following:

- The *prescription* drug requiring *step therapy*:

    - Is contraindicated;
    - Is expected or likely to be ineffective based on *your* known relevant clinical characteristics and the known characteristics of the *prescription* drug regimen; or
    - Will likely cause an adverse reaction in or physical or mental harm to *you.*

- *You* previously discontinued taking the *prescription* drug required under *step therapy* while under this health care plan or a prior health care plan, or another *prescription* drug in the same pharmacologic class or with the same mechanism of action as the required drug, while under the health benefit plan currently in force or while covered under another health benefit plan because the *prescription* drug was not effective or had a diminished effect or because of an adverse event;

- The *prescription* drug requiring *step therapy* is not in *your* best interest, based on clinical appropriateness, because use of the drug is expected to:

  - Cause a significant barrier to *your* adherence to or compliance with *your* plan of care;
  - Worsen a comorbid condition; or
  - Decrease *your* ability to achieve or maintain reasonable functional ability in performing daily activities; or

- *You* are stable on the *prescription* drug prescribed for *your* condition and *you* received benefits for the *prescription* drug under this health benefit plan or a prior health benefit plan;

If *we* deny a *step therapy* exception request, *we* will provide *you* or *your* appointed representative, and *your* prescribing *health care practitioner*:

- The reason for the denial;
- An alternative covered medication; and
- The right to appeal *our* decision as described in the "Complaint and Appeals Procedures" section of this *certificate.*

A *step therapy* exception request or an internal appeal of a denied *step therapy* exception request is considered granted if the prescribing *health care practitioner* does not receive *our* determination within the time frame specified above.

- You were covered under an alternate plan provided by the *employer* that terminates, and:

  - You are replacing coverage with the *policy*; and
  - You enroll within 31 days after the *special enrollment date*; or

- You are an *employee* or *dependent* eligible for coverage under the *policy*, and:

  - Your *Medicaid* coverage or your Children's Health Insurance Program (CHIP) coverage terminated as a result of loss of eligibility; and
  - You enroll within 60 days after the *special enrollment date*; or

- You are an *employee* or *dependent* eligible for coverage under the *policy*, and:

  - You become eligible for a premium assistance subsidy under *Medicaid* or CHIP; and
  - You enroll within 60 days after the *special enrollment date*.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period.*

Dependent special enrollment

The *dependent* special enrollment is the time period specified in the "Special enrollment" provision.

If *dependent* coverage is available under the *employer's policy* or added to the *policy,* an *employee* who is a *covered person* can enroll eligible *dependents* during the special enrollment. An *employee,* who is otherwise eligible for coverage and had waived coverage under the *policy* when eligible, can enroll himself/herself and eligible *dependents* during the special enrollment.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period*.

Open enrollment

Eligible *employees* or *dependents,* who do not enroll for coverage under the *policy* following their *eligibility date* or *special enrollment date,* have an opportunity to enroll for coverage during the *open enrollment period.* The *open enrollment period* is also the opportunity for *late applicants* to enroll for coverage.

Eligible *employees* or *dependents,* including *late applicants,* must request enrollment during the *open enrollment period.* If enrollment is requested after the *open enrollment period,* the *employee* or *dependent* must wait to enroll for coverage during the next *open enrollment period,* unless they become eligible for special enrollment as specified in the "Special enrollment" provision.

Effective date

The provisions below specify the *effective date* of coverage for *employees* or *dependents* if enrollment is requested within 31 days of their *eligibility date* or within the time period specified in the "Special enrollment" provision. If enrollment is requested during an *open enrollment period,* the *effective date* of coverage is specified in the "Open enrollment effective date" provision.

Employee effective date

The *employee's effective date* provision is stated in the Employer Group Application. The *employee's effective date* of coverage may be the date immediately following completion of the *waiting period,* or the first of the month following completion of the *waiting period,* if enrollment is requested within 31 days of the *employee's eligibility date.* The *special enrollment date* is the *effective date* of coverage for an *employee* who requests enrollment within the time period specified in the "Special Enrollment" provision. The *employee effective dates* specified in this provision apply to an *employee* who is not a *late applicant.*

Dependent effective date

The *dependent's effective date* is the date the *dependent* is eligible for coverage if enrollment is requested within 31 days of the *dependent's eligibility date.* The *special enrollment date* is the *effective date* of coverage for the *dependent* who requests enrollment within the time period specified in the "Special enrollment" provision. The *dependent effective dates* specified in this provision apply to a *dependent* who is not a *late applicant*.

In no event will the *dependent's effective date* of coverage be prior to the *employee's effective date* of coverage.

Newborn and adopted dependent effective date

The *effective date* of coverage for a newborn *dependent* is the date of birth if the newborn is not a *late applicant.*

The *effective date* of coverage for an adopted *dependent* is the date of adoption or the date of placement with the *employee* for the purpose of adoption, whichever occurs first, if the *dependent* child is not a *late applicant.*

Premium is due within 31 days after the date of birth in order to have coverage continued beyond the first 31 days. Additional premium may not be required when *dependent* coverage is already in force.

Open enrollment effective date

The *effective date* of coverage for an *employee* or *dependent,* including a *late applicant,* who requests enrollment during an *open enrollment period,* is the first day of the *policy* year as agreed to by the *policyholder* and *us*.

Retired employee coverage

Retired employee eligibility date

Retired *employees* are an eligible class of *employees* if requested on the Employer Group Application and if approved by *us.* An *employee* who retires while insured under the *policy* is considered eligible for retired *employee* medical coverage on the date of retirement if the eligibility requirements stated in the Employer Group Application are satisfied.

Retired employee enrollment

The *employer* must notify *us* of the *employee's* retirement within 31 days of the date of retirement. If *we* are notified more than 31 days after the date of retirement, the retired *employee* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period,* unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

Retired employee effective date

The *effective date* of coverage for an eligible retired *employee* is the date of retirement for an *employee* who retires after the date *we* approve the *employer's* request for a retiree classification, provided *we* are notified within 31 days of the retirement. If *we* are notified more than 31 days after the date of retirement, the *effective date* of coverage for the *late applicant* is the date *we* specify.

REPLACEMENT OF COVERAGE

Applicability

This "Replacement of Coverage" section applies when an *employer's* previous group health plan not offered by *us* or *our* affiliates (Prior Plan) is terminated and replaced by coverage under the *policy* and:

- *You* were covered under the *employer's* Prior Plan on the day before the effective date of the *policy*; and
- *You* are insured for medical coverage on the effective date of the *policy*.

Benefits available for *covered expense* under the *policy* will be reduced by any benefits payable by the Prior Plan during an extension period.

Deductible credit

Medical expense incurred while *you* were covered under the Prior Plan may be used to satisfy *your network provider deductible* under the *policy* if the medical expense was:

- Incurred in the same calendar year the *policy* first becomes effective; and
- Applied to the network deductible amount under the Prior Plan.

Waiting period credit

If the *employee* had not completed the initial *waiting period* under the *policyholder's* Prior Plan on the day that it ended, any period of time that the *employee* satisfied will be applied to the appropriate *waiting period* under the *policy*, if any. The *employee* will then be eligible for coverage under the *policy* when the balance of the *waiting period* has been satisfied.

Out-of-pocket limit

Any medical expense amount applied to the Prior Plan's network *out-of-pocket limit* or stop-loss limit will be credited to *your network provider out-of-pocket limit* under the *policy* if the medical expense was incurred in the same calendar year the *policy* first becomes effective.

TERMINATION PROVISIONS

Termination of insurance

The date of termination, as described in this "Termination Provisions" section, may be the actual date specified or the end of that month, as selected by *your employer* on the Employer Group Application (EGA).

You and *your employer* must notify *us* as soon as possible if *you* or *your dependent* no longer meets the eligibility requirements of the *policy*. Notice must be provided to *us* within 31 days of the change.

When *we* receive notification of a change in eligibility status in advance of the effective date of the change, insurance will terminate on the actual date specified by the *employer* or *employee* or at the end of that month, as selected by *your employer* on the EGA. In the event of cancellation, *we* will return promptly the unearned portion of premium paid.

When *we* receive the *employer's* request to terminate coverage retroactively, the *employer's* termination request is their representation to *us* that *you* did not pay any premium or make contribution for coverage past the requested termination date. We will not keep any premium for which coverage or benefits are not provided. Unearned premium received for coverage after the date *we* make the change effective, will be promptly returned.

Otherwise, insurance terminates on the earliest of the following:

- The date the *group policy* terminates;
- The end of the grace period for which required premium was paid to *us*;
- The date the *employee* terminated employment with the *employer*;
- The date the *employee* is no longer qualified as an *employee*;
- The date that *you* fail to be in an eligible class of persons as stated in the EGA;
- The date the *employee* entered full-time military, naval or air service;
- The date that the *employee* retired, except if the EGA provides coverage for a retiree class of *employees* and the retiree is in an eligible class of retirees, selected by the *employer*;
- The date of an *employee* request for termination of insurance for the *employee* or *dependents*;
- For a *dependent*, the date the *employee's* insurance terminates;
- For a *dependent*, the date the *employee* ceases to be in a class of *employees* eligible for *dependent* insurance;
- The date *your dependent* no longer qualifies as a *dependent*;
- For any benefit, the date the benefit is deleted from the *policy*; or

- *We* will give a 30 day advance written notice of cancellation, if *we* determine that fraud or an intentional misrepresentation of a material fact has been committed by *you.* For more information on fraud and intentional misrepresentation, refer to the "Fraud" provision in the "Miscellaneous Provisions" section of this *certificate.*

Any dissatisfaction may be expressed to *us* through the established appeals process set out in the "Internal Appeal And External Review" section of this *certificate*.

Termination for cause

We will give a 30-day advance written notice if *we* terminate *your* coverage for cause under the following circumstances:

- If *you* allow an unauthorized person to use *your* identification card or if *you* use the identification card of another *covered person.* Under these circumstances, the person who receives the services provided by use of the identification card will be responsible for paying *us* any amount *we* paid *fee* for those services.

- If *you* or the *policyholder* perpetrate fraud or intentional misrepresentation on claims, identification cards or other identification in order to obtain services or a higher level of benefits. This includes, but is not limited to, the fabrication or alteration of a claim, identification card or other identification.

EXTENSION OF BENEFITS

Extension of health insurance for total disability

We extend limited health insurance benefits if:

- The *policy* terminates while *you* are *totally disabled* due to a *bodily injury* or *sickness* that occurs while the *policy* is in effect; and
- *Your* coverage is not replaced by other group coverage providing substantially equivalent or greater benefits than those provided for the disabling conditions by the *policy*.

Benefits are payable only for those expenses incurred for the same *sickness* or *bodily injury* which caused *you* to be *totally disabled*. Insurance for the disabling condition continues, but not beyond the earliest of the following dates:

- The date coverage for *your* disabling condition has been obtained under another group coverage;
- The date *your health care practitioner* certifies *you* are no longer *totally disabled*;
- The date any maximum benefit is reached; or
- The last day of a 12 consecutive month period following the date the *policy* terminated.

Extension of coverage for hospital confinement

We extend limited coverage if the *policy* terminates while *you* are *hospital confined* due to a *bodily injury* or *sickness* that occurs while the *policy* is in effect.

Benefits are payable only for those expenses incurred for the same *sickness* or *bodily injury* which caused *you* to be *hospital confined*. Coverage during the *hospital confinement* continues without premium payment, but not beyond the earliest of the following dates:

- The date *you* are discharged from the *hospital confinement*; or
- The last day of a 12 consecutive month period following the date the *policy* terminated.

CONTINUATION

Continuation options in the event of termination

If health insurance terminates:

- It may be continued as described in the "State continuation of health insurance" provision;
- It may be continued as described in the "Continuation of coverage for dependents" provision, if applicable; or
- It may be continued under the continuation provisions as provided by the Consolidated Omnibus Budget Reconciliation Act (COBRA), if applicable.

A complete description of the "State continuation of health insurance" and "Continuation of coverage for dependents" provisions follow.

State continuation of health insurance

A *covered person* whose coverage terminates under the *policy* shall have the right to continuation coverage under the *policy* as follows.

An *employee* may elect to continue his or her coverage. If the *employee* was insured for *dependent* coverage when his or her health insurance terminated, the *employee* may choose to continue health insurance for any *dependent* who was insured by the *policy*. The same terms with regard to the availability of continued health insurance described below will apply to *dependents.*

In order to be eligible for this option,

- The *employee* must have been continuously covered under the *policy*, or any group coverage it replaced, for at least three consecutive months prior to termination;
- The *policyholder* must notify *us* that the *covered person* has terminated coverage under the *policy*; and
- Written application and payment of the premium is received from the *covered person* within 31 days after receiving notification from *us* of his or her right to continuation.

We must give the *covered person* written notice of the right to continue coverage under the *policy* upon notice from the *policyholder* that the *covered person* has terminated coverage under the *policy*. *We* will mail or deliver written notice to the last known address of the *covered person,* which shall constitute the giving of notice as required.

Written application and payment of the first premium for continuation must be made within 31 days after the *covered person* has been given the required notice by *us.* No evidence of insurability is required to obtain continuation.

If *we* fail to provide written notice as soon as practicable after being notified of *our* failure to provide written notice, *you* will have an additional 60 days after written notice is received.

There is no right to continuation if:

- The termination of coverage occurred because the *employee* failed to pay the required premium contribution within 31 days after being notified by *us* of his or her right to continuation coverage;

- The *policy* terminates in its entirety and is not replaced by another group coverage within 31 days;
- The *covered person* is, or could be, covered by *Medicare*;
- The *covered person* is, or could be, covered by similar benefits under another group coverage, either on an insured or uninsured basis; or
- Similar benefits are provided for, or available to, the *covered person* under any state or federal law.

If this state continuation option is selected, continuation will be permitted for a maximum of 18 months. Continuation shall terminate on the earliest of:

- The date 18 months after the date on which the *group* coverage would have otherwise terminated because of termination of employment or membership in the *group*; or
- The date timely premium payments are not made on *your* behalf.

If the *policy* terminates in its entirety before the end of the continuation period and is replaced by another group coverage, the *covered person's* coverage will continue until the time otherwise specified.

Continuation of coverage for dependents

Continuation of coverage is available for *dependents* who are no longer eligible for the health insurance provided by the *policy* because of:

- The death of the covered *employee*;
- The retirement of the covered *employee*; or
- The severance of the family relationship.

Continuation of coverage is also available to a covered *dependent* child who is no longer eligible for health insurance provided by the *policy* due to attaining the limiting age of the *policy*.

Each *dependent* may choose to continue these benefits for up to three years after the date the coverage would have normally terminated.

In order to be eligible for this option,

- The *dependent* must have been continuously covered under the *policy*, or any group coverage it replaced, for at least three consecutive months prior to termination, except in the case of an infant under one year of age; and

- The covered *employee* or *dependent* must give the *policyholder* written notice within 31days of the death or retirement of the *employee*, severance of the family relationship or the attainment of the limiting age by a covered *dependent* child that might activate this continuation option;

- The *policyholder* must notify *us* of the death or retirement of the *employee*, severance of the family relationship or the attainment of the limiting age by a covered *dependent* child; and

- Written application and payment of the premium is received from the *dependent* within 31 days after receiving notification from *us* of his or her right to continuation.

CONTINUATION (continued)

We must give the *dependent* written notice of the right to continue coverage under the *policy* upon notice from the *policyholder* that the *dependent's* coverage terminated, or may terminate, under the *policy* as a result of the death or retirement of the *employee*, severance of the family relationship or the attainment of the limiting age by a covered *dependent* child. *We* will mail or deliver written notice to the last known address of the *dependent*, which shall constitute the giving of notice as required.

Written application and payment of the first premium for continuation must be made within 31 days after the *dependent* has been given the required notice by *us*. No evidence of insurability is required to obtain continuation.

If *we* fail to provide written notice as soon as practicable after being notified of *our* failure to provide written notice, *you* will have an additional 60 days after written notice is received.

The option to continue coverage is not available if:

- The termination of coverage occurred because the *dependent* failed to pay the required premium contribution within 31 days after being notified by *us* of his or her right to continuation coverage;
- The *policy* terminates in its entirety and is not replaced by another group coverage within 31 days;
- A *dependent* is, or could be, covered under *Medicare*;
- A *dependent* is, or could be, covered for similar benefits under another group coverage, either on an insured or uninsured basis;
- The *dependent* was not continuously covered by the *policy*, or any group coverage it replaced, for at least three months prior to the date coverage terminates, except in the case of an infant under one year of age; or
- The *dependent* elects to continue his or her coverage under the terms and conditions described in (COBRA).

Continued coverage terminates on the earliest of the following dates:

- The last day of the three-year period following the date the *dependent* was no longer eligible for coverage;
- The date timely premium payments are not made on *your* behalf; or
- The date the *policy* terminates and is not replaced by another group coverage within 31 days.

The *covered person* is responsible for sending *us* written application and the premium payments for those individuals who choose to continue their coverage. Premiums must be paid each month in advance for coverage to continue. If the *covered person* fails to make proper payment of the premiums to *us*, *we* are relieved of all liability for any coverage that was continued.

MEDICAL CONVERSION PRIVILEGE

Eligibility

Subject to the terms below, if *your* medical coverage under the *policy* terminates, a Medical Conversion Policy is available without medical examination. *You* must have been continuously covered under the *policy* or any group health plan it replaced for at least 90 days and:

- *Your* coverage ends because the *employee's* employment terminated;
- *You* are a covered *dependent* whose coverage ends due to the *employee's* marriage ending via legal annulment, dissolution of marriage or divorce;
- *You* are the surviving covered *dependent*, in the event of the *employee's* death or at the end of any survivorship continuation as provided by the *policy*; or
- *You* have been a covered *dependent* child but no longer meet the definition of *dependent* under the *policy*; and
- *Your* coverage under the *policy* is not terminated because of fraud or material misrepresentation.

Only persons covered under the *policy* on the date coverage terminates are eligible to be covered under the Medical Conversion Policy.

The Medical Conversion Policy may be issued covering each former *covered person* on a separate basis or it may be issued covering all former *covered persons* together. However, if conversion is due to dissolution of marriage by annulment or final divorce decree, only those persons who cease to be a *dependent* of the *employee* are eligible to exercise the medical conversion privilege.

A Medical Conversion Policy is not available when:

- *You* are not a legal resident of Kentucky; or
- The *employer's* participation in the *policy* terminates, and medical coverage is replaced within 31 days by another group insurance plan.

The *policyholder* must notify *us* that the *covered person* has terminated membership with the group plan. *We* will then give written notice of the right to conversion to any *covered person* entitled to conversion. Proper notice will be mailed or delivered to the last known address of the *covered person*.

Written application and payment of the first premium for conversion must be made within 31 days after the date coverage terminates or within 31 days after the *covered person* has been given the required notice. No evidence of insurability is required to obtain conversion.

If the *group policy* terminates, due to nonpayment of premium, *we* will notify each *covered person* of their right to continuation within 15 business days after the end of the grace period.

If *we* fail to provide written notice as soon as practicable after being notified of *our* failure to provide written notice, *you* will have an additional 60 days after written notice is received.

A Conversion Policy is <u>not</u> available when the *employer's* participation in the *policy* terminates and medical coverage is replaced within 31 days by another group insurance plan.

Please contact *us* for details regarding other coverage options that may be available to *you.*

MEDICAL CONVERSION PRIVILEGE (continued)

Overinsurance - duplication of coverage

We may refuse to issue a Medical Conversion Policy if *we* determine *you* would be overinsured. The Medical Conversion Policy will not be available if it would result in overinsurance or duplication of benefits. *We* will use *our* standards to determine overinsurance.

Medical conversion policy

The Medical Conversion Policy which *you* may apply for will be the Medical Conversion Policy customarily offered by *us* as a conversion from *group* coverage or as mandated by state law.

The Medical Conversion Policy is a new policy and not a continuation of *your* terminated coverage. The Medical Conversion Policy benefits will be substantially similar from those provided under *your group* coverage. The benefits that may be available to *you* will be described in an Outline of Coverage provided to *you* when *you* request an application for conversion from *us*.

Effective date and premium

You have 31 days after the date *your* coverage terminates under the *policy* to apply and pay the required premium for *your* Medical Conversion Policy. The premium must be paid in advance. *You* may obtain application forms from *us* via the internet or by request in writing. The Medical Conversion Policy will be effective on the day after *your group* medical coverage ends, if *you* enroll and pay the first premium within 31 days after the date *your* coverage ends.

The premium for the Medical Conversion Policy will be the premium charged by *us* as of the effective date based upon the Medical Conversion Policy form, classification of risk, age and benefit amounts selected. The premium may change as provided in the Medical Conversion Policy.

COORDINATION OF BENEFITS

This "Coordination of Benefits" (COB) provision applies when a person has health care coverage under more than one *plan*. The order of benefit determination rules below determine which *plan* will pay as the *primary plan.* The *primary plan* pays first without regard to the possibility another *plan* may cover some expenses. A *secondary plan* pays after the *primary plan* and may reduce the benefits it pays so that payments from all *plans* do not exceed 100% of the total *allowable expense*.

Definitions

The following definitions are used exclusively in this provision.

Plan means any of the following that provide benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered part of the same *plan* and there is no COB among those separate contracts.

Plan includes:

- Group and nongroup insurance contract, health maintenance organization (HMO) contracts, closed panel or other forms of group or group-type coverage (whether insured or uninsured);
- Medical care components of long-term care contracts, such as skilled nursing care; and
- *Medicare* or other governmental benefits, as permitted by law.

Plan does not include:

- Hospital indemnity benefits;
- School accident type coverage;
- Benefits for non-medical care components of group long-term care contracts;
- *Medicare* supplement policies;
- Medical benefits under group, group-type and individual automobile "No Fault" and traditional automobile "Fault" type contracts;
- A state plan under *Medicaid*; and
- Coverage under other governmental plans, unless permitted by law.

Each contract for coverage is a separate *plan.* If a *plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *plan*.

Notwithstanding any statement to the contrary, for the purposes of COB, prescription drug coverage under this plan will be considered a separate *plan* and will therefore only be coordinated with other prescription drug coverage.

Primary/secondary means the order of benefit determination stating whether this *plan* is *primary* or *secondary* covering the person when compared to another *plan* also covering the person.

When this *plan* is *primary*, its benefits are determined before those of any other *plan* and without considering any other *plan's* benefits. When this *plan* is *secondary*, its benefits are determined after those of another *plan* and may be reduced because of the *primary plan's* benefits.

Allowable expense means a health care service or expense, including deductibles and copayments, that is covered at least in part by any of the *plans* covering the person. When a *plan* provides benefits in the form of services (e.g. an HMO), the reasonable cash value of each service will be considered an *allowable expense* and a benefit paid. An expense or service that is not covered by any of the *plans* is not an *allowable expense.* The following are examples of expenses or services that are not *allowable expenses*:

- If a *covered person* is confined in a private *hospital* room, the difference between the cost of a semi-private room in the *hospital* and the private room, (unless the patient's stay in a private *hospital* room is medically necessary in terms of generally accepted medical practice, or one of the *plans* routinely provides coverage for *hospital* private rooms) is not an *allowable expense*.

- If a person is covered by two or more *plans* that compute their benefits payments on the basis of usual and customary fees, any amount in excess of the highest usual and customary fees for a specific benefit is not an *allowable expense.*

- If a person is covered by two or more *plans* that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the fees is not an *allowable expense*.

- If a person is covered by one *plan* that calculates it benefits or services on the basis of usual and customary fees and another *plan* that provides its benefits or services on the basis of negotiated fees, the *primary plan's* payment arrangement shall be the *allowable expense* for all *plans*.

- The amount a benefit is reduced by the *primary plan* because a *covered person* does not comply with the *plan* provisions. Examples of these provisions are second surgical opinions, precertification of *admissions* and preferred provider arrangements.

Claim determination period means a calendar year. However, it does not include any part of a year during which a person has no coverage under this *plan*, or before the date this COB provision or a similar provision takes effect.

Closed panel plan is a *plan* that provides health benefits to covered persons primarily in the form of services through a panel of providers that has contracted with or are employed by the *plan*, and that limits or excludes benefits for services provided by other providers, except in the cases of emergency or referral by a panel member.

Custodial parent means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Order of determination rules

General

When two or more *plans* pay benefits, the rules for determining the order of payment are as follows:

- The *primary plan* pays or provides its benefits as if the *secondary plan* or *plans* did not exist.

- A *plan* that does not contain a COB provision that is consistent with applicable promulgated regulation is always *primary*. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the *plan* provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base *plan* hospital and surgical benefits, and insurance type coverages that are written in connection with a *closed panel plan* to provide out-of-network benefits.

- A *plan* may consider the benefits paid or provided by another *plan* in determining its benefits only when it is *secondary* to that other *plan*.

Rules

The first of the following rules that describes which *plan* pays its benefits before another *plan* is the rule to use.

- **Non-dependent or *dependent*.** The *plan* that covers the person other than as a *dependent*, for example as an *employee*, member, subscriber or retiree is *primary* and the *plan* that covers the person as a *dependent* is *secondary*. However, if the person is a *Medicare* beneficiary and, as a result of federal law, *Medicare* is *secondary* to the *plan* covering the person as a *dependent*; and *primary* to the *plan* covering the person as other than a *dependent* (e.g. retired *employee*); then the order of benefits between the two *plans* is reversed so that the *plan* covering the person as an *employee*, member, subscriber or retiree is *secondary* and the other *plan* is *primary*.

- **Dependent child covered under more than one *plan*.** The order of benefits when a child is covered by more than one *plan* is:

  - The *primary plan* is the *plan* of the parent whose birthday is earlier in the year if:

    - The parents are married;
    - The parents are not separated, whether or not they have been married; or
    - A court decree awards joint custody without specifying that one parent has the responsibility to provide health care coverage.

  - If both the parents have the same birthday, the *plan* that covered either of the parents longer is *primary*.

  - If the specific terms of a court decree state that one parent is responsible for the child's health care expenses or health care coverage and the *plan* of that parent has actual knowledge of those terms, that *plan* is *primary*. This rule applies to *claim determination periods* or plan years commencing after the *plan* is given notice of the court decree.

  - If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:

    - The *plan* of the *custodial parent*;
    - The *plan* of the spouse of the *custodial parent*;
    - The *plan* of the non-*custodial parent*; and then
    - The *plan* of the spouse of the non-*custodial parent*.

- **Active or inactive *employee***. The *plan* that covers a person as an *employee* who is neither laid off nor retired, is *primary*. The same would hold true if a person is a *dependent* of a person covered as a retiree and an *employee*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.

- **Continuation coverage**. If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another *plan*, the *plan* covering the person as an *employee*, member, subscriber or retiree (or as that person's *dependent*) is *primary*, and the continuation coverage is *secondary*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.

- **Longer or shorter length of coverage**. The *plan* that covered the person as an *employee*, member, subscriber or retiree longer is *primary*.

  To determine the length of time a person has been covered under a plan, two (2) plans shall be treated as one (1) if the covered person was eligible under the second within twenty-four (24) hours after the first ended;

  Changes during a coverage period that do not constitute the start of a new plan include:

  - A change in scope of a plan's benefits;
  - A change in the entity that pays, provides or administers the plan's benefits; or
  - A change from one (1) type of plan to another.

  The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

If the preceding rules do not determine the *primary plan*, the *allowable expenses* shall be shared equally between the *plans* meeting the definition of *plan* under this provision. In addition, this *plan* will not pay more that it would have had it been *primary*.

Effects on the benefits of this plan

When this *plan* is *secondary*, benefits may be reduced to the difference between the *allowable expense* (determined by the *primary plan*) and the benefits paid by any *primary plan* during the *claim determination period*. Payment from all *plans* will not exceed 100% of the total *allowable expense*.

The benefits of the *secondary plan* shall be reduced when the sum of the benefits payable that would be payable under the other *plans*, in the absence of a coordination of benefits provision, whether or not a claim is made, exceeds the *allowable expenses* in *claim determination period*, with a reduction of benefits as follows:

- The benefits of the *secondary plan* shall be reduced so that they and the benefits payable under the other *plans* do not total more than the *allowable expenses*; and
- Each benefit is reduced in proportion and charged against any applicable benefit limit of the *plan*.

If a person is covered by more than one *secondary plan*, the order of benefit determination rules decide the order in which *secondary plans* benefits are determined in relation to each other. Each *secondary plan* takes into consideration the benefits of the *primary plan* or *plans* and the benefits of any other *plan*, which has its benefits determined before those of that *secondary plan*.

If a *covered person* is enrolled in two or more *closed panel plans* and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one *closed panel plan*, COB shall not apply between that *plan* and the other *closed panel plan*.

Notice to covered persons

If *you* are covered by more than one health benefit plan, *you* should file all claims with each *plan*.

Miscellaneous provisions

A *secondary plan* that provides benefits in the form of services may recover the reasonable cash value of the services from the *primary plan*, to the extent that benefits for the services are covered by the *primary plan* and have not already been paid or provided by the *primary plan*.

A *plan* with order of benefit determination requirements that comply with this administrative regulation may coordinate its benefits with a *plan* that is "excess" or "always secondary" or that uses order of benefit determination requirements that do not comply with those contained in this administrative regulation on the following basis:

- If the complying *plan* is the *primary plan*, it shall pay or provide its benefits first;
- If the complying *plan* is the *secondary plan*, it shall pay or provide its benefits first, but the amount of the benefits payable shall be determined as if the complying *plan* were the *secondary plan*. In that situation, the payment shall be the limit of the complying *plan's* liability; and
- If the non-complying *plan* does not provide the information needed by the complying *plan* to determine its benefits within a reasonable time after it is requested to do so, the complying *plan* shall assume that the benefits of the non-complying *plan* are identical to its own, and shall pay its benefits accordingly. If, within two (2) years of payment, the complying *plan* receives information as to the actual benefits of the non-complying *plan*, it shall adjust payments accordingly.

If the non-complying *plan* reduces its benefits so that the *covered person* receives less in benefits than he would have received had the complying *plan* paid or provided its benefits as the *secondary plan* and the non-complying *plan* paid or provided its benefits as the *primary plan*, and governing state law allows the right of subrogation set forth under the *policy*, then the complying *plan* shall advance to or on behalf of the *covered person* an amount equal to the difference.

The complying *plan* shall not advance more than the complying *plan* would have paid had it been the *primary plan* less any amount it previously paid for the same expense or service, and:

- In consideration of the advance, the complying *plan* shall be subrogated to all rights of the *covered person* against the non-complying *plan*; and

- The advance by the complying *plan* shall also be without prejudice to any claim it may have against a non-complying *plan* in the absence of subrogation.

Coordination of benefits differs from subrogation. Provisions for one may be included in health care benefits contracts without compelling the inclusion or exclusion of the other.

If the *plans* cannot agree on the order of benefits within thirty calendar days after the *plans* have received all of the information needed to pay the claim, the *plans* shall immediately pay the claim in equal shares and determine their relative liabilities following payment, except that no *plan* shall be required to pay more than it would have paid had it been *primary*.

Severability

If any provision of this administrative regulation or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of this administrative regulation and the application of that provision to other persons or circumstances shall not be affected thereby.

Right to receive and release needed information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this *plan* and other *plans*. *We* may get the facts *we* need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this *plan* and other *plans* covering the person claiming benefits. *We* need not tell, or get the consent of, any person to do this. Each person claiming benefits under this *plan* must give *us* any facts *we* need to apply those rules and determine benefits payable.

Facility of payment

A payment made under another *plan* may include an amount that should have been paid under this *plan*. If it does, *we* may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this *plan*. *We* will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means a reasonable cash value of the benefits provided in the form of services.

Right of recovery

If the amount of the payments made by *us* is more than *we* should have paid under this COB provision, *we* may recover the excess from one or more of the persons *we* have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the *covered person.* The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

COORDINATION OF BENEFITS (continued)

Cooperation required

The *covered person* shall cooperate by providing information and executing any documents to preserve *our* right and shall have the affirmative obligation of notifying *us* that claims are being made against responsible parties to recover for injuries for which *we* have paid. If the *covered person* enters into litigation or settlement negotiations regarding the obligations of the other party, the *covered person* must not prejudice, in any way, *our* rights to recover an amount equal to any benefits *we* have provided or paid for the *injury or sickness.* Failure of the *covered person* to provide *us* such notice or cooperation, or any action by the *covered person* resulting in prejudice to *our* rights will be a material breach of this *policy* and will result in the *covered person* being personally responsible to make repayment. In such an event, *we* may deduct from any pending or subsequent claim made under the *policy* any amounts the *covered person* owes *us* until such time as cooperation is provided and the prejudice ceases.

General coordination of benefits with Medicare

If *you* are covered under both *Medicare* and this *certificate,* federal law mandates that *Medicare* is the secondary plan in most situations. When permitted by law, this plan is the secondary plan. In all cases, coordination of benefits with *Medicare* will conform to federal statutes and regulations. If *you* are enrolled in *Medicare, your* benefits under this *certificate* will be coordinated to the extent benefits are payable under *Medicare,* as allowed by federal statutes and regulations.

CLAIMS

Notice of claim

Network providers will submit claims to *us* on *your* behalf. If *you* utilize a *non-network provider* for *covered expenses*, *you* may have to submit a notice of claim to *us.* Notice of claim must be given to *us* in writing or by *electronic mail* as required by *your* plan, or as soon as is reasonably possible thereafter. Notice must be sent to *us* at *our* mailing address shown on *your* ID card or at *our* website at www.humana.com.

Claims must be complete. At a minimum a claim must contain:

- Name of the *covered person,* who incurred the *covered expenses*;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

If *you* receive services outside the United States or from a foreign provider, *you* must also submit the following information along with *your* complete claim:

- *Your* proof of payment to the provider for the services received outside the United States or from a foreign provider;
- Complete medical information and medical records;
- *Your* proof of travel outside of the United States, such as airline tickets or passport stamps, if *you* traveled to receive the services; and
- The foreign provider's fee schedule if the provider uses a billing agency.

The forms necessary for filing proof of loss are available at www.humana.com. When requested by *you, we* will send *you* the forms for filing proof of loss. If the requested forms are not sent to *you* within 15 days, *you* will have met the proof of loss requirements by sending *us* a written or *electronic* statement of the nature and extent of the loss containing the above elements within the time limit stated in the "Proof of loss" provision.

Proof of loss

You must give written or *electronic* proof of loss within 90 days after the date *you* incur such loss. *Your* claims will not be reduced or denied if it was not reasonably possible to give such proof within that time period.

Your claims may be reduced or denied if written or *electronic* proof of loss is not provided to *us* within one year after the date proof of loss is required, unless *your* failure to timely provide that proof of loss is due to *your* legal incapacity as determined by an appropriate court of law.

Claims processing procedures

Qualified provider services are subject to *our* claims processing procedures. *We* use *our* claims processing procedures to determine payment of *covered expenses*. *Our* claims processing procedures include, but are not limited to, claims processing edits and claims payment policies, as determined by *us*. *Your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at www.humana.com by clicking on "For Providers" and "Claims Resources."

Claims processing procedures include the interaction of a number of factors. The amount determined to be payable for a *covered expense* may be different for each claim because the mix of factors may vary. Accordingly, it is not feasible to provide an exhaustive description of the claims processing procedures, but examples of the most commonly used factors are:

- The complexity of a service;
- Whether a service is one of multiple same day services such that the cost of the service to the *qualified provider* is less than if the service had been provided on a different day. For example:
  - Two or more *surgeries* performed the same day;
  - Two or more endoscopic procedures performed during the same day; or
  - Two or more therapy services performed the same day;
- Whether a *co-surgeon*, *assistant surgeon*, *surgical assistant*, or any other *qualified provider*, who is billing independently is involved;
- When a charge includes more than one claim line, whether any service is part of or incidental to the primary service that was provided, or if these services cannot be performed together;
- Whether the service is reasonably expected to be provided for the diagnosis reported;
- Whether a service was performed specifically for *you*; or
- Whether services can be billed as a complete set of services under one billing code.

We develop *our* claims processing procedures in *our* sole discretion based on *our* review of correct coding initiatives, national benchmarks, industry standards, and industry sources such as the following, including any successors of the same:

- *Medicare* laws, regulations, manuals, and other related guidance;
- Federal and state laws, rules and regulations, including instructions published in the Federal Register;
- National Uniform Billing Committee (NUBC) guidance including the UB-04 Data Specifications Manual;
- American Medical Association's (AMA) Current Procedural Terminology (CPT®) and associated AMA publications and services;
- Centers for Medicare & Medicaid Services' (CMS) Healthcare Common Procedure Coding System (HCPCS) and associated CMS publications and services;
- International Classification of Diseases (ICD);
- American Hospital Association's Coding Clinic Guidelines;
- Uniform Billing Editor;
- American Psychiatric Association's (APA) Diagnostic and Statistical Manual of Mental Disorders (DSM) and associated APA publications and services;
- Food and Drug Administration guidance;
- Medical and surgical specialty societies and associations;

- Industry-standard utilization management criteria and/or care guidelines;
- *Our* medical and pharmacy coverage policies; and
- Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed literature.

Changes to any one of the sources may or may not lead *us* to modify current or adopt new claims processing procedures.

Subject to applicable law, *qualified providers* who are *non-network providers* may bill *you* for any amount *we* do not pay even if such amount exceeds the allowed amount after *we* apply claims processing procedures. Any such amount paid by *you* will not apply to *your deductible*, or any *out-of-pocket limit*. *You* will also be responsible for any applicable *deductible*, *copayment* or *coinsurance*.

You should discuss *our* claims processing edits, claims payment policies and medical or pharmacy coverage policies and their availability with any *qualified provider*, who is a *non-network provider*, prior to receiving any services. *You* or *your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at www.humana.com by clicking "For Providers" and "Claims resources." *Our* medical and pharmacy coverage policies may be accessed on *our* website at www.humana.com under "Medical Resources" by clicking "Coverage Policies." *You* or *your qualified provider* may also call *our* toll-free customer service number listed on *your* ID card to obtain a copy of a claims processing edit, claims payment policy or coverage policy.

Other programs and procedures

We may introduce new programs and procedures that apply to *your* coverage under the *policy*. *We* may also introduce limited pilot or test programs including disease management, care management, expanded accessibility, or wellness initiatives.

We reserve the right to discontinue or modify a program or procedure at any time.

Right to require medical examinations

We have the right to require a medical examination on any *covered person* for whom a claim is pending as often as *we* may reasonably require. If *we* require a medical examination, it will be performed at *our* expense. *We* also have a right to request an autopsy in the case of death, if state law so allows.

To whom benefits are payable

If *you* receive services from a *network provider*, *we* will pay the provider directly for all *covered expenses*. *You* will not have to submit a claim for payment.

Benefit payments for *covered expenses* rendered by a *non-network provider* are due and owing solely to *you*. *You* are responsible for all payments to the *non-network provider*. However, *we* will pay the *non-network provider* directly for the amount *we* owe if:

- *You* request *we* direct a payment of selected medical benefits to the health care provider on whose charge the claim is based and *we* consent to this request; or

- *Your* responsibility for the *covered expenses* is based off the *qualified payment amount.*

Any payment made directly to the *non-network provider* will not constitute the assignment of any legal obligation to the *non-network provider*.

Except as stated above, if *you* submit a claim for payment to *us*, *we* will pay *you* directly for the *covered expenses.*

You are responsible to pay all charges to the provider when *we* pay *you* directly for *covered expenses*.

If any *covered person* to whom benefits are payable is a minor or, in *our* opinion, not able to give a valid receipt for any payment due him or her, such payment will be made to his or her parent or legal guardian. However, if no request for payment has been made by the parent or legal guardian, *we* may, at *our* option, make payment to the person or institution appearing to have assumed his or her custody and support.

Time of payment of claims

Payments due under the *policy* will be paid no more than 30 days after receipt of written or *electronic* proof of loss.

Right to request overpayments

We reserve the right to recover any payments made by *us* that were:

- Made in error;
- Made to *you* or any party on *your* behalf, where *we* determine that such payment made is greater than the amount payable under the *policy*;
- Made to *you* and/or any party on *your* behalf, based on fraudulent or misrepresented information; or
- Made to *you* and/or any party on *your* behalf for charges that were discounted, waived or rebated.

We reserve the right to adjust any amount applied in error to the *deductible* or *out-of-pocket limit*.

Right to collect needed information

You must cooperate with *us* and when asked, assist *us* by:

- Authorizing the release of medical information including the names of all providers from whom *you* received medical attention;
- Obtaining medical information or records from any provider as requested by *us*;
- Providing information regarding the circumstances of *your sickness*, *bodily injury* or *accident*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury* or *sickness* for which another party may be liable to pay compensation or benefits;
- Providing copies of claims and settlement demands submitted to third parties in relation to a *bodily injury* or *sickness*;
- Disclosing details of liability settlement agreements reached with third parties in relation to a *bodily injury* or *sickness*; and
- Providing information *we* request to administer the *policy.*

If *you* fail to cooperate or provide the necessary information, *we* may recover payments made by *us* and deny any pending or subsequent claims for which the information is requested.

Exhaustion of time limits

If *we* fail to complete a claim determination or appeal within the time limits set forth in the *policy*, the claim shall be deemed to have been denied and *you* may proceed to the next level in the review process outlined under the "Internal Appeal and External Review" section of this *certificate* or as required by law.

Recovery rights

You as well as *your dependents* agree to the following, as a condition of receiving benefits under the *policy*.

Duty to cooperate in good faith

You are obligated to cooperate with *us* and *our* agents in order to protect *our* recovery rights. Cooperation includes promptly notifying *us* that *you* may have a claim, providing *us* relevant information, and signing and delivering such documents as *we* or *our* agents reasonably request to secure *our* recovery rights. *You* agree to obtain *our* consent before releasing any party from liability for payment of medical expenses. *You* agree to provide *us* with a copy of any summons, complaint or any other process served in any lawsuit in which *you* seek to recover compensation for *your* injury and its treatment.

You will do whatever is necessary to enable *us* to enforce *our* recovery rights and will do nothing after loss to prejudice *our* recovery rights.

You agree that *you* will not attempt to avoid *our* recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

In the event that *you* fail to cooperate with *us*, *we* shall be entitled to recover from *you* any payments made by *us*.

Duplication of benefits/other insurance

We will not provide duplicate coverage for benefits under the *policy* when a person is covered by *us* and has, or is entitled to, benefits as a result of their injuries from any other coverage including, but not limited to, first party uninsured or underinsured motorist coverage, any no-fault insurance, medical payment coverage (auto, homeowners or otherwise), Workers' Compensation settlement or awards, other group coverage (including student plans), direct recoveries from liable parties, premises medical pay or any other insurer providing coverage that would apply to pay *your* medical expenses, except another "plan," as defined in the "Coordination of Benefits" section (e.g., group health coverage), in which case priority will be determined as described in the "Coordination of Benefits" section.

Where there is such coverage, *we* will not duplicate other coverage available to *you* and shall be considered secondary, except where specifically prohibited. Where double coverage exists, *we* shall have the right to be repaid from whomever has received the overpayment from *us* to the extent of the duplicate coverage.

We will not duplicate coverage under the *policy* whether or not *you* have made a claim under the other applicable coverage.

When applicable, *you* are required to provide *us* with authorization to obtain information about the other coverage available, and to cooperate in the recovery of overpayments from the other coverage, including executing any assignment of rights necessary to obtain payment directly from the other coverage available.

Workers' compensation

This *policy* excludes coverage for *sickness* or *bodily injury* for which Workers' Compensation or similar coverage is available.

If benefits are paid by *us*, and *we* determine that the benefits for treatment of *bodily injury* or *sickness* arose from or was sustained in the course of, any occupation or employment for compensation, profit or gain, *we* have the right to recover as described below.

We shall have first priority to recover benefits *we* have paid from any funds that are paid or payable by Workers' Compensation or similar coverage as a result of any *sickness* or *bodily injury*, and *we* shall not be responsible for contributing to any attorney fees or recovery expenses under a Common Fund or similar doctrine.

As a condition to receiving benefits from *us*, *you* hereby agree that, in consideration for the coverage provided by the *policy*, *you* will notify *us* of any Workers' Compensation claim *you* make, and that *you* agree to reimburse *us* as described above. If *we* are precluded from exercising *our* recovery rights to recover from funds that are paid by Workers' Compensation or similar coverage *we* will exercise *our* right to recover against *you*.

Right of subrogation

As a condition to receiving benefits from *us*, *you* agree to transfer to *us* any rights *you* may have to make a claim, take legal action or recover any expenses paid under the *policy*. *We* will be subrogated to *your* rights to recover from any funds paid or payable as a result of a personal injury claim or any reimbursement of expenses by:

- Any legally liable person or their carrier, including self-insured entities;
- Any uninsured motorist or underinsured motorist coverage;
- Medical payments/expense coverage under any automobile, homeowners, premises, or similar coverages;
- Workers' Compensation or other similar coverage; and
- No-fault or other similar coverage.

We may enforce *our* subrogation rights by asserting a claim to any coverage to which *you* may be entitled. *We* shall have first priority to recover benefits *we* have paid from any funds that are paid or payable as a result of any *sickness* or *bodily injury*, regardless of whether available funds are sufficient to fully compensate *you* for *your sickness* or *bodily injury.*

If *we* are precluded from exercising *our* rights of subrogation, *we* may exercise *our* right of reimbursement.

Right of reimbursement

If benefits are paid under the *policy* and *you* recover from any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar coverage, *we* have the right to recover from *you* an amount equal to the amount *we* paid.

You shall notify *us*, in writing or by *electronic mail*, within 31 days of any settlement, compromise or judgment. Any *covered person* who waives, abrogates or impairs *our* right of reimbursement or fails to comply with these obligations, relieves *us* from any obligation to pay past or future benefits or expenses until all outstanding lien(s) are resolved.

If, after the inception of coverage with *us, you* recover payment from and release any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar insurer from liability for future medical expenses relating to a *sickness* or *bodily injury*, *we* shall have a continuing right to reimbursement from *you* to the extent of the benefits *we* provided with respect to that *sickness* or *bodily injury.* This right, however, shall apply only to the extent of such payment.

The obligation to reimburse *us* in full exists, regardless of whether the settlement, compromise or judgment designates the recovery as including or excluding medical expenses and regardless of whether available funds are sufficient to fully compensate *you* for *your sickness* or *bodily* injury.

Assignment of recovery rights

The *policy* contains an exclusion for *sickness* or *bodily injury*, for which there is medical payment/expenses coverage provided under any automobile, homeowner's, premises, or other similar coverage.

If *your* claim against the other insurer is denied or partially paid, *we* will process *your* claim according to the terms and conditions of the *policy.* If payment is made by *us* on *your* behalf, *you* agree to assign to *us* the right *you* have against the other insurer for medical expenses *we* pay.

If benefits are paid under the *policy* and *you* recover under any automobile, homeowner's, premises, or similar coverage, *we* have the right to recover from *you,* or whomever *we* have paid, an amount equal to the amount *we* paid.

Cost of legal representation

The costs of *our* legal representation in matters related to *our* recovery rights shall be borne solely by *us*.

The costs of legal representation incurred by *you* shall be borne solely by *you.* *We* shall not be responsible to contribute to the cost of legal fees or expenses incurred by *you* under any Common Fund or similar doctrine unless *we* were given timely notice of the claim and an opportunity to protect *our* own interests and *we* failed or declined to do so.

INTERNAL APPEAL AND EXTERNAL REVIEW

Definitions

Adverse benefit determination means a denial, reduction, or termination of, or a failure to provide or make a payment (in whole or in part) for a benefit, including a denial that is based on:

- Would, in the opinion of a physician with knowledge of the *covered person*'s medical condition, subject the *covered person* to severe pain that cannot be adequately managed without the treatment or service that is the subject of the claim.

Urgent care includes all requests related to hospitalization or *outpatient surgery*.

Humana will make a determination of whether a claim involves *urgent care*. However, any claim a physician, with knowledge of a *covered person*'s medical condition, determines is a claim for *urgent care* will be treated as a "claim involving urgent care."

You or *your authorized representative* may request an expedited internal appeal of an adverse *urgent-care claim* decision orally or in writing. In such case, all necessary documents, including the plan's benefit determination on review, will be transmitted between the plan and *you* or *your authorized representative* by telephone, FAX, or other available similarly expeditious method.

You or *your authorized representative* may request an expedited *external review* at the same time a request is made for an expedited internal appeal of an *adverse benefit determination* for a claim involving *urgent care* or when *you* are receiving an ongoing course of treatment.

Determination of appeals of denied claims will be conducted promptly, will not defer to the initial determination and will not be made by the person who made the initial adverse claim determination or a subordinate of that person. The determination will take into account all comments, documents, records, and other information submitted by *you* or *your authorized representative* relating to the claim.

Appeals of claims denials will be decided and notice of the decision provided as follows:

- As soon as possible but not later than 72 hours after *we* receive the appeal request for a claim involving *urgent care*;
- As soon as possible but not later than 48 hours after we receive the appeal for a *step therapy* exception request that includes all clinically relevant information.
- Within a reasonable period but not later than 30 days after *we* received the appeal request for a claim involving non-urgent care.

Exhaustion of remedies

You or *your authorized representative* will have exhausted the administrative remedies under the plan and my request an *external review*:

- When the internal appeals process under this section is complete;
- If *we* fail to make a timely determination or notification of and internal appeal;
- *You* or *your authorized representative* and Humana jointly agree to waive the internal appeal process; or
- If *we* fail to adhere to all requirements of the internal appeal process, except for failures that are based on de minimis violations.

After exhaustion of remedies, *you* or *your authorized representative* may pursue any other legal remedies available, which may include bringing civil action under ERISA section 502(a) for judicial review of the plan's determination. Additional information may be available from the local U.S. Department of Labor Office.

External review

Within 4 months after *you* or *your authorized representative* receives notice of a *final adverse benefit determination, you* or *your authorized representative* may request an *external review*. The request for *external review* must be made in writing to *us*. *You* or *your authorized representative* may be assessed a $25 filing fee that will be refunded if the *adverse benefit determination* is overturned. The fee will be waived if the payment of the fee would impose undue financial hardship. The annual limit on filing fees for each *covered person* within a single *year* will not exceed $75.

You or *your authorized representative* will be required to authorize release of any medical records that may be required to be reviewed for the purpose of reaching a decision on the external review. All information, medical records and the *external review* are confidential. Please refer to the section titled 'Expedited external review' if the *adverse benefit determination* involves a claim for *urgent care* or an ongoing course of treatment.

If the request qualifies for an *external review*, *we* will notify *you* or *your authorized representative* in writing of the assignment of an *IRE* and the right to submit additional information. Expedited external review

You or *your authorized representative* may request an expedited *external review* in writing or orally:

DISCLOSURE PROVISIONS

Employee assistance program

We may provide *you* access to an employee assistance program (EAP). The EAP may include confidential, telephonic consultations and work-life services. The EAP provides *you* with short-term, problem solving services for issues that may otherwise affect *your* work, personal life or health. The EAP is designed to provide *you* with information and assistance regarding *your* issue and may also assist *you* with finding a medical provider or local community resource.

The services provided by the EAP are not *covered expenses* or insured benefits under the *policy*, therefore the *copayments*, *deductible* or *coinsurance* do not apply. However, there may be additional costs to *you*, if *you* obtain services from a professional or organization the EAP has recommended or has referred *you* to. The EAP does not provide medical care. *You* are not required to participate in the EAP before using *your* insured benefits under the *policy*, and the EAP services are not coordinated with *covered expenses* under the *policy*. The decision to participate in the EAP is voluntary, and *you* may participate at any time during the *year*. Refer to the marketing literature for additional information.

Discount programs

From time to time, *we* may offer or provide access to discount programs to *you*. In addition, *we* may arrange for third party service providers such as pharmacies, optometrists, dentists and alternative medicine providers to provide discounts on goods and services to *you*. Some of these third party service providers may make payments to *us* when *covered persons* take advantage of these discount programs. These payments offset the cost to *us* of making these programs available and may help reduce the costs of *your* plan administration. Although *we* have arranged for third parties to offer discounts on these goods and services, these discount programs are not insured benefits under the *policy*. The third party service providers are solely responsible to *you* for the provision of any such goods and/or services. *We* are not responsible for any such goods and/or services, nor are *we* liable if vendors refuse to honor such discounts. Further, *we* are not liable to *covered persons* for the negligent provision of such goods and/or services by third party service providers. Discount programs may not be available to persons who "opt out" of marketing communications and where otherwise restricted by law.

Wellness programs

From time to time *we* may offer directly or enter into agreements with third parties who administer, participatory or health-contingent wellness programs to *you*:

"Participatory" wellness programs do not require *you* to meet a standard related to a health factor. Examples of participatory wellness programs may include membership in a fitness center, certain preventive testing, or attending a no-cost health education seminar.

"Health-contingent" wellness programs require *you* to attain certain wellness goals that are related to a health factor. Examples of health contingent wellness programs may include completing a 5k event, lowering blood pressure or ceasing the use of tobacco.

The rewards may include payment for all or a portion of a participatory wellness program, merchandise, gift cards, debit cards, discounts or contributions to *your* health spending account. Rewards received for an activity that is not wellness, educational and informational will not exceed $25 per *year*. *We* are not responsible for any rewards that are non-insurance benefits or for *your* receipt of such rewards.

The rewards may also include discounts or credits toward premium or a reduction in *copayments*, *deductibles* or *coinsurance*, as permitted under applicable state and federal laws. Such insurance premium or benefit rewards may be made available at the individual or *group* health plan level.

The rewards may be taxable income. *You* may consult a tax advisor for further guidance.

Our agreement with any third party does not eliminate any of *your* obligations under this *policy* or change any of the terms of this *policy*. *Our* agreement with the third parties and the program may be terminated at any time, although insurance benefits will be subject to applicable state and federal laws.

We are committed to helping *you* achieve *your* best health. Some wellness programs may be offered only to *covered persons* with particular health factors. If *you* think *you* might be unable to meet a standard for a reward under a health-contingent wellness program, *you* might qualify for an opportunity to earn the same reward by different means. Contact *us* at the number listed on *your* ID card or in the marketing literature issued by the wellness program administrator for more information.

The wellness program administrator or *we* may require proof in writing from *your health care practitioner* that *your* medical condition prevents *you* from taking part in the available activities.

The decision to participate in these programs or activities is voluntary and if eligible *you* may decide to participate anytime during the *year*. Refer to the marketing literature issued by the Rewards program administrator for their program's eligibility, rules and limitations.

Shared savings program

As a member of a Preferred Provider Organization Plan, *you* may obtain services from *network providers* who participate in the Preferred Provider Organization network, or *non-network providers* who do not participate in the Preferred Provider Organization network. If *you* choose a *network provider*, *your* out-of-pocket expenses are normally lower than if *you* choose a *non-network provider*.

If *you* choose to obtain services from a *non-network provider*, the services may be eligible for a discount to *you* under the Shared Savings Program. It is not necessary for *you* to inquire in advance about services that may be discounted. When processing *your* claim, *we* will automatically determine if the services are subject to the Shared Savings Program and calculate *your deductible* and *coinsurance* on the discounted amount. Whether the services are subject to the Shared Savings Program is at our discretion, and *we* apply the discounts in a non-discriminatory manner. *Your* Explanation of Benefits statement will reflect any savings with a remark code that the services have been discounted. *We* cannot guarantee that services rendered by *non-network providers* will be discounted. The *non-network provider* discounts in the Shared Savings Program may not be as favorable as *network provider* discounts.

DISCLOSURE PROVISIONS (continued)

If *you* would like to inquire in advance to determine if services rendered by a *non-network provider* may be subject to the Shared Savings Program, please contact *our* customer service department at the telephone number shown on *your* ID card. Provider arrangements in the Shared Savings Program are subject to change without notice. *We* cannot guarantee that the services *you* receive from a *non-network provider* are still subject to the Shared Savings Program at the time services are received. Discounts are dependent upon availability and cannot be guaranteed.

We reserve the right to modify, amend or discontinue the Shared Savings Program at any time.

MISCELLANEOUS PROVISIONS

Entire contract

The entire contract is made up of the *policy*, the application of the *policyholder*, incorporated by reference herein, and the applications or enrollment forms, if any, of the *covered persons.* All statements made by the *policyholder* or by a *covered person* are considered to be representations, not warranties. This means that the statements are made in good faith. No statement will void the *policy*, reduce the benefits it provides or be used in defense to a claim unless it is contained in a written or *electronic* application or enrollment form and a copy is furnished to the person making such statement or his or her beneficiary.

Additional policyholder responsibilities

In addition to responsibilities outlined in the *policy*, the *policyholder* is responsible for:

- Collection of premium; and
- Distributing and providing *covered persons* access to:

  - Benefit plan documents and the Summary of Benefits and Coverage (SBC);
  - Renewal notices and *policy* modification information; and
  - Information regarding continuation rights.

No *policyholder* may change or waive any provision of the *policy*.

Certificates of insurance

A *certificate* setting forth the benefits available to the *employee* and the *employee's* covered *dependents* are entitled will be available at www.humana.com or in writing when requested. The *policyholder* is responsible for providing *employees* access to the *certificate.*

No document inconsistent with the *policy* shall take precedence over it. This is true, also, when this *certificate* is incorporated by reference into a summary description of plan benefits by the administrator of a group health plan subject to ERISA. If the terms of a summary plan description appear to differ with the terms of this *certificate* respecting coverage, the terms of this *certificate* will control.

Incontestability

No misstatement made by the *policyholder*, except for fraud or an intentional misrepresentation of a material fact made in the application may be used to void the *policy*.

After *you* are insured without interruption for two years, *we* cannot contest the validity of *your* coverage except for:

- Nonpayment of premium; or
- Any fraud or intentional misrepresentation of a material fact made by *you.*

MISCELLANEOUS PROVISIONS (continued)

At any time, *we* may assert defenses based upon provisions in the *policy* which relate to *your* eligibility for coverage under the *policy*.

No statement made by *you* can be contested unless it is in a written or *electronic* form signed by *you.* A copy of the form must be given to *you* or *your* beneficiary.

An independent incontestability period begins for each type of change in coverage or when a new application or enrollment form of the *covered person* is completed.

Fraud

Health insurance fraud is a criminal offense that can be prosecuted. Any person(s) who willingly and knowingly engages in an activity intended to defraud *us* by filing a claim or form that contains a false or deceptive statement may be guilty of insurance fraud.

If *you* commit fraud against *us* or *your employer* commits fraud pertaining to *you* against *us*, as determined by *us*, *we* reserve the right to *rescind your* coverage after *we* provide *you* a 30 calendar day advance written notice that coverage will be *rescinded*. *You* have the right to appeal the *rescission.*

Clerical error or misstatement

If it is determined that information about *a covered person* was omitted or misstated in error, an adjustment may be made in premiums and/or coverage in effect. This provision applies to *you* and to *us.*

Modification of policy

The *policy* may be modified by *us*, upon renewal of the *policy*, as permitted by state and federal law. The *policyholder* will be notified in writing or *electronically* at least 31 days prior to the effective date of the change.

The *policy* may be modified by agreement between *us* and the *policyholder* without the consent of any *covered person* or any beneficiary. No modification will be valid unless approved by *our* President, Secretary or Vice-President. The approval must be endorsed on or attached to the *policy.* No agent has authority to modify the *policy*, waive any of the *policy* provisions, extend the time of premium payment, or bind *us* by making any promise or representation.

Corrections due to clerical errors or clarifications that do not change benefits are not modifications of the *policy* and may be made by *us* at any time without prior consent of, or notice to, the *policyholder*.

Discontinuation of coverage

If *we* decide to discontinue offering a particular group health policy:

- The *policyholder*, *employees* and *covered persons* will be notified of such discontinuation at least 90 days prior to the date of discontinuation of such coverage; and

- The *policyholder* will be given the option to purchase any other group health plan providing medical benefits that are being offered by *us* at such time.

If *we* cease doing business in the *small employer* or the large *employer* group market, the *policyholders*, *covered persons*, and the Commissioner of Insurance will be notified of such discontinuation at least 180 days prior to the date of discontinuation of such coverage.

Premium contributions

Your employer must pay the required premiums to *us* as they become due. *Your employer* may require *you* to contribute toward the cost of *your* insurance. Failure of *your employer* to pay any required premium to *us* when due may result in the termination of *your* insurance.

Premium rate change

We reserve the right to change any premium rates in accordance with applicable law upon notice to the *employer*. *We* will provide notice to the *employer* of any such premium changes. Questions regarding changes to premium rates should be addressed to the *employer*.

Assignment

The *policy* and its benefits may not be assigned by the *policyholder*.

Emergency declarations

We may alter or waive the requirements of the *policy* as a result of a state or federal emergency declaration including:

- *Prior authorization* or *preauthorization* requirements;
- *Prescription* quantity limits; and
- *Your copayment*, *deductible* and/or *coinsurance*.

We have the sole authority to waive any *policy* requirements in response to an emergency declaration.

Conformity with statutes

Any provision of the *policy* which is not in conformity with applicable state law(s) or other applicable law(s) shall not be rendered invalid, but shall be construed and applied as if it were in full compliance with the applicable state law(s) and other applicable law(s).
