Certificate of Insurance Humana Insurance Company

Policyholder:

Policy Number:

Effective Date:

Product Name:

In accordance with the terms of the *policy* issued to the *policyholder*, Humana Insurance Company certifies that a *covered person* is insured for the benefits described in this *certificate*. This *certificate* becomes the Certificate of Insurance and replaces any and all certificates and certificate riders previously issued.

Bruce Broussard
President

The insurance *policy* under which this *certificate* is issued is not a policy of Workers' Compensation insurance and does not replace Workers' Compensation insurance. *You* should consult *your employer* to determine whether *your employer* is a subscriber to the Workers' Compensation system.

This is not a policy of Long Term Care insurance.

This booklet, referred to as a Benefit Plan Document, is provided to describe *your* Humana coverage

MS0100 04/18

UNDERSTANDING YOUR COVERAGE

As *you* read the *certificate*, *you* will see some words are printed in italics. Italicized words may have different meanings in the *certificate* than in general. Please check the "Glossary" sections for the meaning of the italicized words as they apply to *your* plan.

The *certificate* gives *you* information about *your* plan. It tells *you* what is covered and what is not covered. It also tells *you* what *you* must do and how much *you* must pay for services. *Your* plan covers many services, but it is important to remember it has limits. Be sure to read *your certificate* carefully before using *your* benefits.

Covered and non-covered expenses

We will provide coverage for services, equipment and supplies that are *covered expenses*. All requirements of the *policy* apply to *covered expenses*.

The date used on the bill *we* receive for *covered expenses* or the date confirmed in *your* medical records is the date that will be used when *your* claim is processed to determine the benefit period.

You must pay the health care provider any amount due that *we* do not pay. Not all services and supplies are a *covered expense*, even when they are ordered by a *health care practitioner*.

Refer to the "Schedule of Benefits," the "Covered Expenses" and the "Limitations and Exclusions" sections and any amendment attached to the *certificate* to see when services or supplies are *covered expenses* or are non-covered expenses.

How your policy works

You may have to pay a *deductible* before *we* pay for certain *covered expenses*. If a *deductible* applies, and it is met, *we* will pay *covered expenses* at the *coinsurance* amount. Refer to the "Schedule of Benefits" to see when the *deductible* applies and the *coinsurance* amount *we* pay. *You* will be responsible for the *coinsurance* amount *we* do not pay.

If an *out-of-pocket limit* applies and it is met, *we* will pay *covered expenses* at 100% the rest of the year, subject to the *maximum allowable fee*.

Our payment for *covered expenses* is calculated by applying any *deductible* and *coinsurance* to what *we* allow. For a *covered expense*, *we* will allow the total amount billed by the *qualified provider*, less any amounts such as:

- Those negotiated by contract, directly or indirectly, between *us* and the *qualified provider*;
- Those in excess of the *maximum allowable fee*; or
- Adjustments related to *our* claims processing procedures.

The service and diagnostic information submitted on the *qualified provider's* bill will be used to determine which provision of the "Schedule of Benefits" applies.

UNDERSTANDING YOUR COVERAGE (continued)

How to use your plan

You may receive services from a *qualified provider* without a referral. Refer to the "Schedule of Benefits" for any *preauthorization* requirements.

Seeking emergency care

If you need *emergency care*, go to the nearest *hospital* emergency room.

You, or someone on your behalf, must call us within 48 hours after your admission to a hospital for *emergency care*. If your condition does not allow you to call us within 48 hours after your admission, contact us as soon as your condition allows.

Seeking urgent care

If you need *urgent care*, go to the nearest *urgent care center* or call an *urgent care qualified provider*.

Our relationship with qualified providers

Qualified providers are not our agents, employees or partners. All providers are independent contractors. *Qualified providers* make their own clinical judgments or give their own treatment advice without coverage decisions made by us.

The *policy* will not change what is decided between you and *qualified providers* regarding your medical condition or treatment options. *Qualified providers* act on your behalf when they order services. You and your *qualified providers* make all decisions about your health care, no matter what we cover. We are not responsible for anything said or written by a *qualified provider* about *covered expenses* and/or what is not covered under this *certificate*. Call our customer service department at the telephone number listed on your ID card if you have any questions.

The certificate

The *certificate* is part of the insurance *policy* and tells you what is covered and not covered and the requirements of the *policy*. Nothing in the *certificate* takes the place of or changes any of the terms of the *policy*. The final interpretation of any provision in the *certificate* is governed by the *policy*. If the *certificate* is different than the *policy*, the provisions of the *policy* will apply. The benefits in the *certificate* apply if you are a *covered person*.

The *drug list* identifies categories of drugs, medicines or medications by levels and indicates *dispensing limits*, *specialty drug* designation, any applicable *prior authorization* and/or *step therapy* requirements. This information is reviewed on a regular basis by a Pharmacy and Therapeutics committee made up of physicians and *pharmacists*. Placement on the *drug list* does not guarantee your *health care practitioner* will prescribe that *prescription* drug, medicine or medication for a particular medical condition. You can obtain a copy of our *drug list* by visiting our Website at www.humana.com or calling the customer service telephone number on your ID card.

COVERED EXPENSES - PHARMACY SERVICES (continued)

Access to non-formulary drugs

A drug not included on *our drug list* is a non-formulary drug. If a *health care practitioner* prescribes a clinically appropriate non-formulary drug, *you* can request coverage of the non-formulary drug through a standard exception request or an expedited exception request. If *you* are dissatisfied with *our* decision of an exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug standard exception request

A standard exception request for coverage of a clinically appropriate non-formulary drug may be initiated by *you*, *your* appointed representative, or the prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing, or *electronically* by visiting *our* Website at www.humana.com. We will respond to a standard exception request no later than 72 hours after the receipt date of the request.

As part of the standard exception request, the prescribing *health care practitioner* should include an oral or written statement that provides justification to support the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:

- Will be or have been ineffective;
- Would not be as effective as the non-formulary drug; or
- Would have adverse effects.

If we grant a standard exception request to cover a prescribed, clinically appropriate non-formulary drug, we will cover the prescribed non-formulary drug for the duration of the *prescription*, including refills. Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If we deny a standard exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug expedited exception request

An expedited exception request for coverage of a clinically appropriate non-formulary drug based on exigent circumstances may be initiated by *you*, *your* appointed representative, or *your* prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing, or *electronically* by visiting *our* Website at www.humana.com. We will respond to an expedited exception request within 24 hours of receipt of the request. An exigent circumstance exists when a *covered person* is:

- Suffering from a health condition that may seriously jeopardize their life, health, or ability to regain maximum function; or
- Undergoing a current course of treatment using a non-formulary drug.

As part of the expedited review request, the prescribing *health care practitioner* should include an oral or written:

- Statement that an exigent circumstance exists and explain the harm that could reasonably be expected to the *covered person* if the requested non-formulary drug is not provided within the timeframes of the standard exception request; and

COVERED EXPENSES - PHARMACY SERVICES (continued)

- Justification supporting the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:
 - Will be or have been ineffective;
 - Would not be as effective as the non-formulary drug; or
 - Would have adverse effects.

If *we* grant an expedited exception request to cover a prescribed, clinically appropriate non-formulary drug based on exigent circumstances, *we* will provide access to the prescribed non-formulary drug:

- Without unreasonable delay; and
- For the duration of the exigent circumstance.

Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If *we* deny an expedited exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug exception request external review

You, *your* appointed representative, or *your* prescribing *health care practitioner* have the right to an external review by an independent review organization if *we* deny a non-formulary drug standard or expedited exception request. To request an external review, refer to the exception request decision letter for instructions or call the customer service number on *your* ID card for assistance.

The final external review decision by the independent review organization to either uphold the denied exception request or grant the exception request will be provided orally or in writing to *you*, *your* appointed representative, or the prescribing *health care practitioner* no later than:

- 24 hours after receipt of an external review request if the original exception request was expedited.
- 72 hours after receipt of an external review request if the original exception request was standard.

If the independent review organization grants the exception request, *we* will cover the prescribed, clinically appropriate non-formulary drug for *you* for:

- The duration of the *prescription*, including refills, when the original request was a standard exception request.
- The duration of the exigent circumstance when the original request was an expedited exception request.

Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

Step therapy exception request

Your health care practitioner may submit to *us* a written *step therapy* exception request for a clinically appropriate *prescription* drug. The *health care practitioner* should use the *prior authorization* form on *our* Website at www.humana.com or call the customer service telephone number on *your* ID card.

COVERED EXPENSES - PHARMACY SERVICES (continued)

From the time a *step therapy* exception request is received by *us*, *we* will either approve or deny the request within:

- 24 hours for an expedited request.
- 72 hours for a standard request.

A written *step therapy* exception request will be approved when the request includes the prescribing *health care practitioner's* written statement and supporting documentation that:

- The *prescription* drug requiring *step therapy* has been ineffective in the treatment of *your* disease or medical condition; or
- Based on sound clinical evidence or medical and scientific evidence, the *prescription* drug requiring *step therapy*:
 - Is expected or likely to be ineffective based on *your* known relevant clinical characteristics and the known characteristics of the *prescription* drug regimen; or
 - Will cause or will likely cause an adverse reaction or physical harm to *you*.

If *we* deny a *step therapy* exception request, *we* will provide *you* or *your* appointed representative, and *your* prescribing *health care practitioner*:

- The reason for the denial;
- An alternative covered medication; and
- The right to appeal *our* decision as described in the "Complaint and Appeals Procedures" section of this *certificate*.

ELIGIBILITY AND EFFECTIVE DATES

Eligibility date

Employee eligibility date

The *employee* is eligible for coverage on the date:

- The eligibility requirements are satisfied as stated in the Employer Group Application or as otherwise agreed to by the *policyholder* and *us*; and
- The *employee* is in an *active status*.

Dependent eligibility date

Each *dependent* is eligible for coverage on:

- The date the *employee* is eligible for coverage, if he or she has *dependents* who may be covered on that date;
- The date of the *employee's* marriage for any *dependents* (spouse or child) acquired on that date;
- The date of birth of the *employee's* natural-born child;
- The date of placement of the child for the purpose of adoption by the *employee*; or
- The date specified in a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN) for a child, or a valid court or administrative order for a spouse, which requires the *employee* to provide coverage for a child or spouse as specified in such orders.

The *employee* may cover his or her *dependents* only if the *employee* is also covered.

Enrollment

Employees and *dependents* eligible for coverage under the *policy* may enroll for coverage as specified in the enrollment provisions outlined below.

Employee enrollment

The *employee* must enroll, as agreed to by the *policyholder* and *us*, within 31 days of the *employee's* *eligibility date* or within the time period specified in the "Special enrollment" provision.

The *employee* is a *late applicant* if enrollment is requested more than 31 days after the *employee's* *eligibility date* or later than the time period specified in the "Special enrollment" provision. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

ELIGIBILITY AND EFFECTIVE DATES (continued)

Health status will not be used to determine premium rates. We will not use *health status-related factors* to decline coverage to an eligible *employee* and we will administer this provision in a non-discriminatory manner.

Dependent enrollment

If electing *dependent* coverage, the *employee* must enroll eligible *dependents*, as agreed to by the *policyholder* and *us*, within 31 days of the *dependent's eligibility date* or within the time period specified in the "Special enrollment" provision.

The *dependent* is a *late applicant* if enrollment is requested more than 31 days after the *dependent's eligibility date* or later than the time period specified in the "Special enrollment" provision. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

Health status will not be used to determine premium rates. We will not use *health status-related factors* to decline coverage to an eligible *dependent* and we will administer this provision in a non-discriminatory manner.

Newborn and adopted dependent enrollment

A newborn *dependent* will be covered from the date of birth to 31 days of age. An adopted *dependent* will be automatically covered from the date of adoption or placement of the child with the *employee* for the purpose of adoption, whichever occurs first, for 31 days.

If additional premium is not required to add additional *dependents* and if *dependent* child coverage is in force as of the newborn's date of birth in the case of newborn *dependents* or the earlier of the date of adoption or placement of the child with the *employee* for purposes of adoption in case of adopted *dependents*, coverage will continue beyond the initial 31 days. You must notify us to make sure we have accurate records to administer benefits.

If premium is required to add *dependents* you must enroll the *dependent* child and pay the additional premium within 31 days:

- Of the newborn's date of birth; or
- Of the date of adoption or placement of the child with the *employee* for the purpose of adoption to add the child to *your* plan, whichever occurs first.

If enrollment is requested more than 31 days after the date of birth, date of adoption or placement with the *employee* for the purpose of adoption, and additional premiums is required, the *dependent* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

ELIGIBILITY AND EFFECTIVE DATES (continued)

Special enrollment

Special enrollment is available if the following apply:

- You have a change in family status due to:
 - Marriage;
 - Divorce;

 - A National Medical Support Notice (NMSN);
 - The birth of a natural born child; or
 - The adoption of a child or placement of a child with the *employee* for the purpose of adoption; and
 - You enroll within 31 days after the *special enrollment date*; or
- You are an *employee* or *dependent* eligible for coverage under the *policy*, and:
 - You previously declined enrollment stating you were covered under another group health plan or other *health insurance coverage*; and
 - Loss of eligibility of such other coverage occurs, regardless of whether you are eligible for, or elect COBRA; and
 - You enroll within 31 days after the *special enrollment date*.

Loss of eligibility of other coverage includes, but is not limited to:

- Termination of employment or eligibility;
 - Reduction in number of hours of employment;
 - Divorce, legal separation or death of a spouse;
 - Loss of dependent eligibility, such as attainment of the limiting age;
 - Termination of your employer's contribution for the coverage;
 - Loss of individual HMO coverage because you no longer reside, live or work in the service area;
 - Loss of group HMO coverage because you no longer reside, live or work in the service area, and no other benefit package is available; or
 - The plan no longer offers benefits to a class of similarly situated individuals; or
- You had COBRA continuation coverage under another plan at the time of eligibility, and:
 - Such coverage has since been exhausted; and
 - You stated at the time of the initial enrollment that coverage under COBRA was your reason for declining enrollment; and
 - You enroll within 31 days after the *special enrollment date*; or
 - You were covered under an alternate plan provided by the *employer* that terminates, and:
 - You are replacing coverage with the *policy*; and
 - You enroll within 31 days after the *special enrollment date*; or

ELIGIBILITY AND EFFECTIVE DATES (continued)

- You are an *employee* or *dependent* eligible for coverage under the *policy*, and:
 - Your *Medicaid* coverage or your Children's Health Insurance Program (CHIP) coverage terminated as a result of loss of eligibility; and
 - You enroll within 60 days after the *special enrollment date*; or
- You are an *employee* or *dependent* eligible for coverage under the *policy*, and
 - You become eligible for a premium assistance subsidy under *Medicaid* or CHIP; and
 - You enroll within 60 days after the *special enrollment date*.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period*.

Dependent special enrollment

The *dependent* special enrollment is the time period specified in the "Special enrollment" provision.

If *dependent* coverage is available under the *employer's policy* or added to the *policy*, an *employee* who is a *covered person* can enroll eligible *dependents* during the special enrollment. An *employee*, who is otherwise eligible for coverage and had waived coverage under the *policy* when eligible, can enroll himself/herself and eligible *dependents* during the special enrollment.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period*.

Open enrollment

Eligible *employees* or *dependents*, who do not enroll for coverage under the *policy* following their *eligibility date* or *special enrollment date*, have an opportunity to enroll for coverage during the *open enrollment period*. The *open enrollment period* is also the opportunity for *late applicants* to enroll for coverage.

Eligible *employees* or *dependents*, including *late applicants*, must request enrollment during the *open enrollment period*. If enrollment is requested after the *open enrollment period*, the *employee* or *dependent* must wait to enroll for coverage during the next *open enrollment period*, unless they become eligible for special enrollment as specified in the "Special enrollment" provision.

Effective date

The provisions below specify the *effective date* of coverage for *employees* or *dependents*, if enrollment is requested within 31 days of their *eligibility date* or within the time period specified in the "Special enrollment" provision. If enrollment is requested during an *open enrollment period*, the *effective date* of coverage is specified in the "Open enrollment effective date" provision.

ELIGIBILITY AND EFFECTIVE DATES (continued)

Employee effective date

The *employee's effective date* provision is stated in the Employer Group Application. The *employee's effective date* of coverage may be the date immediately following completion of the *waiting period* or the first of the month following completion of the *waiting period*, if enrollment is requested within 31 days of the *employee's eligibility date*. The *special enrollment date* is the *effective date* of coverage for an *employee* who requests enrollment within the time period specified in the "Special enrollment" provision. The *employee effective dates* specified in this provision apply to an *employee* who is not a *late applicant*.

Dependent effective date

The *dependent's effective date* is the date the *dependent* is eligible for coverage if enrollment is requested within 31 days of the *dependent's eligibility date*. The *special enrollment date* is the *effective date* of coverage for the *dependent* who requests enrollment within the time period specified in the "Special enrollment" provision. The *dependent effective dates* specified in this provision apply to a *dependent* who is not a *late applicant*.

In no event will the *dependent's effective date* of coverage be prior to the *employee's effective date* of coverage.

Newborn and adopted dependent effective date

The *effective date* of coverage for a newborn *dependent* is the date of birth if the newborn's date of birth and the newborn is not a *late applicant*.

The *effective date* of coverage for an adopted *dependent* is the date of adoption or the date of placement with the *employee* for the purpose of adoption, whichever occurs first, if the *dependent* child is not a *late applicant*.

Premium is due for any period of *dependent* coverage whether or not the *dependent* is subsequently enrolled, unless specifically not allowed by applicable law. Additional premium may not be required when *dependent* coverage is already in force.

Open enrollment effective date

The *effective date* of coverage for an *employee* or *dependent*, including a *late applicant*, who requests enrollment during an *open enrollment period*, is the first day of the *policy year* as agreed to by the *policyholder* and *us*.

ELIGIBILITY AND EFFECTIVE DATES (continued)

Retired employee coverage

Retired employee eligibility date

Retired *employees* are an eligible class of *employees* if requested on the Employer Group Application and if approved by *us*. An *employee* who retires while insured under the *policy* is considered eligible for retired *employee* medical coverage on the date of retirement if the eligibility requirements stated in the Employer Group Application are satisfied.

Retired employee enrollment

The *employer* must notify *us* of the *employee's* retirement within 31 days of the date of retirement. If *we* are notified more than 31 days after the date of retirement, the retired *employee* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

Retired employee effective date

The *effective date* of coverage for an eligible retired *employee* is the date of retirement for an *employee* who retires after the date *we* approve the *employer's* request for a retiree classification, provided *we* are notified within 31 days of the retirement. If *we* are notified more than 31 days after the date of retirement, the *effective date* of coverage for the *late applicant* is the date *we* specify.

REPLACEMENT OF COVERAGE

Applicability

This "Replacement of Coverage" section applies when an *employer's* previous group health plan not offered by *us* or *our* affiliates (Prior Plan) is terminated and replaced by coverage under the *policy* and:

- *You* were covered under the *employer's* Prior Plan on the day before the effective date of the *policy*; and
- *You* are insured for medical coverage on the effective date of the *policy*.

Benefits available for *covered expense* under the *policy* will be reduced by any benefits payable by the Prior Plan during an extension period.

Deductible credit

Medical expense incurred while *you* were covered under the Prior Plan may be used to satisfy your *deductible* under the *policy* if the medical expense was:

- Incurred in the same calendar year the *policy* first becomes effective; and
- Applied to the network deductible amount under the Prior Plan.

Waiting period credit

If the *employee* had not completed the initial *waiting period* under the *policyholder's* Prior Plan on the day that it ended, any period of time that the *employee* satisfied will be applied to the appropriate *waiting period* under the *policy*, if any. The *employee* will then be eligible for coverage under the *policy* when the balance of the *waiting period* has been satisfied.

Out-of-pocket limit

Any medical expense amount applied to the Prior Plan's *out-of-pocket limit* or stop-loss limit will be credited to your *out-of-pocket limit* under the *policy* if the medical expense was incurred in the same calendar year the *policy* first becomes effective.

TERMINATION PROVISIONS

Termination of insurance

The date of termination, as described in this "Termination Provisions" section, may be the actual date specified or the end of that month, as selected by *your employer* on the Employer Group Application (EGA).

You and your employer must notify *us* as soon as possible if *you* or *your dependent* no longer meets the eligibility requirements of the *policy*. Notice must be provided to *us* within 31 days of the change.

When *we* receive notification of a change in eligibility status in advance of the effective date of the change, insurance will terminate on the actual date specified by the *employer* or *employee* or at the end of that month, as selected by *your employer* on the EGA.

When *we* receive the *employer's* request to terminate coverage retroactively, the *employer's* termination request is their representation to *us* that *you* did not pay any premium or make contributions for coverage past the requested termination date.

Otherwise, insurance terminates on the earliest of the following:

- The date the *group policy* terminates;
- The end of the period for which required premium was paid to *us*;
- The date the *employee* terminated employment with the *employer*;
- The date the *employee* is no longer qualified as an *employee*;
- The date *you* fail to be in an eligible class of persons as stated in the EGA;
- The date the *employee* entered full-time military, naval or air service;
- The date the *employee* retired, except if the EGA provides coverage for a retiree class of *employees* and the retiree is in an eligible class of retirees, selected by the *employer*;
- The date of an *employee* request for termination of insurance for the *employee* or *dependents*;
- For a *dependent*, the date the *employee's* insurance terminates;
- For a *dependent*, the date the *employee* ceases to be in a class of *employees* eligible for *dependent* insurance;
- The date *your dependent* no longer qualifies as a *dependent*;
- For any benefit, the date the benefit is deleted from the *policy*; or
- The date fraud or an intentional misrepresentation of a material fact has been committed by *you*. For more information on fraud and intentional misrepresentation, refer to the "Fraud" provision in the "Miscellaneous Provisions" section of this *certificate*.

TERMINATION PROVISIONS (continued)

Termination for cause

We will terminate *your* coverage for cause under the following circumstances:

- If *you* allow an unauthorized person to use *your* identification card or if *you* use the identification card of another *covered person*. Under these circumstances, the person who receives the services provided by use of the identification card will be responsible for paying *us* the *maximum allowable fee* for those services.
- If *you* or the *policyholder* perpetrate fraud or intentional misrepresentation on claims, identification cards or other identification in order to obtain services or a higher level of benefits. This includes, but is not limited to, the fabrication or alteration of a claim, identification card or other identification.

SAMPLE

CONTINUATION

Continuation options in the event of termination

If health insurance terminates:

- It may be continued as described in the "State continuation of health insurance" provision;
- It may be continued as described in the "Continuation of coverage for dependents" provision, if applicable; or
- It may be continued under the continuation provisions as provided by the Consolidated Omnibus Budget Reconciliation Act (COBRA), if applicable.

A complete description of the "State continuation of health insurance" and "Continuation of coverage for dependents" provisions follows.

State continuation of health insurance

A *covered person* whose coverage terminates shall have the right to continuation under the *policy* as follows.

An *employee* may elect to continue coverage for himself or herself.

If an *employee* was insured for *dependent* coverage when his or her health insurance terminated, an *employee* may choose to continue health insurance for any *dependent* who was insured by the *policy*. The same terms with regard to the availability of continued health insurance described below will apply to *dependents*.

In order to be eligible for this option,

- The *employee* must have been continuously covered under the *policy* for at least three consecutive months prior to termination, and
- The *covered person's* coverage must be terminated for any other reason other than involuntary termination for cause.

There is no right to continuation if:

- The termination of coverage occurred because the *employee* failed to pay the required premium contribution;
- The discontinued *group* coverage was replaced by similar group coverage within 31 days of the discontinuance;
- The *covered person* is or could be covered by *Medicare*;
- The *covered person* has similar benefits under another group or individual plan whether insured or self insured;
- The *covered person* is eligible for similar benefits under another group plan whether insured or self insured; or
- Similar benefits are provided for or available to the *covered person* under any state or federal law.

CONTINUATION (continued)

Written application and payment of the first premium for continuation must be made within 31 days after the date coverage terminates or within 31 days after the *covered person* has been given any required notice. No evidence of insurability is required to obtain continuation.

If this state continuation option is selected, continuation will be permitted for a maximum of twelve months. The premium rate will be 102% of the *group* premium. The premium will be payable in advance to the *policyholder* on a monthly basis. Continuation may not terminate until the earliest of:

- Twelve months after the date the election is made;
- The date timely premium payments are not made on *your* behalf;
- The date the *group* coverage terminates in its entirety;
- The date on which the *covered person* is or could be covered under *Medicare*;
- The date on which the *covered person* is covered for similar benefits under another group or individual policy;
- The date on which the *covered person* is eligible for similar benefits under another group plan; or
- The date on which similar benefits are provided for or available to the *covered person* under any state or federal law.

The *policyholder* is responsible for sending *us* the premium payments for those individuals who choose to continue their health insurance. If the *policyholder* fails to make proper payment of the premiums to *us*, *we* are relieved of all liability for any health insurance that was continued and the liability will rest with the *policyholder*.

Continuation of coverage for dependents

Continuation of coverage is available for *dependents* who are no longer eligible for the health insurance provided by the *policy* because of:

- The death of the covered *employee*;
- The retirement of the covered *employee*; or
- The severance of the family relationship.

Each *dependent* may choose to continue these benefits for up to three years after the date the coverage would have normally terminated. *We* must receive proper notice of the choice to continue coverage, but *we* will not require evidence of insurability.

Proper notice of the choice to continue coverage is given as follows:

- The covered *employee* or *dependent* must give the *policyholder* written notice within 30 days of any severance of the family relationship that might activate this continuation option;
- The *policyholder* must give written notice to each affected *dependent* of the continuation option immediately upon receipt of notice of severance of the family relationship or upon receipt of notice of the *employee's* death or retirement; and

CONTINUATION (continued)

- The *dependent* must give written notice to the *policyholder* of his or her desire to exercise the continuation option within 30 days from the date of severance of the family relationship or the date of the *employee's* death or retirement.

The *policyholder* must notify *us* of the choice to continue coverage upon receipt of it.

Premiums must be paid each month in advance for coverage to continue. The *policyholder* is responsible for sending *us* the premium payments for those individuals who choose to continue their coverage.

The option to continue coverage is not available if:

- The *policy* terminates;
- A *dependent* becomes eligible for similar group coverage either on an insured or self insured basis;
- The *dependent* becomes eligible for *Medicare*;
- The *dependent* was not covered by the *policy* and the Prior Plan replaced by the *policy* for at least one year prior to the date coverage terminates, except in the case of an infant under one year of age; or
- The *dependent* elects to continue his or her coverage under the terms and conditions described in (COBRA).

Continued coverage terminates on the earliest of the following dates:

- The last day of the three-year period following the date the *dependent* was no longer eligible for coverage;
- The date the *dependent* becomes eligible for similar group benefits, either on an insured or self insured basis;
- The date the *dependent* becomes eligible for *Medicare*;
- The date timely premium payments are not made on *your* behalf; or
- The date the *policy* terminates.

The *policyholder* is responsible for sending *us* the premium payments for those individuals who choose to continue their health insurance. If the *policyholder* fails to make proper payment of the premiums to *us*, *we* are relieved of all liability for any health insurance that was continued and the liability will rest with the *policyholder*.

MS1800 04/18

COORDINATION OF BENEFITS

This "Coordination of Benefits" (COB) provision applies when a person has health care coverage under more than one *plan*. The order of benefit determination rules below determine which *plan* will pay as the *primary plan*. The *primary plan* pays first without regard to the possibility another *plan* may cover some expenses. A *secondary plan* pays after the *primary plan* and may reduce the benefits it pays so that payments from all *plans* do not exceed 100% of the total *allowable expense*.

Definitions

The following definitions are used exclusively in this provision.

Plan means any of the following that provide services, supplies, or equipment for *hospital, surgical, medical or dental care or treatment*. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered part of the same *plan* and there is no COB among those separate contracts.

Plan includes:

- Group or individual insurance policies;
- Non-profit health services plans;
- Health maintenance organization subscriber contracts;
- Self-insured group plans;
- Prepayment plans;
- Automobile or homeowners medical pay-plans; and
- Medicare, as permitted by federal law.

Plan does not include:

- Hospital daily indemnity plan;
- A state plan under *Medicaid*;
- Specified diseases only policies; or
- Limited occurrence policies which provide only for intensive care or coronary care at a hospital, first aid outpatient medical expenses resulting from accident, or specified accidents such as travel accidents.

Each contract for coverage is a separate *plan*. If a *plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *plan*.

Notwithstanding any statement to the contrary, for the purposes of COB, prescription drug coverage under this *plan*, if applicable, will be considered a separate *plan* and will therefore only be coordinated with other prescription drug coverage.

Primary/secondary means the order of benefit determination stating whether this *plan* is *primary* or *secondary* covering the person when compared to another *plan* also covering the person.

COORDINATION OF BENEFITS (continued)

When this *plan* is *primary*, its benefits are determined before those of any other *plan* and without considering any other *plan's* benefits. When this *plan* is *secondary*, its benefits are determined after those of another *plan* and may be reduced because of the *primary plan's* benefits.

Allowable expense means a health care service or expense, including *deductibles*, if any, and *copayments*, that is covered at least in part by any of the *plans* covering the person. When a *plan* provides benefits in the form of services (e.g. an HMO), the reasonable cash value of each service will be considered an *allowable expense* and a benefit paid. An expense or service that is not covered by any of the *plans* is not an *allowable expense*. The following are examples of expenses or services that are not *allowable expenses*:

- If a *covered person* is confined in a private *hospital* room, the difference between the cost of a semi-private room in the *hospital* and the private room, (unless the patient's stay in a private *hospital* room is medically necessary in terms of generally accepted medical practice, or one of the *plans* routinely provides coverage for *hospital* private rooms) is not an *allowable expense*.
- If a person is covered by two or more *plans* that compute their benefits payments on the basis of usual and customary fees, any amount in excess of the highest usual and customary fees for a specific benefit is not an *allowable expense*.
- If a person is covered by two or more *plans* that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the fees is not an *allowable expense*.
- If a person is covered by one *plan* that calculates its benefits or services on the basis of usual and customary fees and another *plan* that provides its benefits or services on the basis of negotiated fees, the *primary plan's* payment arrangement shall be the *allowable expense* for all *plans*.
- The amount a benefit is reduced by the *primary plan* because a *covered person* does not comply with the *plan* provisions. Examples of these provisions are second surgical opinions, precertification of *admissions* and preferred provider arrangements.

Claim determination period means a calendar year. However, it does not include any part of a year during which a person has no coverage under this *plan*, or before the date this COB provision or a similar provision takes effect.

Closed panel plan is a *plan* that provides health benefits to covered persons primarily in the form of services through a panel of providers that has contracted with or are employed by the *plan*, and that limits or excludes benefits for services provided by other providers, except in the cases of emergency or referral by a panel member.

Custodial parent means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

COORDINATION OF BENEFITS (continued)

Order of determination rules

General

When two or more *plans* pay benefits, the rules for determining the order of payment are as follows:

- The *primary plan* pays or provides its benefits as if the *secondary plan* or *plans* did not exist.
- A *plan* that does not contain a COB provision that is consistent with applicable promulgated regulation is always *primary*. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the *plan* provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base *plan* hospital and surgical benefits, and insurance type coverages that are written in connection with a *closed panel plan* to provide out-of-network benefits.
- A *plan* may consider the benefits paid or provided by another *plan* in determining its benefits only when it is *secondary* to that other *plan*.

Rules

The first of the following rules that describes which *plan* pays its benefits before another *plan* is the rule to use.

- **Non-dependent or dependent.** The *plan* that covers the person other than as a *dependent*, for example as an *employee*, member, subscriber or retiree is *primary* and the *plan* that covers the person as a *dependent* is *secondary*. However, if the person is a *Medicare* beneficiary and, as a result of federal law, *Medicare* is *secondary* to the *plan* covering the person as a *dependent*; and *primary* to the *plan* covering the person as other than a *dependent* (e.g. retired *employee*); then the order of benefits between the two *plans* is reversed so that the *plan* covering the person as an *employee*, member, subscriber or retiree is *secondary* and the other *plan* is *primary*.
- **Dependent child covered under more than one *plan*.** The order of benefits when a child is covered by more than one *plan* is:
 - The *primary plan* is the *plan* of the parent whose birthday is earlier in the year if:
 - The parents are married;
 - The parents are not separated (whether or not they have been married); or
 - A court decree awards joint custody without specifying that one parent has the responsibility to provide health care coverage.
 - If both the parents have the same birthday, the *plan* that covered either of the parents longer is *primary*.

COORDINATION OF BENEFITS (continued)

- If the specific terms of a court decree state that one parent is responsible for the child's health care expenses or health care coverage and the *plan* of that parent has actual knowledge of those terms, that *plan* is *primary*. This rule applies to *claim determination periods* or plan years commencing after the *plan* is given notice of the court decree.
- If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The *plan* of the *custodial parent*;
 - The *plan* of the spouse of the *custodial parent*;
 - The *plan* of the *non-custodial parent*; and then
 - The *plan* of the spouse of the *non-custodial parent*.
- **Active or inactive employee.** The *plan* that covers a person as an *employee*, who is neither laid off nor retired, is *primary*. The same would hold true if a person is a *dependent* of a person covered as a retiree and an *employee*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.
- **Continuation coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another *plan*, the *plan* covering the person as an *employee*, member, subscriber or retiree (or as that person's *dependent*) is *primary*, and the continuation coverage is *secondary*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.
- **Longer or shorter length of coverage.** The *plan* that covered the person as an *employee*, member, subscriber or retiree longer is *primary*.

If the preceding rules do not determine the *primary plan*, the *allowable expenses* shall be shared equally between the *plans* meeting the definition of *plan* under this provision. In addition, this *plan* will not pay more than it would have had it been *primary*.

Effects on the benefits of this plan

When this *plan* is *secondary*, benefits may be reduced to the difference between the *allowable expense* (determined by the *primary plan*) and the benefits paid by any *primary plan* during the *claim determination period*. Payment from all *plans* will not exceed 100% of the total *allowable expense*.

If a *covered person* is enrolled in two or more *closed panel plans* and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one *closed panel plan*, COB shall not apply between that *plan* and the other *closed panel plan*.

COORDINATION OF BENEFITS (continued)

Right to receive and release needed information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this *plan* and other *plans*. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this *plan* and other *plans* covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this *plan* must give us any facts we need to apply those rules and determine benefits payable.

Facility of payment

A payment made under another *plan* may include an amount that should have been paid under this *plan*. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this *plan*. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means a reasonable cash value of the benefits provided in the form of services.

Right of recovery

If the amount of the payments made by us is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

General coordination of benefits with Medicare

If you are covered under both *Medicare* and this *certificate*, federal law mandates that *Medicare* is the secondary plan in most situations. When permitted by law, this plan is the secondary plan. In all cases, coordination of benefits with *Medicare* will conform to federal statutes and regulations. If you are enrolled in *Medicare*, your benefits under this *certificate* will be coordinated to the extent benefits are payable under *Medicare*, as allowed by federal statutes and regulations.

CLAIMS

Notice of claim

Notice of claim must be given to *us* in writing or by *electronic mail* within 30 days after the date of loss, or as soon as is reasonably possible thereafter. Notice must be sent to *us* at *our* mailing address shown on *your* ID card or at *our* Website at www.humana.com.

Claims must be complete. At a minimum a claim must contain:

- Name of the *covered person*, who incurred the *covered expenses*;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

If *you* receive services outside the United States or from a foreign provider, *you* must also submit the following information along with *your* complete claim:

- *Your* proof of payment to the provider for the services received outside the United States or from a foreign provider;
- Complete medical information and medical records;
- *Your* proof of travel outside of the United States, such as airline tickets or passport stamps, if *you* traveled to receive the services; and
- The foreign provider's fee schedule if the provider uses a billing agency.

The forms necessary for filing proof of loss are available at www.humana.com. When requested by *you*, we will send *you* the forms for filing proof of loss. If the requested forms are not sent to *you* within 15 days, *you* will have met the proof of loss requirements by sending *us* a written or *electronic* statement of the nature and extent of the loss containing the above elements within the time limit stated in the "Proof of loss" provision.

Proof of loss

You must give written or *electronic* proof of loss within 90 days after the date *you* incur such loss. *Your* claims will not be reduced or denied if it was not reasonably possible to give such proof within that time period.

Your claims may be reduced or denied if written or *electronic* proof of loss is not provided to *us* within one year after the date proof of loss is required, unless *your* failure to timely provide that proof of loss is due to *your* legal incapacity as determined by an appropriate court of law.

CLAIMS (continued)

Claims processing procedures

Qualified provider services are subject to *our* claims processing procedures. *We* use *our* claims processing procedures to determine payment of *covered expenses*. *Our* claims processing procedures include, but are not limited to, claims processing edits and claims payment policies, as determined by *us*. *Your qualified provider* may access *our* claims processing edits and claims payment policies on *our* Website at www.humana.com by clicking on "For Providers" and "Claims Resources."

Claims processing procedures include the interaction of a number of factors. The amount determined to be payable for a *covered expense* may be different for each claim because the mix of factors may vary. Accordingly, it is not feasible to provide an exhaustive description of the claims processing procedures, but examples of the most commonly used factors are:

- The complexity of a service;
- Whether a service is one of multiple same-day services such that the cost of the service to the *qualified provider* is less than if the service had been provided on a different day. For example:
 - Two or more *surgeries* performed the same day;
 - Two or more endoscopic procedures performed during the same day; or
 - Two or more therapy services performed the same day;
- Whether a *co-surgeon, assistant surgeon, surgical assistant* or any other *qualified provider*, who is billing independently is involved;
- When a charge includes more than one claim line, whether any service is part of or incidental to the primary service that was provided, or if these services cannot be performed together;
- Whether the service is reasonably expected to be provided for the diagnosis reported;
- Whether a service was performed specifically for *you*; or
- Whether services can be billed as a complete set of services under one billing code.

We develop *our* claims processing procedures in *our* sole discretion based on *our* review of correct coding initiatives, national benchmarks, industry standards, and industry sources such as the following, including any successors of the same:

- *Medicare* laws, regulations, manuals and other related guidance;
- Federal and state laws, rules and regulations, including instructions published in the Federal Register;
- National Uniform Billing Committee (NUBC) guidance including the UB-04 Data Specifications Manual;
- American Medical Association's (AMA) Current Procedural Terminology (CPT®) and associated AMA publications and services;
- Centers for Medicare & Medicaid Services' (CMS) Healthcare Common Procedure Coding System (HCPCS) and associated CMS publications and services;
- International Classification of Diseases (ICD);
- American Hospital Association's Coding Clinic Guidelines;
- Uniform Billing Editor;
- American Psychiatric Association's (APA) Diagnostic and Statistical Manual of Mental Disorders (DSM) and associated APA publications and services;

CLAIMS (continued)

- Food and Drug Administration guidance;
- Medical and surgical specialty societies and associations;
- Industry-standard utilization management criteria and/or care guidelines;
- *Our* medical and pharmacy coverage policies; and
- Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed literature.

Changes to any one of the sources may or may not lead *us* to modify current or adopt new claims processing procedures.

Subject to applicable law, *qualified providers* who are *non-contracted providers* may bill *you* for any amount *we* do not pay even if such amount exceeds the allowed amount after *we* apply claims processing procedures. Any such amount paid by *you* will not apply to *your deductible* or any *out-of-pocket limit*. *You* will also be responsible for any applicable *deductible, copayment or coinsurance*.

You should discuss *our* claims processing edits, claims payment policies and medical or pharmacy coverage policies and their availability with any *qualified provider* prior to receiving any services. *You* or *your qualified provider* may access *our* claims processing edits and claims payment policies on *our* Website at www.humana.com by clicking on "For Providers" and "Claims resources." *Our* medical and pharmacy coverage policies may be accessed on *our* Website at www.humana.com under "Medical Resources" by clicking "Coverage Policies." *You* or *your qualified provider* may also call *our* toll-free customer service number listed on *your* ID card to obtain a copy of a claims processing edit, claims payment policy or coverage policy.

Other programs and procedures

We may introduce new programs and procedures that apply to *your* coverage under the *policy*. *We* may also introduce limited pilot or test programs including, but not limited to, disease management, care management, expanded accessibility, or wellness initiatives.

We reserve the right to *discontinue* or *modify* a program or procedure at any time.

Right to require medical examinations

We have the right to require a medical examination on any *covered person* as often as *we* may reasonably require. If *we* require a medical examination, it will be performed at *our* expense

To whom benefits are payable

All benefit payments for *covered expenses* rendered are due and owing solely to the *covered person*. *You* may request that *we* direct a payment of selected medical benefits to the health care provider on whose charge the claim is based. *We* will honor this assignment for a period of one year starting from the initial date of the assignment. Such payments will not constitute the assignment of any legal obligation.

CLAIMS (continued)

If any *covered person* to whom benefits are payable is a minor or, in *our* opinion, not able to give a valid receipt for any payment due him or her, such payment will be made to his or her parent or legal guardian. However, if no request for payment has been made by the parent or legal guardian, *we* may, at *our* option, make payment to the person or institution appearing to have assumed his or her custody and support.

If the *covered person* is deceased, payment will be made, at *our* option, to any one of the following:

- *You* in the case of a covered *dependent*;
- *Your* spouse;
- A provider; or
- *Your* estate.

Any payment of to an amount not to exceed \$1000.00, made by *us* in good faith will fully discharge *us* of any liability to the extent of such payment.

Time of payment of claims

We will pay benefits for *covered expenses* after *you* have satisfied any *deductibles* and *copayment* amounts. No benefits are payable for charges which are discounted, waived or rebated by a provider of services simply because *you* are insured. *We* shall have the right to recover from a provider of services or from *you* any excess benefits paid for charges which were discounted, waived or rebated.

Benefits will be paid within twenty five (25) days after receipt of due written proof of such loss in the form of a clean claim where claims are submitted electronically, and will be paid within thirty-five (35) days after receipt of due written proof of such loss in the form of a clean claim where claims are submitted in paper format. Benefits due under the policies and claims are overdue if not paid within twenty-five (25) days, whichever is applicable, after *we* receive a clean claim containing necessary medical information and other information essential to administer preexisting condition, coordination of benefits and subrogation provisions. A "clean claim" means a claim received by *us* for adjudication and which requires no further information, adjustment, or alteration by the *provider* of the services or *you* in order to be processed and paid by *us*. A claim is clean if it has no defect or impropriety, including any lack of substantiating documentation, or particular circumstance requiring special treatment that prevents a timely payment from being made on the claim under this provision. A clean claim includes resubmitted claims with previously identified deficiencies corrected. Errors, such as system errors, attributable to *us*, do not change the clean claim status.

A clean claim does not include any of the following:

- A duplicate claim, which means an original claim and it's duplicate when the duplicate is filed within thirty (30) days of the original claim;
- Claims which are submitted fraudulently or that are based upon material misrepresentations;
- Claims that require information essential for *us* to administer preexisting condition, coordination of benefits or subrogation provisions; or
- Claims submitted by a *provider* more than (30) days after the date of service. If the *provider* does not submit the claim on *your* behalf, then a claim is not clean when submitted more than thirty (30) days after the date of billing by the *provider* to *you*.

CLAIMS (continued)

Not later than twenty-five (25) days after the date *we* actually receive an electronic claim, or thirty-five (35) days after the date *we* actually receive a paper claim, the appropriate benefit will be paid in full, or any portion of the claim that is clean, and notify the provider or *you* of the reasons why the claim or portion of the claim:

- Is not clean;
- Will not be paid; and
- What substantiating documentation and information is required to adjudicate the claim as clean.

Any claim or portion of the claim resubmitted with the supporting documentation and information requested by *us* will be paid within twenty (20) days after receipt.

The term "pay" means that *we* will either send cash or a cash equivalent by United States mail, or send cash equivalent by other means such as electronic transfer, in full satisfaction of the appropriate benefit due the provider or *you*. To calculate the extent to which any benefits are overdue, payment shall be treated as made on the date:

- A draft or other valid instrument was placed in the United States mail to the last known address of the provider or *you* in a properly addressed, postpaid envelope; or
- Of delivery of payment to the provider or *you* if not posted or not sent by United States mail.

If the clean claim is not denied for valid and proper reasons or paid by the end for the applicable time period described above, the claim will be increased by interest at three percent (3%) per month until finally settled or adjudicated. Whenever the interest due is less than one (1) dollar, such amount shall be credited to your account or of the entity to whom such amount is owed.

In the event we fail to pay benefits when due, the person entitled to such benefits may take action to recover such benefits, any interest which may accrue, and any other damages as state law allows. If it is determined we acted in bad faith as evidenced by a repeated or deliberate pattern of failing to pay benefits and/or claims when due, the person entitled to such benefits will be entitled to recover damages in an amount up to three (3) times the amount of the benefits that remain unpaid until the claim is finally settled or adjudicated.

Right to request overpayments

We reserve the right to recover any payments made by *us* 15 months after the payment:

- Made in error;
- Made to *you* or any party on *your* behalf, where *we* determine that such payment made is greater than the amount payable under the *policy*; or
- Made to *you* and/or any party on *your* behalf for charges that were discounted, waived or rebated.

We reserve the right to recover any payments made at any time by *us* that were made to *you* and/or any party on *your* behalf, based on misrepresentation, omission, concealment or fraud.

We reserve the right to adjust any amount applied in error to the *deductible* or *out-of-pocket limit* within 15 months after payment has been made by *us*.

CLAIMS (continued)

Right to collect needed information

You must cooperate with *us* and when asked, assist *us* by:

- Authorizing the release of medical information including the names of all providers from whom *you* received medical attention;
- Obtaining medical information or records from any provider as requested by *us*;
- Providing information regarding the circumstances of *your sickness, bodily injury or accident*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury or sickness* for which another party may be liable to pay compensation or benefits;
- Providing copies of claims and settlement demands submitted to third parties in relation to a *bodily injury or sickness*;
- Disclosing details of liability settlement agreements reached with third parties in relation to a *bodily injury or sickness*; and
- Providing information *we* request to administer the *policy*.

If *you* fail to cooperate or provide the necessary information, *we* may recover payments made by *us* and deny any pending or subsequent claims for which the information is requested.

Exhaustion of time limits

If *we* fail to complete a claim determination or appeal within the time limits set forth in the *policy*, the claim shall be deemed to have been denied and *you* may proceed to the next level in the review process outlined under the "Complaint and Appeal Procedures" section of this *certificate* or as required by law.

Recovery rights

You as well as *your dependents* agree to the following, as a condition of receiving benefits under the *policy*.

Duty to cooperate in good faith

You are obligated to cooperate with *us* and *our* agents in order to protect *our* recovery rights. Cooperation includes promptly notifying *us* that *you* may have a claim, providing *us* relevant information, and signing and delivering such documents as *we* or *our* agents reasonably request to secure *our* recovery rights. *You* agree to obtain *our* consent before releasing any party from liability for payment of medical expenses. *You* agree to provide *us* with a copy of any summons, complaint or any other process served in any lawsuit in which *you* seek to recover compensation for *your* injury and its treatment.

You will do whatever is necessary to enable *us* to enforce *our* recovery rights and will do nothing after loss to prejudice *our* recovery rights.

CLAIMS (continued)

You agree that *you* will not attempt to avoid *our* recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

In the event that *you* fail to cooperate with *us*, *we* shall be entitled to recover from *you* any payments made by *us*.

Duplication of benefits/other insurance

We will not provide duplicate coverage for benefits under the *policy* when a person is covered by *us* and has, or is entitled to, benefits as a result of their injuries from any other coverage including, but not limited to, first party uninsured or underinsured motorist coverage, any no-fault insurance, medical payment coverage (auto, homeowners or otherwise), Workers' Compensation settlement or awards, other group coverage (including student plans), direct recoveries from liable parties, premises medical pay or any other insurer providing coverage that would apply to pay *your* medical expenses, except another "plan," as defined in the "Coordination of Benefits" section (e.g., group health coverage), in which case priority will be determined as described in the "Coordination of Benefits" section.

Where there is such coverage, *we* will not duplicate other coverage available to *you* and shall be considered secondary, except where specifically prohibited. Where double coverage exists, *we* shall have the right to be repaid from whomever has received the overpayment from *us* to the extent of the duplicate coverage.

We will not duplicate coverage under the *policy* whether or not *you* have made a claim under the other applicable coverage.

When applicable, *you* are required to provide *us* with authorization to obtain information about the other coverage available, and to cooperate in the recovery of overpayments from the other coverage, including executing any assignment of rights necessary to obtain payment directly from the other coverage available.

Workers' compensation

This *policy* excludes coverage for *sickness* or *bodily injury* for which Workers' Compensation or similar coverage is available.

If benefits are paid by *us* and *we* determine that the benefits were for treatment of *bodily injury* or *sickness* that arose from or was sustained in the course of, any occupation or employment for compensation, profit or gain, *we* have the right to recover as described below.

We shall have first priority to recover benefits *we* have paid from any funds that are paid or payable by Workers' Compensation or similar coverage as a result of any *sickness* or *bodily injury*, and *we* shall not be responsible for contributing to any attorney fees or recovery expenses under a Common Fund or similar doctrine.

CLAIMS (continued)

Our right to recover from funds that are paid or payable by Workers' Compensation or similar coverage will apply even though:

- The Workers' Compensation carrier does not accept responsibility to provide benefits;
- There is no final determination that *bodily injury* or *sickness* was sustained in the course of, or resulted from, *your* employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by *you* or the Workers' Compensation carrier; or
- Medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

As a condition to receiving benefits from *us*, *you* hereby agree, in consideration for the coverage provided by the *policy*, *you* will notify *us* of any Workers' Compensation claim *you* make, and *you* agree to reimburse *us* as described above. If *we* are precluded from exercising *our* recovery rights to recover from funds that are paid by Workers' Compensation or similar coverage *we* will exercise *our* right to recover against *you*.

Right of subrogation

As a condition to receiving benefits from *us*, *you* agree to transfer to *us* any rights *you* may have to make a claim, take legal action or recover any expenses paid under the *policy*. *We* will be subrogated to *your* rights to recover from any funds paid or payable as a result of a personal injury claim or any reimbursement of expenses by:

- Any legally liable person or their carrier, including self-insured entities;
- Any uninsured motorist or underinsured motorist coverage;
- Medical payments/expense coverage under any automobile, homeowners, premises, or similar coverages;
- Workers' Compensation or other similar coverage; and
- No-fault or other similar coverage.

We may enforce *our* subrogation rights by asserting a claim to any coverage to which *you* may be entitled. *We* shall have first priority to recover benefits *we* have paid from any funds that are paid or payable as a result of any *sickness* or *bodily injury*, regardless of whether available funds are sufficient to fully compensate *you* for *your sickness* or *bodily injury*.

If *we* are precluded from exercising *our* rights of subrogation, *we* may exercise *our* right of reimbursement.

Our subrogation right is limited by any applicable state law or rule (including any "made whole" or similar rule) limiting the rights of the insurer to recover the expenses it has paid on *your* behalf.

CLAIMS (continued)

Right of reimbursement

If benefits are paid under the *policy* and *you* recover from any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar coverage, *we* have the right to recover from *you* an amount equal to the amount *we* paid.

You shall notify *us*, in writing or by *electronic mail*, within 31 days of any settlement, compromise or judgment. Any *covered person* who waives, abrogates or impairs *our* right of reimbursement or fails to comply with these obligations, relieves *us* from any obligation to pay past or future benefits or expenses until all outstanding lien(s) are resolved.

If, after the inception of coverage with *us*, *you* recover payment from and release any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar insurer from liability for future medical expenses relating to a *sickness* or *bodily injury*, *we* shall have a continuing right to reimbursement from *you* to the extent of the benefits *we* provided with respect to that *sickness* or *bodily injury*. This right, however, shall apply only to the extent of such payment.

The obligation to reimburse *us* in full exists, regardless of whether the settlement, compromise or judgment designates the recovery as including or excluding medical expenses.

Assignment of recovery rights

The *policy* contains an exclusion for *sickness* or *bodily injury* for which there is medical payment/expenses coverage provided under any automobile, homeowner's, premises or other similar coverage.

If *your* claim against the *other insurer* is denied or partially paid, *we* will process *your* claim according to the terms and conditions of the *policy*. If payment is made by *us* on *your* behalf, *you* agree to assign to *us* the right *you* have against the *other insurer* for medical expenses *we* pay.

If benefits are paid under the *policy* and *you* recover under any automobile, homeowner's, premises or similar coverage, *we* have the right to recover from *you*, or whomever *we* have paid, an amount equal to the amount *we* paid.

Cost of legal representation

The costs of *our* legal representation in matters related to *our* recovery rights shall be borne solely by *us*.

The costs of legal representation incurred by *you* shall be borne solely by *you*. *We* shall not be responsible to contribute to the cost of legal fees or expenses incurred by *you* under any Common Fund or similar doctrine unless *we* were given timely notice of the claim and an opportunity to protect *our* own interests and *we* failed or declined to do so.

COMPLAINT AND APPEAL PROCEDURES

If *you* are dissatisfied with *our* determination of *your* claim, *you* may appeal the decision. *You* should appeal in writing to the address given on the denial letter *you* received or to *us* at the following address:

Grievance and Appeal Department
P. O. Box 14546
Lexington, KY 40512-4546

The appeal must be submitted to *us* within 180 days after *you* receive written notice of the denial (or partial denial). Such appeals will be handled on a timely basis and appropriate records will be kept on all appeals.

Exhaustion of remedies

You must complete all levels of the appeal process available to *you* under state or federal law, before filing a lawsuit. This assures that both *you* and *we* have a full and fair opportunity to complete the record and resolve the dispute. Contact *us* if *you* believe *your* condition requires the use of the shorter time lines applicable to emergency health conditions.

The appeal process, however, does not stop *you* from pursuing other appropriate remedies, including injunctive relief or equitable relief, if the requirement of exhausting the process for appeals, including the emergency appeal process, would place *your* health in serious jeopardy.

A coverage denial does not mean that *your* provider cannot provide the service or supply. *Our* denial only means *we* will not pay for the service or supply, unless *our* decision is reversed on appeal or in a subsequent lawsuit.

Legal actions and limitations

No legal action to recover on the *policy* may be brought until 60 days after written proof of loss has been given in accordance with the "Proof of loss" provision of the *policy*.

No legal action to recover on the *policy* may be brought after three years from the date written proof of loss is required to be given.

DISCLOSURE PROVISIONS

Employee assistance program

We may provide *you* access to an employee assistance program (EAP). The EAP may include confidential, telephonic consultations and work-life services. The EAP provides *you* with short-term, problem solving services for issues that may otherwise affect *your* work, personal life or health. The EAP is designed to provide *you* with information and assistance regarding *your* issue and may also assist *you* with finding a medical provider or local community resource.

The services provided by the EAP are not *covered expenses* or insured benefits under the *policy*, therefore the *copayments*, *deductible* or *coinsurance* do not apply. However, there may be additional costs to *you*, if *you* obtain services from a professional or organization the EAP has recommended or has referred *you* to. The EAP does not provide medical care. *You* are not required to participate in the EAP before using *your* insured benefits under the *policy*, and the EAP services are not coordinated with *covered expenses* under the *policy*. The decision to participate in the EAP is voluntary, and *you* may participate at any time during the *year*. Refer to the marketing literature for additional information.

Discount programs

From time to time, *we* may offer or provide access to discount programs to *you*. In addition, *we* may arrange for third party service providers such as pharmacies, optometrists, dentists and alternative medicine providers to provide discounts on goods and services to *you*. Some of these third party service providers may make payments to *us* when *covered persons* take advantage of these discount programs. These payments offset the cost to *us* of making these programs available and may help reduce the costs of *your* plan administration. Although *we* have arranged for third parties to offer discounts on these goods and services, these discount programs are not insured benefits under the *policy*. The third party service providers are solely responsible to *you* for the provision of any such goods and/or services. *We* are not responsible for any such goods and/or services, nor are *we* liable if vendors refuse to honor such discounts. Further, *we* are not liable to *covered persons* for the negligent provision of such goods and/or services by third party service providers. Discount programs may not be available to persons who "opt out" of marketing communications and where otherwise restricted by law.

Wellness programs

From time to time *we* may offer directly, or enter into agreements with third parties who administer participatory or health-contingent wellness programs to *you*.

"Participatory" wellness programs do not require *you* to meet a standard related to a health factor. Examples of participatory wellness programs may include, but are not limited to, membership in a fitness center, certain preventive testing or attending a no-cost health education seminar.

"Health-contingent" wellness programs require *you* to attain certain wellness goals that are related to a health factor. Examples of health-contingent wellness programs may include, but are not limited to, completing a 5k event, lowering blood pressure or ceasing the use of tobacco.

DISCLOSURE PROVISIONS (continued)

The rewards may include, but are not limited to, payment for all or a portion of a participatory wellness program, merchandise, gift cards, debit cards, discounts or contributions to *your* health spending account. *We* are not responsible for any rewards provided by third parties that are non-insurance benefits or for *your* receipt of such reward(s).

The rewards may also include, but are not limited to, discounts or credits toward premium or a reduction in *copayments, deductibles or coinsurance*, as permitted under applicable state and federal laws. Such insurance premium or benefit rewards may be made available at the individual or *group* health plan level.

The rewards may be taxable income. *You* may consult a tax advisor for further guidance.

Our agreement with any third party does not eliminate any of *your* obligations under this *policy* or change any of the terms of this *policy*. *Our* agreement with the third parties and the program may be terminated at any time, although insurance benefits will be subject to applicable state and federal laws.

We are committed to helping *you* achieve *your* best health. Some wellness programs may be offered only to *covered persons* with particular health factors. If *you* think *you* might be unable to meet a standard for a reward under a health-contingent wellness program, *you* might qualify for an opportunity to earn the same reward by different means. MISCELLANEOUS PROVISIONS

Entire contract

The entire contract is made up of the *policy*, the application of the *policyholder*, incorporated by reference herein, and the applications or enrollment forms, if any, of the *covered persons*. All statements made by the *policyholder* or by a *covered person* are considered to be representations, not warranties. This means that the statements are made in good faith. No statement will void the *policy*, reduce the benefits it provides or be used in defense to a claim unless it is contained in a written or *electronic* application or enrollment form and a copy is furnished to the person making such statement or his or her beneficiary.

Additional policyholder responsibilities

In addition to responsibilities outlined in the *policy*, the *policyholder* is responsible for:

- Collection of premium; and
- Distributing and providing *covered persons* access to:
 - Benefit plan documents and the Summary of Benefits and Coverage (SBC);
 - Renewal notices and *policy* modification information;
 - Discontinuance notices; and
 - Information regarding continuation rights.

No *policyholder* may change or waive any provision of the *policy*.

Certificates of insurance

A *certificate* setting forth the benefits available to the *employee* and the *employee's* covered dependents will be available at www.humana.com or in writing when requested. The *policyholder* is responsible for providing *employees* access to the *certificate*.

No document inconsistent with the *policy* shall take precedence over it. This is true, also, when this *certificate* is incorporated by reference into a summary description of plan benefits by the administrator of a group health plan subject to ERISA. If the terms of a summary plan description differ with the terms of this *certificate*, the terms of this *certificate* will control.

Incontestability

No misstatement made by the *policyholder*, except for fraud or an intentional misrepresentation of a material fact made in the application may be used to void the *policy*.

After *you* are insured without interruption for two years, *we* cannot contest the validity of *your* coverage except for:

- Nonpayment of premium; or
- Any fraud or intentional misrepresentation of a material fact made by *you*.

MISCELLANEOUS PROVISIONS (continued)

At any time, *we* may assert defenses based upon provisions in the *policy* which relate to *your* eligibility for coverage under the *policy*.

No statement made by *you* can be contested unless it is in a written or *electronic* form signed by *you*. A copy of the form must be given to *you* or *your* beneficiary.

An independent incontestability period begins for each type of change in coverage or when a new application or enrollment form of the *covered person* is completed.

Fraud

Health insurance fraud is a criminal offense that can be prosecuted. Any person(s) who willingly and knowingly engages in an activity intended to defraud *us* by filing a claim or form that contains a false or deceptive statement may be guilty of insurance fraud.

If *you* commit fraud against *us* or *your employer* commits fraud pertaining to *you* against *us*, as determined by *us*, *we* reserve the right to *rescind your* coverage after *we* provide *you* a 30 calendar day advance written notice that coverage will be *rescinded*. *You* have the right to appeal the *rescission*.

Clerical error or misstatement

If it is determined that information about a covered person was omitted or misstated in error, an adjustment may be made in premiums and/or coverage in effect. This provision applies to *you* and to *us*.

Modification of policy

The *policy* may be modified by *us*, upon renewal of the *policy*, as permitted by state and federal law. The *policyholder* will be notified in writing or *electronically* as follows:

- For a *small employer*, at least 75 days prior to the effective date of the change;
- For a large *employer*, at least 75 days prior to the effective date of the change.

The *policy* may be modified by agreement between *us* and the *policyholder* without the consent of any *covered person* or any beneficiary. No modification will be valid unless approved by *our* President, Secretary or Vice-President. The approval must be endorsed on or attached to the *policy*. No agent has authority to modify the *policy*, waive any of the *policy* provisions, extend the time of premium payment, or bind *us* by making any promise or representation.

Corrections due to clerical errors or clarifications that do not change benefits are not modifications of the *policy* and may be made by *us* at any time without prior consent of, or notice to, the *policyholder*.

MISCELLANEOUS PROVISIONS (continued)

Discontinuation of coverage

If we decide to discontinue offering a particular group health policy:

- The *policyholder* and the *employees* will be notified of such discontinuation at least 90 days prior to the date of discontinuation of such coverage; and

If we cease doing business in the *small employer* or the large *employer* group market, the *policyholders*, *covered persons*, and the Commissioner of Insurance will be notified of such discontinuation at least 180 days prior to the date of discontinuation of such coverage.

Premium contributions

Your employer must pay the required premiums to *us* as they become due. *Your employer* may require *you* to contribute toward the cost of *your* insurance. Failure of *your employer* to pay any required premium to *us* when due may result in the termination of *your* insurance.

Premium rate change

We reserve the right to change any premium rates in accordance with applicable law upon notice to the *employer*. We will provide written notice to the *employer* no less than 60 days prior to any such premium changes. Questions regarding changes to premium rates should be addressed to the *employer*.

Assignment

The *policy* and its benefits may not be assigned by the *policyholder*.

Conformity with statutes

Any provision of the *policy* which is not in conformity with applicable state law(s) or other applicable law(s) shall not be rendered invalid, but shall be construed and applied as if it were in full compliance with the applicable state law(s) and other applicable law(s). MS2500 04/18
