Certificate of Insurance Humana Insurance Company

Policyholder:

Policy Number:

Effective Date:

Product Name:

In accordance with the terms of the *policy* issued to the *policyholder*, Humana Insurance Company certifies that a *covered person* is insured for the benefits described in this *certificate*. This *certificate* becomes the Certificate of Insurance and replaces any and all certificates and certificate riders previously issued.

A handwritten signature in black ink that reads "Bruce Broussard".

Bruce Broussard
President

The insurance *policy* under which this *certificate* is issued is not a policy of Workers' Compensation insurance and does not replace Workers' Compensation insurance. *You* should consult *your employer* to determine whether *your employer* is a subscriber to the Workers' Compensation system.

This is not a policy of Long Term Care insurance.

This booklet, referred to as a Benefit Plan Document, is provided to describe *your* Humana coverage

UNDERSTANDING YOUR COVERAGE

As you read the *certificate*, you will see some words are printed in italics. Italicized words may have different meanings in the *certificate* than in general. Please check the "Glossary" sections for the meaning of the italicized words as they apply to *your* plan.

The *certificate* gives you information about *your* plan. It tells you what is covered and what is not covered. It also tells you what you must do and how much you must pay for services. Your plan covers many services, but it is important to remember it has limits. Be sure to read *your certificate* carefully before using *your* benefits.

Essential health benefits

This *certificate* does not apply annual dollar limits or lifetime dollar limits to *covered expenses* that are *essential health benefits*.

Covered and non-covered expenses

We will provide coverage for services, equipment and supplies that are *covered expenses*. All requirements of the *policy* apply to *covered expenses*.

The date used on the bill we receive for *covered expenses* or the date confirmed in *your* medical records is the date that will be used when *your* claim is processed to determine the benefit period.

You must pay the health care provider any amount due that we do not pay. Not all services and supplies are a *covered expense*, even when they are ordered by a *health care practitioner*.

Refer to the "Schedule of Benefits," the "Covered Expenses" and the "Limitations and Exclusions" sections and any amendment attached to the *certificate* to see when services or supplies are *covered expenses* or are non-covered expenses.

How your policy works

We may apply a *copayment* or *deductible* before we pay for certain *covered expenses*. If a *deductible* applies, and it is met, we will pay *covered expenses* at the *coinsurance* amount. Refer to the "Schedule of Benefits" to see when a *copayment*, *deductible* and/or *coinsurance* may apply.

The service and diagnostic information submitted on the *qualified provider's* bill will be used to determine which provision of the "Schedule of Benefits" applies.

Covered expenses are subject to the *maximum allowable fee*. We will apply *your* benefits to the total amount billed by the *qualified provider*, less any amounts such as:

- Those in excess of the negotiated amount by contract, directly or indirectly, between *us* and the *qualified provider*; or
- Those in excess of the *maximum allowable fee*; and
- Adjustments related to *our* claims processing procedures. Refer to the "Claims" section of this *certificate* for more information on *our* claims processing procedures.

UNDERSTANDING YOUR COVERAGE (continued)

Unless stated otherwise in this *certificate*, you will be responsible to pay:

- The applicable *copayment*, *deductible* and/or *coinsurance*;
- Any amount over the *maximum allowable fee* and
- Any amount not paid by *us*.

If an *out-of-pocket limit* applies and it is met, we will pay *covered expenses* at 100% the rest of the year, subject to any maximum benefit and all other terms, provisions, limitations, and exclusions of the *policy*.

How to use your plan

You may receive services from a *qualified provider* without a referral. Refer to the "Schedule of Benefits" for any *preauthorization* requirements.

How to compare costs for services

You may have access to our provider search and cost-of-care estimation tools by signing into your secured account at www.humana.com or by calling our customer service department at the number listed on the back of your ID card. This tool will help you find comparable health care services available from *network providers*. You may obtain an estimate of your out-of-pocket costs for health care services received from a *network provider*.

Seeking emergency care

If you need *emergency care*, go to the nearest emergency facility.

You, or someone on your behalf, must call us within 48 hours after your admission to a hospital for *emergency medical condition*. If your condition does not allow you to call us within 48 hours after your admission, contact us as soon as your condition allows.

Seeking urgent care

If you need *urgent care*, go to the nearest *urgent care center* or call an *urgent care qualified provider*.

Our relationship with qualified providers

Qualified providers are not our agents, employees or partners. All providers are independent contractors. *Qualified providers* make their own clinical judgments or give their own treatment advice without coverage decisions made by us.

UNDERSTANDING YOUR COVERAGE (continued)

The *policy* will not change what is decided between *you* and *qualified providers* regarding *your* medical condition or treatment options. *Qualified providers* act on *your* behalf when they order services. *You* and *your qualified providers* make all decisions about *your* health care, no matter what *we* cover. *We* are not responsible for anything said or written by a *qualified provider* about *covered expenses* and/or what is not covered under this *certificate*. Call *our* customer service department at the telephone number listed on *your* ID card if *you* have any questions.

The certificate

The *certificate* is part of the insurance *policy* and tells *you* what is covered and not covered, and the requirements of the *policy*. Nothing in the *certificate* takes the place of or changes any of the terms of the *policy*. The final interpretation of any provision in the *certificate* is governed by the *policy*. If the *certificate* is different than the *policy*, the provisions of the *policy* will apply. The benefits in the *certificate* apply if *you* are a *covered person*.

COVERED EXPENSES - PHARMACY SERVICES (continued)

Access to non-formulary drugs

A drug not included on *our drug list* is a non-formulary drug. If a *health care practitioner* prescribes a clinically appropriate non-formulary drug, *you* can request coverage of the non-formulary drug through a standard exception request or an expedited exception request. If *you* are dissatisfied with *our* decision of an exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug standard exception request

A standard exception request for coverage of a clinically appropriate non-formulary drug may be initiated by *you*, *your* appointed representative or the prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing or *electronically* by visiting *our* website at www.humana.com. *We* will respond to a standard exception request no later than 72 hours after the receipt date of the request.

As part of the standard exception request, the prescribing *health care practitioner* should include an oral or written statement that provides justification to support the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:

- Will be or have been ineffective;
- Would not be as effective as the non-formulary drug; or
- Would have adverse effects.

If *we* grant a standard exception request to cover a prescribed, clinically appropriate non-formulary drug, *we* will cover the prescribed non-formulary drug for the duration of the *prescription*, including refills. Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If *we* deny a standard exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug expedited exception request

An expedited exception request for coverage of a clinically appropriate non-formulary drug based on exigent circumstances may be initiated by *you*, *your* appointed representative or *your* prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing or *electronically* by visiting *our* website at www.humana.com. *We* will respond to an expedited exception request within 24 hours of receipt of the request. An exigent circumstance exists when a *covered person* is:

- Suffering from a health condition that may seriously jeopardize their life, health, or ability to regain maximum function; or
- Undergoing a current course of treatment using a non-formulary drug.

COVERED EXPENSES - PHARMACY SERVICES (continued)

As part of the expedited review request, the prescribing *health care practitioner* should include an oral or written:

- Statement that an exigent circumstance exists and explain the harm that could reasonably be expected to the *covered person* if the requested non-formulary drug is not provided within the timeframes of the standard exception request; and
- Justification supporting the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:
 - Will be or have been ineffective;
 - Would not be as effective as the non-formulary drug; or
 - Would have adverse effects.

If we grant an expedited exception request to cover a prescribed, clinically appropriate non-formulary drug based on exigent circumstances, we will provide access to the prescribed non-formulary drug:

- Without unreasonable delay; and
- For the duration of the exigent circumstance.

Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If we deny an expedited exception request, you have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug exception request external review

You, your appointed representative or your prescribing *health care practitioner* have the right to an external review by an independent review organization if we deny a non-formulary drug standard or expedited exception request. To request an external review, refer to the exception request decision letter for instructions or call the customer service number on your ID card for assistance.

Step therapy exception request

Your *health care practitioner* may submit to us a written *step therapy* exception request for a clinically appropriate *prescription* drug. The *health care practitioner* should use the *prior authorization* form on our website at www.humana.com or call the customer service telephone number on your ID card.

A written *step therapy* exception request will be granted or denied within two business days of receiving the exception request and all information necessary to complete the review is provided in the prescribing *health care practitioner's* written statement that includes supporting documentation of the following:

- The *prescription* drug requiring *step therapy*:

 - Is expected to be ineffective in the treatment of *your* disease or medical condition;
 - Is not in *your* best interest based on clinical appropriateness, because *your* use of the drug is expected to:
 - Cause a significant barrier to *your* adherence to or compliance with *your* plan of care;
 - Worsen a comorbid condition;
 - Decrease *your* ability to achieve or maintain reasonable functional ability in performing daily activities; or
- *You* are currently receiving a positive therapeutic outcome on a *prescription* drug selected by *your health care practitioner* for the medical condition under consideration while on a current or previous health plan, and *your health care practitioner* provides documentation that the change in *prescription* drug required by the *step therapy* protocol is expected to be ineffective or cause *you* harm based on *your* known characteristics and the known characteristics of the required *prescription* drug.

A *step therapy* exception request is considered granted if *our* response to the request is not received by the prescribing *health care practitioner* within the above specified timeframe.

If we deny a *step therapy* exception request, we will provide *you* or *your* appointed representative and *your* prescribing *health care practitioner*:

The *employee effective dates* specified in this provision apply to an *employee* who is not a *late applicant*.

Dependent effective date

The *dependent's effective date* is the date the *dependent* is eligible for coverage if enrollment is requested within 31 days of the *dependent's eligibility date*. The *special enrollment date* is the *effective date* of coverage for the *dependent* who requests enrollment within the time period specified in the "Special enrollment" provision. The *dependent effective dates* specified in this provision apply to a *dependent* who is not a *late applicant*.

In no event will the *dependent's effective date* of coverage be prior to the *employee's effective date* of coverage.

Newborn and adopted dependent effective date

The *effective date* of coverage for a newborn *dependent* is the date of birth if the newborn is not a *late applicant*.

The *effective date* of coverage for an adopted *dependent* is the date of adoption or the date of placement with the *employee* for the purpose of adoption, whichever occurs first, if the *dependent* child is not a *late applicant*.

ELIGIBILITY AND EFFECTIVE DATES (continued)

Retired employee coverage

Retired employee eligibility date

Retired *employees* are an eligible class of *employees* if requested on the Employer Group Application and if approved by *us*. An *employee* who retires while insured under the *policy* is considered eligible for retired *employee* medical coverage on the date of retirement if the eligibility requirements stated in the Employer Group Application are satisfied.

Retired employee enrollment

The *employer* must notify *us* of the *employee's* retirement within 31 days of the date of retirement. If *we* are notified more than 31 days after the date of retirement, the retired *employee* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

Retired employee effective date

The *effective date* of coverage for an eligible retired *employee* is the date of retirement for an *employee* who retires after the date *we* approve the *employer's* request for a retiree classification, provided *we* are notified within 31 days of the retirement. REPLACEMENT OF COVERAGE

Applicability

This "Replacement of Coverage" section applies when an *employer's* previous group health plan not offered by *us* or *our* affiliates (Prior Plan) is terminated and replaced by coverage under the *policy* and:

- You were covered under the *employer's* Prior Plan on the day before the effective date of the *policy*; and
- You are insured for medical coverage on the effective date of the *policy*.

Benefits available for *covered expense* under the *policy* will be reduced by any benefits payable by the Prior Plan during an extension period.

Deductible credit

Medical expense incurred while *you* were covered under the Prior Plan may be used to satisfy your *deductible* under the *policy* if the medical expense was:

- Incurred in the same calendar year the *policy* first becomes effective; and
- Applied to the deductible amount under the Prior Plan.

Waiting period credit

If the *employee* had not completed the initial *waiting period* under the *policyholder's* Prior Plan on the day that it ended, any period of time that the *employee* satisfied will be applied to the appropriate *waiting period* under the *policy*, if any. The *employee* will then be eligible for coverage under the *policy* when the balance of the *waiting period* has been satisfied.

Out-of-pocket limit

Any medical expense amount applied to the Prior Plan's *out-of-pocket limit* or stop-loss limit will be credited to your *out-of-pocket limit* under the *policy* if the medical expense was incurred in the same calendar year the *policy* first becomes effective.

TERMINATION PROVISIONS

Termination of insurance

The date of termination, as described in this "Termination Provisions" section, may be the actual date specified or the end of that month, as selected by *your employer* on the Employer Group Application (EGA).

You and your employer must notify *us* as soon as possible if *you* or *your dependent* no longer meets the eligibility requirements of the *policy*. Notice must be provided to *us* within 31 days of the change.

When *we* receive notification of a change in eligibility status in advance of the effective date of the change, insurance will terminate on the actual date specified by the *employer* or *employee* or at the end of that month, as selected by *your employer* on the EGA.

When *we* receive the *employer's* request to terminate coverage retroactively, the *employer's* termination request is their representation to *us* that *you* did not pay any premium or make contribution for coverage past the requested termination date.

Otherwise, insurance terminates on the earliest of the following:

- The date the *group policy* terminates;
- The end of the period for which required premium was paid to *us*;
- The date the *employee* terminated employment with the *employer*;
- The date the *employee* is no longer qualified as an *employee*;
- The date *you* fail to be in an eligible class of persons as stated in the EGA;
- The date the *employee* entered full-time military, naval or air service;
- The date the *employee* retired, except if the EGA provides coverage for a retiree class of *employees* and the retiree is in an eligible class of retirees, selected by the *employer*;
- The date of an *employee* request for termination of insurance for the *employee* or *dependents*;
- For a *dependent*, the date the *employee's* insurance terminates;
- For a *dependent*, the date the *employee* ceases to be in a class of *employees* eligible for *dependent* insurance;
- The date *your dependent* no longer qualifies as a *dependent*;
- For any benefit, the date the benefit is deleted from the *policy*; or
- The date fraud or an intentional misrepresentation of a material fact has been committed by *you*. For more information on fraud and intentional misrepresentation, refer to the "Fraud" provision in the "Miscellaneous Provisions" section of this *certificate*.

TERMINATION PROVISIONS (continued)

Termination for cause

We will terminate *your* coverage for cause under the following circumstances:

- If *you* allow an unauthorized person to use *your* ID card or if *you* use the ID card of another *covered person*. Under these circumstances, the person who receives the services provided by use of the ID card will be responsible for paying *us* any amount *we* paid for those services.
- If *you* or the *policyholder* perpetrate fraud or intentional misrepresentation on claims, ID cards or other identification in order to obtain services or a higher level of benefits. This includes, but is not limited to, the fabrication or alteration of a claim, ID card or other identification.

SAMPLE

CONTINUATION

Continuation options in the event of termination

If health insurance terminates:

- It may be continued as described in the "State continuation of health insurance" provision;
- It may be continued as described in the "Continuation of coverage for dependents" provision, if applicable; or
- It may be continued under the continuation provisions as provided by the Consolidated Omnibus Budget Reconciliation Act (COBRA), if applicable. If *you* are eligible for COBRA, *you* may elect either COBRA continuation or State continuation of health insurance, but not both.

A complete description of the "State continuation of health insurance" and "Continuation of coverage for dependents" provisions follows.

State continuation of health insurance

A *covered person* whose coverage terminates shall have the right to continuation under the *policy* as follows.

An *employee* may elect to continue coverage for himself or herself.

If an *employee* was insured for *dependent* coverage when his or her health insurance terminated, an *employee* may choose to continue health insurance for any *dependent* who was insured by the *policy*. The same terms with regard to the availability of continued health insurance described below will apply to *dependents*.

In order to be eligible for this option:

- The *employee* must have been continuously covered under the *policy* or the policy it replaced for at least three consecutive months prior to termination;
- The *covered person's* coverage must be terminated for any reason, except discontinuance of the *policy* in its entirety or was terminated with respect to an insured class; and
- The *covered person* does not elect to continue coverage under the terms and conditions described in COBRA.

Written application and payment of the first premium for continuation must be made within 31 days after the date coverage terminates or within 31 days after the *covered person* has been given any required notice. No evidence of insurability is required to obtain continuation.

Each *covered person* may choose to continue these benefits for up to maximum of three months plus the fraction of the month remaining, unless coverage is terminated during pregnancy. Continuation will be permitted for the term of the pregnancy including the fraction of the month remaining at the time of termination plus an additional six months after the pregnancy ends.

CONTINUATION (continued)

The premium rate will be 100% of the *group* premium. The premium will be payable in advance to the *policyholder* on a monthly basis.

Continuation may not terminate until the earliest of:

- The time period, as referenced above, after the date the *employee* was no longer eligible for coverage;
- The date timely premium payments are not made on *your* behalf;
- The date the *group* coverage terminates in its entirety;
- The date on which the *covered person* is, or could be, covered under *Medicare*;
- The date on which the *covered person* is covered for similar benefits under another group or individual policy;
- The date on which the *covered person* is eligible for similar benefits under another group plan; or
- The date on which similar benefits are provided for, or available to, the *covered person* under any state or federal law.

The *policyholder* is responsible for sending *us* the premium payments for those individuals who choose to continue their health insurance.

Continuation of coverage for dependents

Continuation of coverage is available for *dependents* whose coverage under the *policy* has been terminated for any reason, except discontinuance of the *policy* in its entirety.

Each *dependent* may choose to continue these benefits for a maximum of three months plus the fraction of the month remaining, unless:

- Coverage is terminated during the *dependent's* pregnancy. Continuation will be permitted for the term of the pregnancy including the fraction of the month remaining at the time of termination plus an additional six months after the pregnancy ends.
- The *policy* terminates because of divorce or death of the *employee* while *dependent* coverage is in force. The surviving *dependent* spouse and *dependent children* may continue to be insured for a period of 15 months plus the fraction of the month remaining at the time of termination.

Written application and payment of the first premium for continuation must be made within 31 days after the date coverage terminates or within 31 days after the *covered person* has been given the required notice. No evidence of insurability is required to obtain continuation.

- The covered *employee* or *dependent* must give the *policyholder* written notice within 30 days of any severance of the family relationship that might activate this continuation option; and
- The *policyholder* must give written notice to each affected *dependent* of the continuation option immediately upon receipt of notice of severance of the family relationship or upon receipt of notice of the *employee's* death or retirement; and
- The *dependent* must give written notice to the *policyholder* of his or her desire to exercise the continuation option within 30 days from the date of severance of the family relationship or the date of the *employee's* death or retirement.

CONTINUATION (continued)

The *policyholder* must notify *us* of the choice to continue coverage upon receipt of it.

The option to continue coverage is not available if:

- The *policy* terminates;
- The *dependent* was not continuously covered under the *policy* and the Prior Plan replaced by the *policy* for at least three consecutive months prior to the date coverage terminates, except in the case of an infant under one year of age; or
- The *dependent* elects to continue his or her coverage under the terms and conditions described in COBRA.

Continued coverage terminates on the earliest of the following dates:

- The time period, as referenced above, after the date the *dependent* was no longer eligible for coverage;
- The date the *dependent* becomes eligible for similar group benefits, either on an insured or self-insured basis;
- The date timely premium payments are not made on *your* behalf; or
- The date the *policy* terminates.

The premium rate will be 100% of the *group* premium. The premium will be payable in advance to the *policyholder* on a monthly basis.

The *policyholder* is responsible for sending *us* the premium payments for those individuals who choose to continue their health insurance. If the *policyholder* fails to make proper payment of the premiums to *us*, *we* are relieved of all liability for any health insurance that was continued and the liability will rest with the *policyholder*.

COORDINATION OF BENEFITS

This "Coordination of Benefits" ("COB") provision applies to this Plan when an *employee* or the *employee's* covered *dependent* has health care coverage under more than one Plan. "Plan" and "this Plan" are defined below.

If this COB provision applies, the order of benefits determination rules should be looked at first. Those rules determine whether the benefits of this Plan are determined before or after those of another Plan. The benefits of this Plan:

- Shall not be reduced when, under the order of benefit determination rules, this Plan determines its benefits before another Plan; but,
- May be reduced when, under the order of benefits determination rules, another Plan determines its benefits first. The above reduction is described in the subsection "Effect on the Benefits of this Plan."

Definitions

A **Plan** is any of these which provides benefits or services for, or because of, medical or dental care or treatment:

- Group insurance contracts, health maintenance organization (HMO) contracts or group-type coverage, whether insured or uninsured. This includes prepayment, group practices or individual practice coverage. It also includes coverage other than school accident-type coverage.
- Coverage under a governmental plan or required or provided by law. This does not include a state plan under *Medicaid* (Title XIX), Grants to States for Medical Assistance Programs, of the United States Social Security Act as amended from time to time). It also does not include any private insurance program or other non-governmental program.
- Each contract or other arrangement for coverage under the first or second bullet is a separate Plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate Plan.
- For the purposes of coordination of benefits, prescription drug coverage under this plan will be considered a separate Plan and will therefore only be coordinated with other prescription drug coverage.

This Plan is the part of the group contract that provides benefits for health care expenses.

Primary Plan/Secondary Plan

- The order of benefit determination rules state whether this Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.
- When this Plan is a Primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.
- When this Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.
- When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

COORDINATION OF BENEFITS (continued)

Allowable Expense means a necessary, reasonable, and customary item of expense for health care, when the item of expense is covered at least in part by one or more Plans covering the person for whom the claim is made.

- The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an Allowable Expense under the above definition unless the patient's stay in a private hospital room is medically necessary either in terms of generally accepted medical practice, or as specifically defined in the Plan.
- When a Plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

Claim Determination Period means a calendar year. However it does not include any part of a year during which a person has no coverage under this Plan, or any part of a year before the date this COB provision or a similar provision takes effect.

Order of benefit determination rules

General

When there is a basis for a claim under this Plan and another Plan, this Plan is a Secondary Plan which has its benefits determined after those of the other Plan, unless:

- The other plan has rules coordinating its benefits with those of this Plan; and
- Both those rules and this Plan's rules, in the rules section below, require that this Plan's benefits be determined before those of the other Plan.

Rules

This Plan determines its order of benefits using the first of the following rules which applies:

- **Non-dependent/dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber (that is, other than as a dependent) are determined before those of the Plan which covers the person as a dependent.
- **Dependent child/parents not separated or divorced.** Except as stated in subparagraph (III) below, when this Plan and another Plan cover the same child as a dependent of different persons, called "parents:"
 - I. The benefits of the Plan of the parent whose birthday falls earlier in a year are determined before those of the Plan of the parent whose birthday falls later in that year; but
 - II. If both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time

COORDINATION OF BENEFITS (continued)

- III. However, if the other Plan does not have the rules described in (I) immediately above, but instead has a rule based upon the gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rule in the other Plan will determine the order of benefits.
- **Dependent child/separated or divorced parents.** If two or more Plans cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in this order:
 - I. First, the Plan of the parent with custody of the child; and
 - II. Then, the Plan of the spouse of the parent with custody of the child; and
 - III. Finally, the Plan of the parent not having custody of the child.
 - IV. However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. This paragraph does not apply with respect to any Claim Determination Period or plan year during which any benefits are actually paid or provided before the entity has that actual knowledge.
 - **Active/inactive employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this bulleted section is ignored.
 - **Longer/shorter length of coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

Effect on the benefits of this plan

This Section applies when, in accordance with the above section. Order of determination rules, this Plan is a Secondary Plan as to one or more other Plans. In that event the benefits of this Plan or Plans are referred to as "the other Plans" immediately below.

The benefits of this Plan will be reduced when the sum of:

- The benefits that would be payable for the allowable expenses under this Plan in the absence of this COB provision; and
- The benefits that would be payable for the allowable expenses under the other Plans, in the absence of provisions with a purpose like that of this COB provision, whether or not claim is made; exceeds those allowable expenses in a claim determination period. In that case, the benefits of this Plan will be reduced so that they and the benefits payable under the other Plans do not total more than those Allowable Expenses.

When the benefits of this Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Plan.

COORDINATION OF BENEFITS (continued)

Right to receive and release needed information.

Certain facts are needed to apply these COB rules. *We* have the right to decide which facts *we* need. *We* may get needed facts from or give them to any other organization or person. *We* need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give *us* any facts *we* need to pay the claim.

Facility of payment

A payment under another Plan may include an amount which should have been paid under this Plan. If it does, *we* may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Plan. *We* will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of recovery

If the amount of the payments made by *us* is more than it should have paid under this COB provision, *we* may recover the excess from one or more of:

- The persons *we* have paid or for whom *we* have paid;
- Insurance companies; or
- Other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

General coordination of benefits with Medicare

If *you* are covered under both *Medicare* and this *certificate*, federal law mandates that *Medicare* is the secondary plan in most situations. When permitted by law, this plan is the secondary plan. In all cases, coordination of benefits with *Medicare* will conform to federal statutes and regulations. If *you* are enrolled in *Medicare*, *your* benefits under this *certificate* will be coordinated to the extent benefits are payable under *Medicare*, as allowed by federal statutes and regulations.

CLAIMS

Notice of claim

Notice of claim must be given to *us* in writing or by *electronic mail* as required by *your* plan, or as soon as is reasonably possible thereafter. Notice must be sent to *us* at *our* mailing address shown on *your* ID card or at *our* website at www.humana.com.

Claims must be complete. At a minimum a claim must contain:

- Name of the *covered person* who incurred the *covered expenses*;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

If *you* receive services outside the United States or from a foreign provider, *you* must also submit the following information along with *your* complete claim:

- *Your* proof of payment to the provider for the services received outside the United States or from a foreign provider;
- Complete medical information and medical records;
- *Your* proof of travel outside of the United States, such as airline tickets or passport stamps, if *you* traveled to receive the services; and
- The foreign provider's fee schedule if the provider uses a billing agency.

The forms necessary for filing proof of loss are available at www.humana.com. When requested by *you*, we will send *you* the forms for filing proof of loss. If the requested forms are not sent to *you* within 15 days, *you* will have met the proof of loss requirements by sending *us* a written or *electronic* statement of the nature and extent of the loss containing the above elements within the time limit stated in the "Proof of loss" provision.

Proof of loss

You must give written or *electronic* proof of loss within 90 days after the date *you* incur such loss. *Your* claims will not be reduced or denied if it was not reasonably possible to give such proof within that time period.

Your claims may be reduced or denied if written or *electronic* proof of loss is not provided to *us* within fifteen months after the date proof of loss is required, unless *your* failure to timely provide that proof of loss is due to *your* legal incapacity as determined by an appropriate court of law.

CLAIMS (continued)

Claims processing procedures

Qualified provider services are subject to *our* claims processing procedures. *We* use *our* claims processing procedures to determine payment of *covered expenses*. *Our* claims processing procedures include, but are not limited to, claims processing edits and claims payment policies, as determined by *us*. *Your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at www.humana.com by clicking on "For Providers" and "Claims Resources."

Claims processing procedures include the interaction of a number of factors. The amount determined to be payable for a *covered expense* may be different for each claim because mix of factors may vary. Accordingly, it is not feasible to provide an exhaustive description of the claims processing procedures, but examples of the most commonly used factors are:

- The complexity of a service;
- Whether a service is one of multiple same-day such that the cost of the service to the *qualified provider* is less than if the service had been provided on a different day. For example:
 - Two or more *surgeries* performed the same day;
 - Two or more endoscopic procedures performed during the same day; or
 - Two or more therapy services performed the same day;
- Whether a *co-surgeon, assistant surgeon, surgical assistant*, or any other *qualified provider*, who is billing independently is involved;
- When a charge includes more than one claim line, whether any service is part of or incidental to the primary service that was provided, or if these services cannot be performed together;
- Whether the service is reasonably expected to be provided for the diagnosis reported;
- Whether a service was performed specifically for *you*; or
- Whether services can be billed as a complete set of services under one billing code.

We develop *our* claims processing procedures in *our* sole discretion based on *our* review of correct coding initiatives, national benchmarks, industry standards, and industry sources such as the following, including any successors of the same:

- *Medicare* laws, regulations, manuals, and other related guidance;
- Federal and state laws, rules and regulations, including instructions published in the Federal Register;
- National Uniform Billing Committee (NUBC) guidance including the UB-04 Data Specifications Manual;
- American Medical Association's (AMA) Current Procedural Terminology (CPT®) and associated AMA publications and services;
- Centers for Medicare & Medicaid Services' (CMS) Healthcare Common Procedure Coding System (HCPCS) and associated CMS publications and services;
- International Classification of Diseases (ICD);
- American Hospital Association's Coding Clinic Guidelines;
- Uniform Billing Editor;
- American Psychiatric Association's (APA) Diagnostic and Statistical Manual of Mental Disorders (DSM) and associated APA publications and services;

CLAIMS (continued)

- Food and Drug Administration guidance;
- Medical and surgical specialty societies and associations;
- Industry-standard utilization management criteria and/or care guidelines;
- *Our* medical and pharmacy coverage policies; and
- Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed literature.

Changes to any one of the sources may or may not lead *us* to modify current or adopt new claims processing procedures.

Subject to applicable law, *qualified providers* who are *non-contracted providers* may bill *you* for any amount *we* do not pay even if such amount exceeds the allowed amount after *we* apply claims processing procedures. Any such amount paid by *you* will not apply to *your deductible* or any *out-of-pocket limit*. *You* will also be responsible for any applicable *deductible, copayment* or *coinsurance*.

You should discuss *our* claims processing edits, claims payment policies and medical or pharmacy coverage policies and their availability with any *qualified provider* prior to receiving any services. *You* or *your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at www.humana.com by clicking on "For Providers" and "Claims resources." *Our* medical and pharmacy coverage policies may be accessed on *our* website at www.humana.com under "Medical Resources" by clicking "Coverage Policies." *You* or *your qualified provider* may also call *our* toll-free customer service number listed on *your* ID card to obtain a copy of a claims processing edit, claims payment policy or coverage policy.

Other programs and procedures

We may introduce new programs and procedures that apply to *your* coverage under the *policy*. *We* may also introduce limited pilot or test programs including, but not limited to, disease management, care management, expanded accessibility, or wellness initiatives.

We reserve the right to discontinue or modify a program or procedure at any time.

Right to require medical examinations

We have the right to require a medical examination on any *covered person* as often as *we* may reasonably require. If *we* require a medical examination, it will be performed at *our* expense. *We* also have a right to request an autopsy in the case of death, if state law so allows.

To whom benefits are payable

All benefit payments for *covered expenses* rendered are due and owing solely to the *covered person*. Assignment of benefits is prohibited; however, *you* may request that *we* direct a payment of selected medical benefits to the health care provider on whose charge the claim is based. If *we* consent to this request, *we* will pay the health care provider directly. Such payments will not constitute the assignment of any legal obligation. If *we* decline this request, *we* will pay *you* directly, and *you* are then responsible for all payments to the provider(s).

Except as stated above, if *you* submit a claim for payment to *us*, *we* will pay *you* directly for the *covered expenses*.

CLAIMS (continued)

You are responsible to pay all charges to the provider when *we* pay *you* directly for *covered expenses*.

If any *covered person* to whom benefits are payable is a minor or, in *our* opinion, not able to give a valid receipt for any payment due him or her, such payment will be made to his or her parent or legal guardian. However, if no request for payment has been made by the parent or legal guardian, *we* may, at *our* option, make payment to the person or institution appearing to have assumed his or her custody and support.

Time of payment of claims

Payments due under the *policy* will be paid no more than 30 days after receipt of written or *electronic* proof of loss.

Right to request overpayments

We reserve the right to recover any payments made by *us* that were:

- Made in error; or
- Made to *you* and/or any party on *your* behalf, where *we* determine that such payment made is greater than the amount payable under the *policy*; or
- Made to *you* and/or any party on *your* behalf, based on fraudulent or misrepresented information; or
- Made to *you* and/or any party on *your* behalf for charges that were discounted, waived or rebated.

We reserve the right to adjust any amount applied in error to the *deductible* or *out-of-pocket limit*.

Our right to recover payments, as specified above, will be limited to 18 months from the date of the payment.

Right to collect needed information

You must cooperate with *us* and when asked, assist *us* by:

- Authorizing the release of medical information including the names of all providers from whom *you* received medical attention;
- Obtaining medical information and/or records from any provider as requested by *us*;
- Providing information regarding the circumstances of *your sickness, bodily injury* or *accident*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury* or *sickness* for which another party may be liable to pay compensation or benefits;
- Providing copies of claims and settlement demands submitted to third parties in relation to a *bodily injury* or *sickness*;
- Disclosing details of liability settlement agreements reached with third parties in relation to a *bodily injury* or *sickness*; and
- Providing information *we* request to administer the *policy*.

If *you* fail to cooperate or provide the necessary information, *we* may recover payments made by *us* and deny any pending or subsequent claims for which the information is requested.

CLAIMS (continued)

Exhaustion of time limits

If *we* fail to complete a claim determination or appeal within the time limits set forth in the *policy*, the claim shall be deemed to have been denied and *you* may proceed to the next level in the review process outlined under the "Complaint and Appeal Procedures" section of this *certificate* or as required by law.

Recovery rights

You as well as *your dependents* agree to the following, as a condition of receiving benefits under the *policy*.

Duty to cooperate in good faith

You are obligated to cooperate with *us* and *our* agents in order to protect *our* recovery rights. Cooperation includes promptly notifying *us* that *you* may have a claim, providing *us* relevant information, and signing and delivering such documents as *we* or *our* agents reasonably request to secure *our* recovery rights. *You* agree to obtain *our* consent before releasing any party from liability for payment of medical expenses. *You* agree to provide *us* with a copy of any summons, complaint or any other process served in any lawsuit in which *you* seek to recover compensation for *your* injury and its treatment.

You will do whatever is necessary to enable *us* to enforce *our* recovery rights and will do nothing after loss to prejudice *our* recovery rights.

You agree that *you* will not attempt to avoid *our* recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

In the event that *you* fail to cooperate with *us*, *we* shall be entitled to recover from *you* any payments made by *us*, unless *you* did not receive payment as part of a settlement, judgment or award.

Duplication of benefits/other insurance

We will not provide duplicate coverage for benefits under the *policy* when a person is covered by *us* and has, or is entitled to, benefits as a result of their injuries from any other coverage including, but not limited to, first party uninsured or underinsured motorist coverage, any no-fault insurance, medical payment coverage (auto, homeowners or otherwise), workers compensation settlement or awards, other group coverage (including student plans), direct recoveries from liable parties, premises medical pay or any other insurer providing coverage that would apply to pay *your* medical expenses, except another "plan," as defined in the "Coordination of Benefits" section (e.g., group health coverage), in which case priority will be determined as described in the "Coordination of Benefits" section.

Where there is such coverage, *we* will not duplicate other coverage available to *you*. Where double coverage exists, *we* shall have the right to be repaid from whomever has received the overpayment from *us* to the extent of the duplicate coverage.

When applicable, *you* are required to provide *us* with authorization to obtain information about the other coverage available, and to cooperate in the recovery of overpayments from the other coverage, including executing any assignment of rights necessary to obtain payment directly from the other coverage available.

CLAIMS (continued)

Workers' compensation

This *policy* excludes coverage for *sickness* or *bodily injury* for which Workers' Compensation or similar coverage is available.

If benefits are paid by *us*, and *we* determine that the benefits were for treatment of *bodily injury* or *sickness* that arose from or was sustained in the course of, any occupation or employment for compensation, profit or gain, *we* have the right to recover as described below.

We shall have first priority to recover benefits *we* have paid from any funds that are paid or payable by Workers' Compensation or similar coverage as a result of any *sickness* or *bodily injury*, and *we* shall not be responsible for contributing to any attorney fees or recovery expenses under a Common Fund or similar doctrine.

We will exercise *our* right to recover when funds that are paid or will be payable by Workers' Compensation or similar coverage even though:

- The Workers' Compensation carrier does not accept responsibility to provide benefits;
- There is no final determination that *bodily injury* or *sickness* was sustained in the course of, or resulted from, *your* employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by *you* or the Workers' Compensation carrier; or
- Medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

As a condition to receiving benefits from *us*, *you* hereby agree, in consideration for the coverage provided by the *policy*, *you* will notify *us* of any Workers' Compensation claim *you* make, and *you* agree to reimburse *us* as described above. If *we* are precluded from exercising *our* recovery rights to recover from funds that are paid by Workers' Compensation or similar coverage *we* will exercise *our* right to recover against *you*.

Right of subrogation

As a condition to receiving benefits from *us*, *you* agree to transfer to *us* any rights *you* may have to make a claim, take legal action or recover any expenses paid under the *policy*. *We* will be subrogated to *your* rights to recover from any funds paid or payable for medical expenses as a result of a personal injury claim or any reimbursement by:

- Any legally liable person or their carrier, including self-insured entities;
- Any uninsured motorist or underinsured motorist coverage;
- Medical payments/expense coverage under any automobile, homeowners, premises, or similar coverages;
- Workers' Compensation or other similar coverage; and
- No-fault or other similar coverage.

We may enforce *our* subrogation rights by asserting a claim to any coverage to which *you* may be entitled.

If *we* are precluded from exercising *our* rights of subrogation, *we* may exercise *our* right of reimbursement.

CLAIMS (continued)

Right of reimbursement

You shall notify *us*, in writing or by *electronic mail*, within 31 days of any settlement, compromise or judgment. Any *covered person* who waives, abrogates or impairs *our* right of reimbursement or fails to comply with these obligations, relieves *us* from any obligation to pay past or future benefits or expenses related to the settlement, compromise or judgment until all outstanding lien(s) are resolved.

If, after the inception of coverage with *us*, *you* recover payment from and release any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar insurer from liability for future medical expenses relating to a *sickness* or *bodily injury*, *we* shall have a continuing right to reimbursement from *you* to the extent of the benefits *we* provided with respect to that *sickness* or *bodily injury*. This right, however, shall apply only to the extent of such payment and only to the extent not precluded or limited by any law or legal doctrine that prohibits an insurer from seeking reimbursement for its expenses until the insured is made whole.

Assignment of recovery rights

The *policy* contains an exclusion for *sickness* or *bodily injury* for which there is medical payment/expenses coverage provided under any automobile, homeowner's, premises, or other similar coverage.

If *your* claim against the other insurer is denied or partially paid, *we* will process *your* claim according to the terms and conditions of the *policy*. If payment is made by *us* on *your* behalf, *you* agree to assign to *us* the right *you* have against the other insurer for medical expenses *we* pay.

If benefits are paid under the *policy* and *you* recover payment under any automobile, homeowner's, premises, or similar coverage, *we* have the right to recover from *you*, or whomever *we* have paid, an amount equal to the amount *we* paid.

Cost of legal representation

The costs of *our* legal representation in matters related to *our* recovery rights shall be borne solely by *us*.

The costs of legal representation incurred by *you* shall be borne solely by *you*. *We* shall not be responsible to contribute to the cost of legal fees or expenses incurred by *you* under any Common Fund or similar doctrine, unless *we* were given timely notice of the claim and an opportunity to protect *our* own interests and *we* failed or declined to do so.

COMPLAINT AND APPEAL PROCEDURES

Definitions

Adverse benefit determination means a denial, reduction, or termination of, or a failure to provide or make a payment (in whole or in part) for a benefit based on:

- A determination that, based on the information provided, the requested benefit is not *medically necessary* or does not meet the plan's requirements for appropriateness, health care setting, level of care or effectiveness;
- A determination of *your* eligibility to participate in the plan or health insurance coverage; or
- A determination that the benefit is not covered.

An *adverse benefit determination* also includes claims protected under the Federal No Surprises Act and any rescission of coverage. A rescission of coverage is not eligible for external review.

Authorized representative means someone *you* have appropriately authorized to act on *your* behalf, including *your* health care provider.

Clinical peer means a health care provider who holds a non-restricted license in a state of the United States and in the same or similar specialty that would typically manage the medical condition, procedure or treatment under review.

Commissioner means the Commissioner of Commerce and Insurance.

Concurrent-care decision means a decision by the plan to reduce or terminate benefits otherwise payable for a course of treatment that has been approved by the plan (other than by plan amendment or termination) or a decision with respect to a request by *you* or *your authorized representative* to extend a course of treatment beyond the period of time or number of treatments that has been approved by the plan.

Final adverse benefit determination means an *adverse benefit determination* that has been upheld by *us* at the completion of the internal appeals process or in when the internal appeals process has been exhausted.

Grievance means a written appeal of an *adverse benefit determination* or *final adverse benefit determination* submitted by *you* or *your authorized representative* regarding:

- Availability, delivery or quality of health care services;
- Claims payment, handling or reimbursement for health care services;
- Matters pertaining to the contractual relationship between a *covered person* and *us*; or
- Matters pertaining to the contractual relationship between a health care provider and *us*.

Independent Review Organization (IRO) means an entity that conducts independent external reviews of *adverse benefit determinations* and *final adverse benefit determinations*.

Post-service claim means any claim for a benefit under a group health plan that is not a *pre-service claim*.

Pre-service claim means a request for authorization of a benefit for which the plan conditions receipt of the benefit, in whole or in part, on advance approval.

COMPLAINT AND APPEAL PROCEDURES (continued)

Urgent-care claim means a claim for covered services to which the application of the time periods for making non-urgent care determinations:

- Could seriously jeopardize the life or health of the *covered person* or the ability of the *covered person* to regain maximum function; or
- In the opinion of a physician with knowledge of the *covered person's* medical condition, would subject the *covered person* to severe pain that cannot be adequately managed without the service that is the subject of the claim.

Humana will make a determination of whether a claim is an *urgent-care claim*. However, any claim a physician, with knowledge of a *covered person's* medical condition, determines is an "*urgent-care claim*" will be treated as a "claim involving urgent care."

You or *your authorized representative* may request an expedited external review at the same time a request is made for an expedited internal appeal of an *adverse benefit determination* for an *urgent-care claim* or when *you* are receiving an ongoing course of treatment.

Determination of appeals of denied claims will be conducted promptly, will not defer to the initial determination and will not be made by the person who made the initial adverse claim determination or a subordinate of that person. The determination will take into account all comments, documents, records, and other information submitted by *you* or *your authorized representative* relating to the claim.

On appeal, *you* or *your authorized representative* may review relevant documents and may submit issues and comments in writing.

If new or additional evidence is relied upon or if new or additional rational is used during the internal appeal process, Humana will provide *you* or *your authorized representative*, free of charge, the evidence or rational as soon as possible and in advance of the appeals decision in order to provide *you* or *your authorized representative* a reasonable opportunity to respond.

- **Concurrent-care decisions** - Within the time periods specified above depending on the type of claim involved;
- **Post-service claims** - Within a reasonable period but not later than 60 days after *we* receive the appeal request.

Appeals denial notices

A notice that a claim appeal has been denied will include:

- The specific reason or reasons for the *adverse benefit determination*;

COMPLAINT AND APPEAL PROCEDURES (continued)

- A statement of *your* right to obtain a second level review of the first level review's *adverse benefit determination*. The statement will include a description of the process to obtain a second level review, the written procedures governing the second level review and the required timeframe for the review;
- If applicable, a statement of *your* right to external review, a description of the external review process, and the forms for submitting an external review request, including release forms authorizing Humana to disclose protected health information pertinent to the external review;
- A statement about *your* right to bring an action under §502(a) of ERISA; and
- If an *adverse benefit determination* is based on medical necessity, experimental treatment or similar exclusion or limitation, the notice will provide an explanation of the scientific or clinical basis for the determination, free of charge. The explanation will apply the terms of the plan to the *covered person's* medical circumstances.

Exhaustion of remedies

Upon completion of the internal appeals process under this section, *you* or *your authorized representative* will have exhausted his or her administrative remedies under the plan. If Humana fails to strictly adhere to all requirements of the internal appeal process, the claim shall be deemed to have been denied and *you* or *your authorized representative* may request an external review. *You* or *your authorized representative* may request an external review before the internal appeals process remedies have been exhausted if Humana agrees to waive the exhaustion requirement.

If the plan is governed by the Employee Retirement Income Security Act of 1974, as amended (ERISA), *you* or *your authorized representative* have the right to bring a civil action against the plan to obtain the remedies available pursuant to ERISA section 502(a) after completing the mandatory internal appeals process. If the plan is not governed by ERISA exhaustion of remedies is not required.

External review

Within 6 months after *you* or *your authorized representative* receives notice of an *adverse benefit determination* or *final adverse benefit determination*, *you* or *your authorized representative* may request an external review. The request for external review must be made in writing to Humana except, for claims protected under the Federal No Surprises Act, refer to *our* decision letter for the timeframe to submit and instructions on how to request an external review. *You* or *your authorized representative* will be required to authorize release of any medical records that may be required to be reviewed for the purpose of reaching a decision on the external review. Please refer to the section titled "Expedited external review" if the *adverse benefit determination* involves an *urgent-care claim* or an ongoing course of treatment.

DISCLOSURE PROVISIONS

Employee assistance program

We may provide *you* access to an employee assistance program (EAP). The EAP may include confidential, telephonic consultations and work-life services. The EAP provides *you* with short-term, problem solving services for issues that may otherwise affect *your* work, personal life or health. The EAP is designed to provide *you* with information and assistance regarding *your* issue and may also assist *you* with finding a medical provider or local community resource.

The services provided by the EAP are not *covered expenses* or insured benefits under the *policy*, therefore the *copayments*, *deductible* or *coinsurance* do not apply. However, there may be additional costs to *you*, if *you* obtain services from a professional or organization the EAP has recommended or has referred *you* to. The EAP does not provide medical care. *You* are not required to participate in the EAP before using *your* insured benefits under the *policy*, and the EAP services are not coordinated with *covered expenses* under the *policy*. The decision to participate in the EAP is voluntary, and *you* may participate at any time during the *year*. Refer to marketing literature for additional information.

Discount programs

From time to time, *we* may offer or provide access to discount programs to *you*. In addition, *we* may arrange for third party service providers such as pharmacies, optometrists, dentists and alternative medicine providers to provide discounts on goods and services to *you*. Some of these third party service providers may make payments to *us* when *covered persons* take advantage of these discount programs. These payments offset the cost to *us* of making these programs available and may help reduce the costs of *your* plan administration. Although *we* have arranged for third parties to offer discounts on these goods and services, these discount programs are not insured benefits under the *policy*. The third party service providers are solely responsible to *you* for the provision of any such goods and/or services. *We* are not responsible for any such goods and/or services, nor are *we* liable if vendors refuse to honor such discounts. Further, *we* are not liable to *covered persons* for the negligent provision of such goods and/or services by third party service providers. Discount programs may not be available to persons who "opt out" of marketing communications and where otherwise restricted by law.

Wellness programs

From time to time *we* may offer directly, or enter into agreements with third parties who administer, participatory or health-contingent wellness programs to *you*.

"Participatory" wellness programs do not require *you* to meet a standard related to a health factor. Examples of participatory wellness programs may include, but are not limited to, membership in a fitness center, certain preventive testing, or attending a no-cost health education seminar.

"Health-contingent" wellness programs require *you* to attain certain wellness goals that are related to a health factor. Examples of health contingent wellness programs may include, but are not limited to, completing a 5k event, lowering blood pressure or ceasing the use of tobacco.

DISCLOSURE PROVISIONS (continued)

The rewards may include, but are not limited to, payment for all or a portion of a participatory wellness program, merchandise, gift cards, debit cards, discounts or contributions to *your* health spending account. *We* are not responsible for any rewards provided by third parties that are non-insurance benefits or for *your* receipt of such reward(s).

The rewards may also include, but are not limited to, discounts or credits toward premium or a reduction in *copayments*, *deductibles* or *coinsurance*, as permitted under applicable state and federal laws. Such insurance premium or benefit rewards may be made available at the individual or *group* health plan level.

The rewards may be taxable income. *You* may consult a tax advisor for further guidance.

Our agreement with any third party does not eliminate any of *your* obligations under this *policy* or change any of the terms of this *policy*. *Our* agreement with the third parties and the program may be terminated at any time, although insurance benefits will be subject to applicable state and federal laws.

We are committed to helping *you* achieve *your* best health. Some wellness programs may be offered only to *covered persons* with particular health factors. If *you* think *you* might be unable to meet a standard for a reward under a health-contingent wellness program, *you* might qualify for an opportunity to earn the same reward by different means. Contact *us* at the number listed on *your* ID card or in the marketing literature issued by the wellness program administrator for more information.

The wellness program administrator or *we* may require proof in writing from *your health care practitioner* that *your* medical condition prevents *you* from taking part in the available activities.

The decision to participate in wellness program activities is voluntary and if eligible, *you* may decide to participate anytime during the *year*. Refer to the marketing literature issued by the wellness program administrator for their program's eligibility, rules and limitations.

Shared savings program

If *you* obtain services from a *non-contracted provider*, the services may be eligible for a discount to *you* under a Shared Savings Program. It is not necessary for *you* to inquire in advance about services that may be discounted. When processing *your* claim, *we* will automatically determine if the services are subject to the Shared Savings Program and calculate *your deductible* and *coinsurance* on the discounted amount. Whether services are subject to the Shared Savings Program is at *our* discretion, and *we* apply the discounts in a non-discriminatory manner. *Your* Explanation of Benefits statement will reflect any savings with a remark code that the services have been discounted. *We* cannot guarantee that services rendered by *non-contracted providers* will be discounted.

If *you* would like to inquire in advance to determine if services rendered by a *non-contracted provider* may be subject to the Shared Savings Program, please contact *our* customer service department at the telephone number shown on *your* ID card. Provider arrangements in the Shared Savings Program are subject to change without notice. *We* cannot guarantee that the services *you* receive from a *non-contracted provider* are still subject to the Shared Savings Program at the time services are received. Discounts are dependent upon availability and cannot be guaranteed.

We reserve the right to modify, amend or discontinue the Shared Savings Program at any time.

MISCELLANEOUS PROVISIONS

Entire contract

The entire contract is made up of the *policy*, the application of the *policyholder*, incorporated by reference herein, and the applications or enrollment forms, if any, of the *covered persons*. All statements made by the *policyholder* or by a *covered person* are considered to be representations, not warranties. This means that the statements are made in good faith. No statement will void the *policy*, reduce the benefits it provides or be used in defense to a claim unless it is contained in a written or *electronic* application or enrollment form and a copy is furnished to the person making such statement or his or her beneficiary.

Additional policyholder responsibilities

In addition to responsibilities outlined in the *policy*, the *policyholder* is responsible for:

- Collection of premium, and
- Distributing and providing *covered persons* access to:
 - Benefit plan documents and the Summary of Benefits and Coverage (SBC);
 - Renewal notices and *policy* modification information;
 - Discontinuance notices; and
 - Information regarding continuation rights.

No *policyholder* may change or waive any provision of the *policy*.

Certificates of insurance

A *certificate* setting forth the benefits available to the *employee* and the *employee's* covered dependents will be available at www.humana.com or in writing when requested. The *policyholder* is responsible for providing *employees* access to the *certificate*.

No document inconsistent with the *policy* shall take precedence over it. This is true, also, when this *certificate* is incorporated by reference into a summary description of plan benefits by the administrator of a group health plan subject to ERISA. If the terms of a summary plan description differ with the terms of this *certificate*, the terms of this *certificate* will control.

Incontestability

No misstatement made by the *policyholder*, except for fraud or an intentional misrepresentation of a material fact made in the application may be used to void the *policy*.

After *you* are insured without interruption for two years, *we* cannot contest the validity of *your* coverage except for:

- Nonpayment of premium; or
- Any fraud.

MISCELLANEOUS PROVISIONS (continued)

At any time, *we* may assert defenses based upon provisions in the *policy* which relate to *your* eligibility for coverage under the *policy*.

No statement made by *you* can be contested unless it is in a written or *electronic* form signed by *you*. A copy of the form must be given to *you* or *your* beneficiary.

An independent incontestability period begins when a new application or enrollment form of the covered person is completed.

Fraud

Health insurance fraud is a criminal offense that can be prosecuted. Any person(s) who willingly and knowingly engages in an activity intended to defraud *us*, by filing a claim or form that contains a false or deceptive statement may be guilty of insurance fraud.

If *you* commit fraud against *us* or *your employer* commits fraud pertaining to *you* against *us*, as determined by *us*, *we* reserve the right to *rescind your* coverage back to the date of the fraudulent act after *we* provide *you* a 30 calendar day advance written notice that coverage will be *rescinded*. *You* have the right to appeal the *rescission*.

Clerical error or misstatement

If it is determined that information about a *covered person* was omitted or misstated in error, an adjustment may be made in premiums and/or coverage in effect. This provision applies to *you* and to *us*.

Modification of policy

The *policy* may be modified by *us*, upon renewal of the *policy*, as permitted by state and federal law. The *policyholder* will be notified in writing or *electronically* at least 31 days prior to the effective date of the change.

The *policy* may be modified by agreement between *us* and the *policyholder* without the consent of any *covered person* or any beneficiary. No modification will be valid unless approved by *our* President, Secretary or Vice-President. The approval must be endorsed on or attached to the *policy*. No agent has authority to modify the *policy*, waive any of the *policy* provisions, extend the time of premium payment, or bind *us* by making any promise or representation.

Corrections due to clerical errors or clarifications that do not change benefits are not modifications of the *policy* and may be made by *us* at any time without prior consent of, or notice to, the *policyholder*.

MISCELLANEOUS PROVISIONS (continued)

Discontinuation of coverage

If we decide to discontinue offering a particular group health policy:

- The *policyholder* and the *employees* will be notified of such discontinuation at least 90 days prior to the date of discontinuation of such coverage; and
- The *policyholder* will be given the option to purchase any other group health plan providing medical benefits that are being offered by *us* at such time.

If we cease doing business in the *small employer* or the large *employer* group market, the *policyholders*, *covered persons* and the Commissioner of Insurance will be notified of such discontinuation at least 180 days prior to the date of discontinuation of such coverage.

Premium contributions

Your employer must pay the required premiums to *us* as they become due. *Your employer* may require *you* to contribute toward the cost of *your* insurance. Failure of *your employer* to pay any required premium to *us* when due may result in the termination of *your* insurance.

Premium rate change

We reserve the right to change any premium rates in accordance with applicable law upon notice to the *employer*. We will provide notice to the *employer* of any such premium changes. Questions regarding changes to premium rates should be addressed to the *employer*.

Assignment

The *policy* and its benefits may not be assigned by the *policyholder*.

Emergency declarations

We may alter or waive the requirements of the *policy* as a result of a state or federal emergency declaration including, but not limited to:

- *Prior authorization* or *preauthorization* requirements;
- *Prescription* quantity limits; and
- *Your copayment, deductible* and/or *coinsurance*.

We have the sole authority to waive any *policy* requirements in response to an emergency declaration.

MISCELLANEOUS PROVISIONS (continued)

Conformity with statutes

Any provision of the *policy* which is not in conformity with applicable state law(s) or other applicable law(s) shall not be rendered invalid, but shall be construed and applied as if it were in full compliance with the applicable state law(s) and other applicable law(s).
