Preferred Drug List

What is the Preferred Drug List?
This is a list of drugs covered by your plan. The drug should be filled at an in-network pharmacy and you will not be asked to pay a copay as long as your drug is covered.

Can the Preferred Drug List change?
Yes. New drugs are added or removed as needed. You will be notified by letter if a drug you take is removed from the list.

For your drug information:
You can visit **Humana.com** and login to MyHumana.
- Use the "Drug Pricing Tool" under "Tools & Resources" at the bottom of the page.
- Search for the drug by name or by the condition.

Please note: MyHumana only shows benefits as of the date of login.

Are there any limits on my drugs?
Some drugs may have limits or are not preferred.

These limits may include:
- **Prior Authorization (PA):** Some drugs need to be approved by your plan to be covered.
- **Quantity Limits (QL):** You may have a limit on the amount of drugs you can get at one time.
- **Step Therapy (ST):** Before you fill a drug that costs more, you may be asked to try at least one other drug first.

If your doctor feels there is no other covered option, he or she can call Humana Clinical Pharmacy Review at **1-800-555-2546** to ask for an exception. We will reply within 24 hours after we get your doctor's request.

How to read the Preferred Drug List
The first column lists drug names. Brand name drugs are listed in UPPER CASE and generic drugs are listed in lower case. Over the Counter (OTC) drugs are available at no cost with a valid prescription. They are shown on the list with "OTC" next to the drug name.

EDS – Extended Day Supply - This medicine may be available up to a 100-day supply. Pharmacy accessibility and max day supply may vary by medicine.

The second column shows if there are limits to the drug.

The third column shows age requirements you have to meet for coverage.
