Where to get care

We know you can get sick or hurt without warning. For most issues, your primary care provider (PCP):

- Can give you the care you need
- Can see you when you're well and when you're sick
- May be able to offer you a virtual care (telehealth) visit

Virtual care (telehealth) visits are a great way to stay connected to your doctor without leaving your home.

Ask your doctor if he or she offers virtual visits.

To learn more about virtual care, please visit **Humana.com/KentuckyVirtualCare**.
