HumanaDental DHMO HD210 Plan with Ortho

The HumanaDental DHMO plans focus on maintaining oral health, prevention and cost-containment. Members may see a primary care dentist as often as necessary. There are no yearly maximums, no deductibles to meet and no waiting periods. HD plans copayments for listed procedures are applicable only at a participating general dentist.

Member costs listed here are for services provided by a chosen participating primary care dentist (PCD) only. A PCD may decide that a member needs to see a contracted dental specialist. No referral is necessary to see a network specialist.

Specialists services: Should members need a specialist, (i.e., endodontist, oral surgeon, periodontist, pediatric dentist), they may be referred by a participating general dentist, or members can self-refer to any participating specialist. For HD plans, and benefits for procedures not listed on the schedule, members may receive up to a 25 percent discount by visiting certain participating specialists. Visit **Humana.com** to find a participating specialist.
